JUDGE PORTER WILL ANNOUNCE DECISION TODAY

Expected to Say He Will Be a Candidate for Congressman.

MAY BE LEADER OF ORGANIZATION

Joseph O. Brown and George M. Von Bonnhorst Ready to Yield the Reins.

WILL MAKE VACANCY ON SUPERIOR BENCH

John P. Hunter and Robert S. Murphy Are Mentioned as His Probable Successor—D. R. Torrence in Doubt About His Reappointment as Treasurer

Judge W. D. Porter may announce today that he will be a candidate for congressman in the city district. Old organization leaders said last night that they thought he would consent to enter the contest. He is silent on the subject.

If Judge Porter should succeed in being elected a congressman, he will no doubt be recognized as the new leader of the old organization forces. The followers of Senator Flinn think that the judge will be able to bring harmony within their ranks. It is known that both City Recorder Brown and County Recorder von Bonnhorst are anxious to have him get into politics and they have urged him to be a candidate for congress.

Judge Porter likes politics, but his position on the superior court bench has prevented his participating in the game. As a congressman he would be free to do as he pleased in politics. Before he went on the county bench he was active in the local political field, having been chairman of the county committee for several years. He was in charge in the Delamater fight.

Would Have to Resign.

If Judge Porter secures the Republican nomination he will have to resign his position on the bench. This will give Gov. Stone another appointment. None of the local lawyers has been mentioned for the place. It might be that John P. Hunter would be tendered the appointment. Some politicians think that the judgeship might be used to an advantage for Elkin in the gubernatorial fight. In this connection Robert S. Murphy of Johnstown, a warm friend and supporter of the attorney general, is mentioned.

The entrance of Judge Porter into the congressional fight would probably eliminate James Francis Burke from the race. The organization will absolutely control the primaries and the man who has its backing can win with ease. So far Burke has not put any delegates in the field and may not do so if the organization unites on Judge Porter. The machine is determined to find a candidate against Burke and if the judge does not take the nomination it will be tendered to someone who will. Johns McCleave appears to be second choice.

Citizens May Oppose Porter.

It may be that the Citizens party will oppose Judge Porter if he be nominated by the old organization. In the event of opposition it is probable that Burke will be the candidate selected. The district gave a majority of 4,000 for the Citizens party ticket. The friends of Porter say that the district can be carried by the regulars.

Dr. A. J. Barchfeld, who is seeking a Republican nomination for congressman in the South Side district, will not agree to refuse an indorsement from another party. He is of the opinion that the organization will attempt to make such a ruling. He believes that a candidate has the privilege of seeking aid from any source.

D. R. Torrence is on the anxious seat. He is wondering whether, on June 1, he will receive a reappointment as city treasurer from the hands of Recorder Brown.

So far Torrence has not been able to get the promise of Brown that he would appoint him. When Maj. A. M. Brown went into office he did not disturb Torrence, and the second Brown allowed him to hold on. The term for which Torrence was elected will expire June 1. The recorder will then have to take action. Thomas H. Thorn is mentioned for the place.

Allegheny Citizens Meeting.

A Citizens party mass meeting will be held in Allegheny Carnegie music hall at 8 o'clock May 16. At this gathering the movement against the machine on the North Side will be formally launched. W. T. Bradberry will preside. There will be a meeting in Kenyon's hall tomorrow night to arrange for the larger gathering.

The machine district associations organized last night. Republicans who assisted in the Citizens party movement did not participate in the meetings, and the ring had no opposition. The Citizens will have similar organization in the fight for county offices this fall.

Gens. W. H. Koontz and A. H. Coffroth of Somerset were at the Monongahela house last evening. The former is a Republican and the latter a Democrat. Gen. Koontz will be a candidate for re-election as a member of the house. He will decline to pledge himself in the senatorial election. Both gentlemen admit that there is much trouble in the Republican party in Somerset, but think that some of the kinks will be taken out before the primaries on June 7. They announced that D. M. Seibert was elected county superintendent of schools yesterday by a majority of 25.

New Bishop Elected.

PHILADELPHIA, May 6.—At a meeting of the synod of New York and Philadelphia of the Reformed Episcopal church, held today at St. Paul's church, the Rev. Dr. William T. Sabine of New York was elected a bishop to fill the vacancy caused by the death of Bishop James A. Latane.

COPE SAYS HE WILL NOT FIGHT THE BEEF TRUST

Dairy and Food Commissioner Thinks He Is Doing His Full Duty.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Harrisburg, Pa., May 6.—Dairy and Food Commissioner Jesse Cope has replied to the letter of James Francis Burke of Pittsburgh urging the department to proceed against the beef trust for selling "doctored" meat. The commissioner says that he has been punishing offenders and will continue to do so, but he does not agree to make a special fight on the trust.

After waiting three days to answer his letter, Cope tonight sent a reply to Mr. Burke, of which the following is a part:

"It was unnecessary to remind you that the dairy and food division of the department of agriculture has consistently and firmly been prosecuting violators against the pure food laws of the commonwealth, wherever violations of the law have been discovered. With regard to beef, no preservative is allowed other than salt, syrup, sugar, saltpeter, spice or wood smoke. The use of boracic acid, salicylic acid or sulphates is prohibited by the food laws of this state, and wherever our agents find that the requirements have been disregarded the persons so violating the law are promptly brought before the court for trial.

"Public notice was given on the second day of last April to the effect that preserved meats containing borax or boracic acid must be removed from the market by August 1. Fresh meat and fresh sausage containing the prohibited preservatives are not allowed to be placed upon the market under any circumstances. We hold that the use of these chemical preservatives is altogether unnecessary and that they are injurious to the public health. Modern methods of preservation by refrigerator are inexpensive and will place these meats in the consumers' hands in good condition without the addition of any chemical preservative.

"You can rest assured that the dairy and food division of the department of agriculture has not only in the past been watchful of the public health in the direction in which you mention, as the records of the numerous court prosecutions show, but that this vigilance shall be continued until all adulterated foods and such as are injurious to health have been driven from the markets."

ACTORS ARE MOBBED AT EAST LIVERPOOL

Performers Are Pelted With Missiles After Leaving the Theater.

[SPECIAL TELEGRAM TO THE GAZETTE.]

EAST LIVERPOOL, O., May 6.—The "Chrystal Slipper" Company, a theatrical troupe which appeared at the opera house last night, was mobbed on the street. The members left on an early morning train, a sorrowful lot, some of them with bruised faces and bandaged heads. The play had been extensively advertised, and there was a large audience. Two men and five women composed the company. Their playing did not seem to satisfy the audience, and cries of "Put them out" began to succeed cat calls and hisses.

At the end of the first act the manager of the company announced that the play would not proceed, owing to the disorder. The audience tumbled out of the theater in haste, and while some clamorously besieged the box office to get their money back, the rest, armed with eggs, stones, clubs and other missiles, waited about the building for the players to come out. When they finally appeared they were soon surrounded by a hooting, jeering crowd. The players, terror-stricken, fled in various directions, each being pursued by a crowd.

Pedestrians on the street were hit by stones, while the objects of mob fury were pelted and beaten. One little girl, a mere child, belonging to the troupe, was pursued until she took refuge in a stable, and was later found there, a pitiable object. Only after the players had been pursued through a number of streets did the police take a hand and escort the theatrical people to a place of safety.

GRAVE ANXIETY IS AROUSED FOR HOLLAND'S QUEEN

Her Condition Believed to Be Taking Turn for Worse.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

THE HAGUE, May 7.—Advices received here from Castle Loo, dated 1 o'clock this morning, declare that Queen Wilhelmina's condition again excites grave anxiety. Another consultation of the queen's doctors was held at 11 o'clock last night. The result of this consultation is not known.

Extreme secrecy is maintained as to the contents of the telegrams dispatched from Loo palace. This and other measures are believed to indicate that the physicians themselves are uncertain as to the course which her illness may take. Her majesty remains extremely weak. Two doctors were at her bedside almost all night long.

Telegrams of inquiry and sympathy continue to arrive in large numbers at Castle Loo.

LONDON, May 7.—The Brussels correspondent of the Daily Telegraph says the Netherlands legation at Brussels has received a dispatch to the effect that the physicians fear peritonitis and blood poisoning.

Montgomery County and the Quaker City Brigade Declare for the Judge.

THE GRANGERS ON RECORD FOR WATRES

Senator Quay Continues His Attitude of Impartiality, and Representatives at Washington Do Not Consider Pennypacker as Final Choice.

By CHESTER D. POTTER,
Staff Correspondent.

Philadelphia, May 6.—"Pennypacker for governor; Torrance for lieutenant governor."

The euphonious combination is the latest thing in the gubernatorial sweepstakes. Judge Pennypacker's indorsement by the Republican convention in Montgomery county today, and by the "survivors of the Philadelphia brigade which held the bloody angle against Pickett's charge at Gettysburg," tonight gave formidable impetus to the movement in behalf of his nomination for governor.

While there has been much talk that ex-Senator William M. Brown of Lawrence county had been selected for second place on the state ticket, competition is promised and the race is a free-for-all. It is contended that Torrance's nomination would satisfactorily solve local conditions in Allegheny county.

Mr. Torrance was here today. He has been asked to permit the use of his name in connection with the lieutenant-governorship. He may consent, but as yet has not decided the question.

Would Not Take Governorship.

"Some weeks ago," said Mr. Torrance, "I announced through The Gazette that I was not and would not be a candidate for governor. This decision is irrevocable. From many of the Republican leaders I had received voluntary offers of support, and I believe that my initial status would have been equal to that of others mentioned in this connection. I was obliged to decline the suggestion of my friends for these reasons: The condition of my health did not permit of my assuming strenuous political activity, and if the contrary was the case my business responsibilities are such that I could not give the time required, assuming that I would be elected."

"How about the lieutenant-governorship?" Mr. Torrance was asked.

"That's another question and one that I am not now prepared to answer."

Mr. Torrance always has been a stalwart, is chairman of the city committee of Allegeny and stands at all times for the decision of the primary and party caucus.

Equal Show for All.

City Treasurer Moore, in charge of the Pennypacker campaign, said today:

"Every Republican must recognize that every other Republican has an equal right

STORM WRECKS BIG TIN PLANT AT NEW CASTLE

Stacks Crash Through the Roofs of the Buildings.

[SPECIAL TELEGRAM TO THE GAZETTE.]

New Castle, Pa., May 6.—The Shenango tin plate works, the largest in the world, was practically wrecked by a cyclone this afternoon. Every stack was torn from its foundations and hurled through the roofs of the buildings and steam pipes were broken. The damage will reach nearly $100,000.

A panic occurred among the 2,000 men employed, but none was seriously injured.

The wind was preceded by a period of extreme sultriness which greatly affected the men at work in the mill.

Shortly after 2 o'clock the tornado came with a frightful rush and roar. The tin mill seemed to be the object of its special fury, as comparatively little damage was done elsewhere in the city. For a minute or two the sky became almost totally dark. Then through the darkness were heard the crash of roofing, the breaking of guy wires and the falling of stacks.

The stacks crashed through the roof into the tin mill and in their fall broke the steam pipes which run to every part of the mill. In an instant the mill was filled with scalding steam, which hid every avenue of exit and left the workmen, already in a panic, to struggle about in the steam and darkness. The entire day turn in the big mills was at work.

THE PRESIDENT MAY SPEAK HERE JULY FOURTH

Patriotism and Red Fire Promised in Glorious Quantities.

Pittsburgh will have one of the greatest Fourth of July celebration this year in its history. Plans are under way, and it is said by those most interested that there will be many new features, more elaborate than ever before. A movement will be started within a few days to bring President Roosevelt to Pittsburgh to make an address at the celebration. It is hoped that by inviting the president now before he has made any other engagements for the day he may be induced to come. The president has never been in Pittsburgh in any official capacity.

Director McCandless of the department of public works and City Recorder Brown will have charge of the festivities. These officials have devoted some time to discussing it already, and will go further into it before the end of this month. It has been suggested that Recorder Brown appoint committees from among the citizens and patriotic societies to make arrangements, and thus relieve city officials of the trouble.

Will Be a Great Day.

The day's doings will in all probability start with sports in the morning, followed by speeches in the afternoon, and later a balloon ascension and parachute jump. In the evening when the great crowds gather a magnificent display of fireworks will be set off. The celebration as usual will be held in Schenley park, which has accommodated thousands of people each Fourth of July for many years.

Recorder Brown said: "I believe it is about time to begin the making of arrangements for a Fourth of July celebration. We all want to hear the eagle scream, and if there is any place in the United States where the eagle ought to put an extra note to his screams it is in Pittsburgh, for this is certainly one of the places where the glory and greatness of this the greatest country on the face of the earth is made manifest. Pittsburgh has taken a prominent part in developing the natural resources of this great country and has enjoyed a full measure of prosperity. We ought to have a rousing celebration here that will attract thousands of strangers to the city, and I think that if we all work together to that end we can have the greatest observance of the day that has ever been known here.

Plenty of Red Fire Needed.

"I shall take up the question with Director McCandless this week when the plans will be set in motion. There will be committees to appoint and all sorts of preparations to be made, chief among these being the financial end of the affair, and I believe that all the people will be willing to help to make Independence day one of the greatest days of the year in Pittsburgh. Pittsburgh people as a rule take pride in doing well whatever they do, and this is one of the occasions where we all ought to help. We want athletic sports, we want the Declaration of Independence read by some one who can make everybody hear, and we want some silver-tongued orator to call up the events of the long ago, and make them clear to us once more. Balloon ascensions, parachute jumps, everything that will tend to make the day enjoyable, and last, but not least, fireworks. Fireworks we cannot get along without. We must have an abundant supply of noise, and redfire. We must begin early, and have a great day."

Director J. Guy McCandless of the department of public works, who will probably have charge of the most important part of the day's program, said yesterday:

Director McCandless' View.

"The recorder and I will have charge of the celebration. We have already talked it over to some little extent, but the more important things have not yet been thought about. It is really too soon yet to take the matter seriously. It will be a big thing to have the president here, and I am in favor of it, but you know what a

DISTINGUISHED NAVAL OFFICER'S CAREER IS ENDED

Rear Admiral Wm. T. Sampson Dies of Cerebral Hemmorrhage.

PATHETIC CLOSE OF BRILLIANT LIFE

Death Ensues After Six Hours of Profound Unconsciousness.

LAST DAYS DARKENED BY A BITTER DISPUTE

His Services Valued Highly by Government and Brother Officers—Assailed by Storm of Criticism After Fight Off Santiago—Death of Bret Harte.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Washington, D. C., May 6.—Rear Admiral William T. Sampson, to whom President McKinley and President Roosevelt gave, and Admiral Dewey denied the credit for the victory of Santiago, died at his home here at 5 o'clock this afternoon. Cerebral hemorrhage was the immediate cause of death. Rear Admiral Sampson was in his sixty third year.

For a man who had such a brilliant career, Rear Admiral Sampson's end was pathetic. The country which he served had turned its face toward another idol, but the navy watched with solicitous interest by his bedside. When death came there was near him but his daughter, Mrs. W. T. Cluverius. Worn out by anxiety and strain of the constant care she had given him, Mrs. Sampson lay ill in an adjoining room. His young son was also in the house. Mrs. Scott, wife of Lieut. Scott, of the army, one of his daughters, was in New York. Mrs. Smith, wife of Lieut. Smith, of the navy, another daughter, was in Boston, and Mrs. Jackson, wife of Lieut. Jackson, of the navy, is in Ville France. At Newport was Capt. F. E. Chadwick, who commanded Rear Admiral Sampson's flagship, the New York, during the war with Spain.

Rear Admiral Sampson passed from life to death in a state of unconsciousness. Surgeon S. H. Dixon, his attending physician, made this statement tonight of the last illness of the distinguished officer:

End Long Warded Off.

"Rear Admiral Sampson's death was caused by cerebral hemorrhage. About five days ago the admiral, who had been up an about the house, had a slight hemorrhage. He became rapidly weaker and it was apparent that the end, which had been so long anticipated, and so frequently warded off, was near. During the past three days he had been in a semi-conscious condition. Today he had a very severe hemorrhage and for six hours preceding his death he was unconscious.

"Admiral Sampson has been an invalid since the close of the Spanish war. In fact, he was not in robust health during that campaign. From time to time he has been slowly sinking, but his remarkable vitality and the splendid nursing and the tender care of his wife enabled him to rally and show indications of returning health. He was able to take nourishment regularly and in good quantities up to the time of his last collapse. The food he took seemed to nourish him, so that he showed little or no loss of flesh up to the time of his death."

No arrangements have been made for the funeral and nothing will be determined until the arrival here tomorrow of Lieut. and Mrs. Smith, Lieut. and Mrs. Scott and Capt. Chadwick. Secretary of the Navy Moody has given no instructions, but it is expected that he will provide a detail of marines to watch by the admiral's coffin, a detail of blue jackets to escort the remains to the grave and a detail of officers to act as honorary pallbearers.

New Secretary Sympathetic.

Secretary Moody will issue a general order to the service reciting the distinguished service of Rear Admiral Sampson. The president received the news of the death of the officer with profound regret and will convey his personal sympathy to the widow. Mr. Moody showed the interest he felt by sending to the house before death came. Lieut. Commander Winslow of the bureau of navigation and Lieut. Stone, to make inquiries concerning the admiral's condition.

Though Rear Admiral Sampson's death has been only a question of time the news that it had occurred caused a shock in naval circles. Because of the fact that he was suffering from aphasia it was deemed advisable, some months ago, to relieve him of the command of the Boston navy yard. Mrs. Sampson brought him to Washington and has lavished upon him the most tender care. The admiral had a sinking spell several months ago and it was feared that he would die. He rallied, but he gradually grew worse and five days ago suffered a relapse. From this he never recovered.

Washington is divided tonight between regret that a heroic figure has passed away and sympathy for the family. Secretary Moody said:

Life and Services Important.

"I have learned of the death of Admiral Sampson with deep concern, which I am sure will be shared by every officer of the navy, both on the active and retired list. His name has been inseparably connected with the great events of our recent history. His life was too important and his service too conspicuous to be dealt with summarily, as must needs be at this moment, and I can say no more than that in his death the navy and the country have suffered a great loss."

Representative Foss, chairman of the house committee on naval affairs, said:

"Admiral Sampson's death is a great loss to the navy. He was profoundly a student of it. He had been at the head of the naval academy, chief of the bureau of ordnance, member often of great naval boards—and no man had a more

Let the Eagle Scream in the Good Old Way.

thorough comprehension of the navy in its minutest details or as a great whole that he. His work in the Spanish-American war is a matter of history and will be more appreciated as it is better understood and known, and his fame will grow brighter in the coming years."

Senator Hale, chairman of the senate naval committee, said:

"Admiral Sampson was one of the silent heroes of the late war. He was brave and patient, and equal to every occasion, but he fell into a current of hostile criticism, and I have no doubt that the rancor which pursued him shortened his life. It is a pathetic story, but time will get him even."

Captain Lemley's Estimate.

Capt. J. C. Lemly, judge advocate general, who was judge advocate of the Schley court, said:

"The death of Admiral Sampson is a personal loss to me, for I have known and admired him ever since, as a boy, I first met him, when he was an instructor at the naval academy. I entered that school in 1889 and have known the admiral since those days. He was respected by the cadets and admired for his many excellent qualities. Afterward I served with him in the navy when he was at the head of the bureau of ordnance, and came to know him as a brother officer. I can only say that I have always had the very highest personal regard for the admiral, both as an officer and as a man, and have placed the highest official estimate upon his capacities as an officer."

Rear Admiral W. S. Schley arrived in Washington tonight.

"I do not care to discuss Rear Admiral Sampson's death tonight," he said. "I may have something to say tomorrow. I have just returned from an exhausting trip and I cannot talk now."

May Be Buried at Annapolis.

The arrangements for the funeral of Admiral Sampson will not be completed until tomorrow. It has been suggested to Mrs. Sampson that the Naval cemetery at Annapolis would be a proper place for the last resting place of the remains, while other friends have represented to her that he should be buried in Arlington cemetery, near this city. Mrs. Sampson prefers Annapolis, but the matter will not be definitely decided until tomorrow.

The pallbearers have not yet been selected, but they will include among them some of the captains of the ships of the fleet which engaged in the Santiago campaign. Mrs. Sampson suffered a slight accident four days ago while attending to the wants of the admiral and has been in bed since. She probably will not be able to attend the funeral services.

The death of Admiral Sampson occurring late in the day, there has been no opportunity yet for any action by the navy department for participation in the funeral services.

Malady Aggravated by Worry.

By the death of Rear Admiral Sampson is removed one who for more than 40 years had no other aim in life than devotion to the United States navy. He knew intimately every branch of naval warfare, and his advice and counsel were esteemed by secretaries of the navy for a generation. The controversy over the battle of Santiago which resulted in Admiral Schley calling for a court of inquiry, preyed upon the mind of Rear Admiral Sampson, and the worry which resulted no doubt aggravated the malady from which he died.

William Thomas Sampson was born in Palmyra, N. Y., on February 9, 1840. His father was James Sampson, a laborer and small farmer. His mother was Miss Hannah Walker. Both parents were of Scotch-Irish stock, and from them the son inherited the indomitable energy and persistence which carried him to honor and achievement in the service of his country. Young Sampson often worked by his father's side in the streets of the little New York town where he was born and reared. He was called "the chore boy" in those days. The picture of the rear admiral may be found now in every house in Palmyra, and the town has for years boasted of being the birthplace of a naval hero. Although he was handicapped by poverty, the son of James Sampson made remarkable progress in his studies.

Recommended by His Teacher.

Young Sampson was of a mathematical turn of mind. The congressman of the district in looking for some one to recommend for appointment to Annapolis, asked the principal of the public schools who was the best mathematician under his supervision. The principal replied: "William Sampson." The appointment of the choice of the old schoolmaster quickly followed.

William T. Sampson was admitted to the United States naval academy in September, 1857. He was graduated four years later at the head of his class. There was need for officers in the navy at that time, for Fort Sumter had been fired upon before the young cadet left the academy. He advanced rapidly and was appointed master in 1861. On July 16, 1862, he was advanced to the rank of lieutenant.

As executive officer of the Patapsco Lieut. William T. Sampson first attracted the attention of the country. An attempt was made by the federal fleet to enter the harbor of Charleston, which was then mined and laid with torpedoes. Lieut. Sampson was instructed to proceed into the port and to take up or destroy the explosives. He had 100 men under his command. As the little vessel entered the harbor there was concentrated upon her the fire of several battleships. She was so close to land that it was an easy thing for the sharpshooters on shore to pick off the men on her deck. Lieut. Sampson ordered sailors and marines to lie down behind the iron protection of the bulwarks while he stayed on the bridge.

Patapsco Blown Up.

Suddenly the Patapsco was lifted up by a terrific force. Lieut. Sampson and his men were hurled 100 feet. Seventy of the crew were killed. The survivors were rescued by boats sent from the union fleet. The day after the battle Lieut. Sampson was as calm and collected in his manner as he had been before his vessel had been blown up by the mines in Charleston harbor.

He was promoted in 1866 to the rank of lieutenant commander and thereafter many special missions and details called for his attention. He had been called upon several times to aid in the training of officers at the United States naval academy. In 1864 he was at Annapolis as an instructor. He returned to Annapolis in 1868, where for three years he was intrusted with important branches of instruction. Part of that time he devoted to mathematics.

Lieutenant Commander Sampson was in 1872 assigned to the steamship Congress on the European station. His commission as commander came to him in 1874, and he was assigned to the Alert. He returned in 1876 to the United States naval academy, where he was engaged in important service. His wide knowledge both of the theories of naval warfare and its practice made him invaluable at Annapolis.

Again Called to Annapolis.

From 1879 to 1882 he was in command of the Swatara of the Atlantic squadron. His talent for pure mathematics and astronomy was the means of recalling him to Annapolis in 1882 for three years more of study and research. In this period the commander was in charge of the naval observatory. He was in 1884 a member of the international prime meridian and time conference. The board of fortifications and defense had the benefit of his work in the year 1886.

In the years from 1887 to 1891 he was superintendent of the naval academy. He was frequently summoned from Annapolis to Washington by Secretary of the Navy Chandler to assist in the settlement of difficult questions which had arisen in the department. Sampson attained the rank of captain in 1893. The captain from that time was highly esteemed by all administrations for his learning and for his grasp on the many intricate questions which are peculiar to the navy. He was recognized as an authority on ordnance, fortification and kindred subjects.

Capt. Sampson commanded the ironclad San Francisco in 1891. In the creation of the new navy he took a prominent part, and after the battleship Iowa was launched he became its first commander. From 1893 to 1897 he was chief of the bureau of ordnance. When the country was on the verge of war with Spain Capt. Sampson was sent to Cuba as the head of the board of inquiry appointed to investigate the blowing up of the battleship Maine in Havana harbor.

Manner Inspired Confidence.

The administration had confidence in him on account of his soundness of judgment and his habit of looking at questions in a calm and judicial manner. At the outbreak of the war with Spain Rear Admiral Sampson succeeded Rear Admiral Montgomery Sicard in command of the North Atlantic squadron. He had the rank of acting rear admiral. He was made a commodore in 1898 and in 1899 he was raised to the rank of rear admiral in recognition of his services to his country.

As the executive head of a naval force which was to blockade the ports of the Spanish possessions and to destroy the naval strength of Spain the acting rear admiral had a task which called for administrative ability of the highest order.

Criticisms were made that the commander had been unduly advanced. To these criticisms John D. Long, secretary of the navy, took occasion to reply. He pointed to many years of service which the captain had undergone to fit him for a place which required the high ability which the administration believed he possessed. The acting rear admiral had under his charge one of the largest fleets of hostile vessels ever known. It consisted of 125 craft, varying from revenue cutters to battleships. The blockade of Cuba was an effective one and many vessels were captured and brought into Key West.

Sampson-Schley Dispute.

The rest of the career of the rear admiral was linked with what is known as the Sampson-Schley controversy. Commodore Schley had been sent to Cienfuegos, for it was the opinion of the navy department that the fleet of the Spanish Admiral Cervera was in that harbor. Admiral Sampson afterward sent a message to Commodore Schley to the effect that there was reason to believe that the Spanish foe was in the harbor of Santiago. It was charged that Commodore Schley was slow in going from Cienfuegos to Santiago. He said that he was obliged to steam slowly on account of the low rate of speed made by the Eagle. Commodore Schley went to within 20 miles of Santiago and then started toward Key West for coal. He was asked to ascertain definitely if the fleet of Admiral Cervera was in the harbor. He arrived at Santiago on May 28, 1898, and established a blockade. He was joined on June 1 by Acting Rear Admiral Sampson who took command of the squadron.

The blockade was maintained until July 3, when the Spanish fleet came out of the harbor. Admiral Sampson was at the time down the coast on his flagship, the New York, where he had gone by orders of the Washington authorities to hold a conference with Gen. Shafter, then in command of the land forces of the United States which had invested Santiago.

Admiral Sampson's Dispatch.

Acting Rear Admiral Sampson came up after the destruction of the Spanish fleet had been practically accomplished. He sent a dispatch to the effect that he presented the American nation as a Fourth of July gift the entire Spanish fleet.

The friends of Commodore Schley said that officer had not obtained due credit and that the victory had been accredited entirely to him. The Sampson partisans maintained that the acting rear admiral had been in command of the fleet and had planned the battle in advance. They said that Commodore Schley had exhibited cowardice and that in the battle he had made a loop with his flagship, the Brooklyn, which looked as though he were trying to save himself at the expense of the Texas, the bows of which he crossed. This controversy was the cause of much worry to Rear Admiral Sampson. The whole matter was revived recently by the publication in a history of the United States navy of a criticism of the conduct of Rear Admiral Schley. The latter thereupon demanded a court of inquiry.

As a result of the investigation of the court of inquiry it was found that Rear Admiral Schley had been vacillating in his conduct and before the battle of Santiago had been dilatory and had shown lack of enterprise.

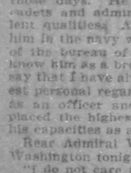
Admiral Dewey's Opinion.

Admiral Dewey, the president of the court, added an opinion of his own that Rear Admiral Schley had been in command at the battle of Santiago. Rear Admiral Sampson had been officially recognized as in command at the battle in which the Spanish fleet in Cuban waters was annihilated, and to him weas given the credit for planning the battle.

Rear Admiral Sampson was sent shortly after the close of the war with Spain to take command of the Boston navy yard. The degree of LL. D. was conferred upon him in 1899 by Harvard university.

Rear Admiral Sampson was twice married. His first wife was Margaret Sexton Aldrich, whom he married in 1868. He married Miss Susan Burling in 1882. The admiral's children are Mrs. R. H. Jackson, Mrs. Roy C. Smith, Mrs. William Tyler Cluverius, Mrs. H. H. Scott, Ralph Sampson and Andrew Sampson.

THE WEATHER.



With the mercury red hot at the 88 degree mark and an atmosphere loaded down with moisture, the fat man in Pittsburgh had a hard time of it yesterday. Even the glad-faced youth with an overdupois in the neighborhood of 110 was less inclined than usual to crack jokes at his more weighty neighbor by the time that eight bells had been struck in the afternoon watch, and when the rain began to fall about supper time all Pittsburgh heaved a sigh of relief—with the exception of a few young ladies who did not heed the weather man's warning and were caught in the rain on their way home. In his bulletin for today the local prophet has tried to be nice to everyone and assures the inhabitants of this vicinity that the sun will shine with less vehemence and that the day will be cooler than yesterday. A thunderstorm is predicted for an appearance, but it will come unannounced, as the time is not definitely set.

BRET HARTE EXPIRES SUDDENLY IN ENGLAND

Recent Throat Affection Causes the Death of the World-Famous Author.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, May 6.—Francis Bret Harte, the American author, died suddenly last night at the Red house, Camberley, near Aldershot, from hemorrhage, caused by an affection of the throat.

Mr. Harte had been living quietly in England for years. Most of his time was spent in the country, and when in London he was almost equally secluded, having few visitors to his rooms in Lancaster Gate and only going to the houses of a limited number of very intimate friends.

His Hopes Were Disappointed.

Several months ago, when a false report of his death was circulated in America, a representative of the Associated Press called at his rooms. Mr. Harte then appeared to be perfectly well. He laughed heartily and quoted Mark Twain's old saying about the report being greatly exaggerated. He was hoping, he also said, to do more work, but he confessed he was growing lazy.

A week ago he went to visit friends at Camberley, and was present at lunch as usual yesterday. He suddenly became ill in the afternoon, went to bed and died in a few hours. His end was peaceful.

The newspapers make very sympathetic comments on the death of Bret Harte. "His work," says the Pall Mall Gazette, "was the common property of Anglo-Saxons on both sides of the Atlantic." The Westminster Gazette remarks: "The world has lost one of the most beloved of its writers."

Reared in the Mining Regions.

Francis Bret Harte was born in Albany, N. Y., August 25, 1839, of mixed English, German and Hebrew ancestry. He received only a common school education. His father, a professor in the Albany female college, died when the boy was quite young, and in 1854 the family moved to California. Harte was raised in a rude mountain settlement and mingled with the rough characters whom he afterward so well portrayed in his stories. Bret Harte worked for several years at odd jobs, but was a constant reader. He walked from San Francisco to Sonora and there opened a school, which was a failure. He then learned typesetting and worked in a little office in the mining town of Eureka. He worked in the mines and was for a time an express messenger. In 1857 he became a compositor in San Francisco, where some small poems obtained for him a position as one of the writers on the Golden Era. He continued employed for a short time as a writer on the Californian, a literary weekly. His sketches gave him some fame and in 1860 he obtained a position as secretary of the mint in San Francisco, which he held for six years.

The Tale That Made His Fame.

It was during this term that he wrote "John Burns of Gettysburg," "Miggles," "Jeff Flint," "Dow's Flat," "Higgles," "Tennessee's Partner," and "Flynn of Virginia." Later were written "Dickens in Camp," and "Greyport Legion," two of his sweeter poems that will never fail to touch the heart. In 1870 Harte was appointed professor of recent literature in the University of California, but he was not satisfied with the position and resigned within a year.

His Later Years Abroad.

After failure to establish a literary magazine in Chicago, Harte entered upon a lecturing tour on "The Argonauts of '49," and confined his writing to the Atlantic Monthly, for many years of service. He published many stories and poems, which the captain had undergone to fit him for a place which required the high ability which the administration believed he possessed. The acting rear admiral had under his charge one of the largest fleets of hostile vessels ever known. It consisted of 125 craft, varying from revenue cutters to battleships. The blockade of Cuba was an effective one and many vessels were captured and brought into Key West.

to be a candidate before a Republican convention. If Mr. Elkin, Mr. Brooke, Mr. Sibley, Mr. Cameron, Mr. Sproul or any other man who has been mentioned should win the nomination, both city and country would be expected to unite in their Republicanism and elect the nominee. The friends of Judge Pennypacker will hope to win the nomination in a straightforward and manly way, and with the sincerest hope that in the event of his nomination the other candidates will heartily join hands when the preliminary skirmishes are over and the call to arms is sounded."

Dr. W. D. O'Brien, member of select council from the Twenty-third ward, Pittsburgh, stopped in Philadelphia en route home today.

"I am much pleased to learn," said the doctor, "that Mr. Torrance is being considered for the lieutenant governorship. He is one of our foremost citizens, a man whose commercial and political standing is above reproach. If he should consent to run there is no doubt that the Allegheny county delegation would unanimously support him, and he would add strength to any ticket named. It is hoped that the leaders can induce Mr. Torrance to stand."

Action by the Veterans.

The Philadelphia brigade, organized 16 years ago, which as an organization has never indorsed a candidate for political honors, met tonight for the specific purpose of indorsing the movement in behalf of Judge Pennypacker. The brigade organization is composed of four Philadelphia regiments which were brigaded together, and which at Gettysburg were in the thickest of the fight. These regiments were the Sixty-Ninth, Col. Owens; the Seventy-First, Col. Baxter, commonly known as the "California regiment; the Seventy-Second, Baxter's zouaves, and the One Hundred and Sixth, Col. Morehead. Judge Pennypacker served in the Twenty-First Pennsylvania, which was in the first day's battle at Gettysburg. These resolutions were unanimously adopted:

Whereas, The people, the press and politicians of Eastern Pennsylvania are submitting with marked satisfaction the name of our honored comrade, the Hon. Samuel W. Pennypacker, as worthy the exalted nomination for governor of the commonwealth of Pennsylvania, and desirous of touching elbows with our fellow citizens in a movement so fraught with the best interests of the state, it is

Resolved, By the surviving members of the Philadelphia Brigade association—the Sixty-ninth, Seventy-first and One Hundred and Sixth regiments of the Pennsylvania line—that we welcome the recent movement being made in behalf of Comrade Pennypacker for governor; and as evidence of our earnestness, it is further

Resolved, That the officers of this association, together with 50 comrades, be appointed by the commander to urge by all soldiery friends—alike manly in war and peace—to assist in securing the nomination of a candidate so essential to the best interests of the state of Pennsylvania.

A committee of 50 was named to advance the interests of the judge.

Montgomery's Indorsement.

The Republican convention of Montgomery county was held at Norristown today. Judge Pennypacker was indorsed for governor and Gen. Schall for secretary of internal affairs. This resolution was adopted:

Resolved, That the nomination of the eminent jurist and scholar, the Hon Samuel W. Pennypacker, as the Republican candidate for governor of our commonwealth, will fully meet the just demand for the highest type of personal and official integrity in our standard-bearer and assure a harmonious campaign feeling in certain victory.

There was much enthusiasm.

These delegates were chosen: J. Morrison Clayton, Cheltenham; Charles H. Detwiler, Rovers Ford; Harry B. Heywood, Conshohocken; Charles Johnson, Norristown; Asa P. Markley, Upper Hanover; George W. Leaman, Pottstown; Harry Morris, Bridgeport; John Sinnott, Lower Merion, and H. B. Weachter, Lansdale.

Still a Free-for-All.

THE PITTSBURGH GAZETTE BUREAU,
603 Fifteenth St., N. W.
WASHINGTON, D. C., May 6.

After two days' consideration, the Republican members of the Pennsylvania delegation in congress are not ready to believe that Judge Pennypacker of Philadelphia has been definitely selected as the Republican nominee for governor this year. Many members of the delegation have asked Senator Quay about the matter, and he has insisted that he has not selected a candidate, and does not intend to do so, believing that to be the prerogative of the convention.

To one of his callers this morning the senator said that to the best of his knowledge, no one had been selected, and he did not believe that any one would be selected by the leaders. He spoke highly of the ability of Judge Pennypacker and also of the running qualities possessed by Gen. Brooke, ex-Lieut. Gov. Watres, Frank Torrance, Representatives Sibley and Mahon and Col. Wesley R. Andrews. From such a galaxy of popular Republicans, the senator thought the convention could be trusted to make a good selection.

The impression here is that all the encouragement so far given to Judge Pennypacker and his friends by the leaders is that they will not oppose his nomination if he can secure a majority of the delegates to the convention, and this is the same kind of encouragement given to the others named. At the same time the leaders have declined to promise the nomination to any one, and will so continue.

Grangers for Watres.

The friends of Mr. Watres have not given up the fight by any means. Senators Quay and Penrose are receiving numerous letters from farmers urging his nomination. In addition, copies were received here today of the last bulletin of the Pennsylvania Grange urging Mr. Watres' selection. One of the articles on the subject closes as follows:

In view of this condition of affairs, we urge all Republican Patrons and farmers who do not indorse the unsavory record of Gov. W. A. Stone and his candidate, John P. Elkin, to write letters to Senators M. S. Quay and Boies Penrose, United States senate, Washington, D. C., and thank them for refusing to support Elkin and the Stone-Hamilton oleo administration, and urge them to support an honest, upright man for governor like the Hon. L. A. Watres, whose eight years in the state senate and four years as lieutenant governor proved he never deviated from his loyalty to farmers, dairymen and Patrons. Our anti-oleo and tax bills always received the support of the Hon. L. A. Watres. If he is elected governor he will not issue any infamous pass script letters, nor will he aid in robbing the people. He will not allow his attorney general to write at dictations of law for oleo dealers, nor will he give dealers through his agricultural department the right to sell in violation of law poisoned food stuffs, as is now being done through the directions of Secretary John Hamilton, via "Me Too" Jesse Cope.

CHARLES W. METZGAR.

Elkin Men to Caucus.

HARRISBURG, PA., May 6.—(Special.)—Attorney General Elkin has secured from the board of public buildings and grounds the use of the hall of the house of representatives in which to hold a caucus of his delegates the night before the Republican state convention on June 11. This board is composed of Gov. Stone, State Treasurer Harris and Auditor General Hardenbergh.

Mr. Elkin said today that Elkin clubs from Indiana, Altoona and Shamokin would be here during the convention and that he expected to arrange for headquarters for 1,000 shouters.

Mr. Elkin registered today in Gov. Stone's home county of Tioga, which will elect four delegates on May 31. When the Pennypacker friends learned that Elkin has posted his name there they also registered for the judge. Pennypacker's headquarters have been engaged at the Commonwealth hotel, where ex-Lieut. Gov. Watres also will have his boom during the convention.

VOILES.

In French, *voile;* in English, *veiling.* Call it as you like—under either name it is the most delightful material for women's exquisitely cool Summer dress that is woven.

Yesterday we opened an importation, just through the Pittsburg Custom House, comprising all the lovely tints of Summer colors. Of these there are very many of bluish cast. Blue is the scarcest color in the market. There is also a generous variety of black effects.

The widths of these new Voiles vary: 44, 46 and 48 inches.

The price range is from $1 to $2 a yard.

The two prices in between, $1.25 and $1.50, are extremely popular, and the color variety is very broad. In these two numbers alone we show over 100 color tints—20 and more shades of blue alone.

We have been told we are showing the *largest* assortment of colors in voiles in the two cities. We, ourselves, know the range is larger than in New York.

Boys' Wash Suits.

Largest stock we ever carried. Best goods we ever had in wash suits. Lowest prices we ever sold the suits for.

All the materials that boys wear in Summer—such cool stuffs as galatea, linen, crash, mercerized cottons, brilliantines, chambray.

Stripes and plain colors—from the neat little effects to the extremes of combinations. The variety was selected so that every taste could be satisfied.

Good suits for $1, $1.25 and $1.50.

Better suits for $1.75, $2, $2.25, $2.50, $3.

Still better, and the finest, $3.50, $4, $4.50, $5 and up to $7.50.

If you have never been in our Boys' Clothing Department you will find it vastly different from most of the stores that sell boys' clothing.

Women's Cool House Garments.

A department on the second floor with a variety that is more complete than any assortment we ever had. The daintiest and most inexpensive garments are exhibited side by side with the richest of imported creations. As showing the wide range, take the following:

Dressing Sacques and Matinees of fine white lawns, and in colors, plain and figured dimity, batiste and dotted swiss, varying in price from 50c up to $50.

The same dressing garments in silk, crepe de chine and pongee, in the extensive price range beginning at $6.50 and ending at $150.

Long Kimonas of plain lawn—solid colors or fancy effects—from $1.50 to $6.75.

Lounging Gowns of fine white lawn, plain and in pretty dots and stripes, $3.75 to $15.

The matter resolves itself into what you best like. It is here.

Parasols.

All the new effects—a preponderance of those trimmed with lace and chiffon.

Pretty Linen and Pongee Parasols from $3 to $8.50.

Coachings in plain colors from $2.50 to $6.

Parasols trimmed in lace and chiffon—white and black, or all black, from $5 to $20.

The new London Club Parasols, $5.

Many of the styles we carry are exclusive and can be had nowhere else—the new Ultra among them.

Complete lines of Girls' Parasols from 50c to $8.

Women's Shirtwaist Suits.

Hot weather quickly brings out the Shirtwaist Suit. We are fortunate in having our usual splendid variety—having it just when women are ready to look through it.

Madras, lawn, duck, linen and chambray Shirtwaist Suits—every style in which they are made, for such prices as $3, $4, $5, $6, $8 and by easy stages to $25.

For 95 there are dainty creations in plain white lawn and striped and dotted madras, the fronts of tucks, gathers and pleats, latest ideas in sleeves, the waists completed with collars. There are gored skirts and flounced skirts and tucked skirts.

We also have stylish black and white Shirtwaist Suits of lawn and percale. Some of them are trimmed with white Pique bands, others with black bands.

Another style of Shirtwaist Suit is of colored chambray. It, also, sells for $5. Blue, green, tan, gray, pink and rose. Finishings of pipings, and bands of white, tucks and pleats, and some have vests of white.

Other very pretty chambray Shirtwaist Suits of a different order from the foregoing, for $6 and $6.50.

STEAD EXPLAINS RHODES' NOTIONS ON RACE UNION

Development of the South African's Idea for Applying His Millions.

SIX WILLS WERE WRITTEN

Sought to Repair the Blunders of George III.—How the American Scholarships Came In—Admission Board to Be Formed.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, May 6.—The first meeting of the executors of the will of the late Cecil Rhodes was held in London today, Dr. Jameson and L. L. Micell having arrived from South Africa with Mr. Rhodes' final instructions. Besides reading the will and deciding to prove it in South Africa, no business was transacted, but the executors and trustees of the property were, for the first time, informed of the genesis of the will which they will administer.

W. T. Stead, as executor, furnished the following statement as to the evolution of the Rhodesian idea:

"The present will is the sixth made by Rhodes between 1877 and 1890. The first will left the whole of his property, then comparatively small, for the furtherance of the British empire, the promotion of emigration and to effect a reunion between Great Britain and the United States.

Developing His Ideas.

"Five years later Mr. Rhodes made his second will, leaving his estate to his old friend, Mr. Pickering, to whom he had confided his ideas. Mr. Pickering died in 1888, whereupon Mr. Rhodes made another will of the same character by which he left his wealth to a financial friend, with instructions to apply it to the furtherance of his political ideas embodied in the paper written in 1877.

"One of the remarkable features of this first will was Rhodes' denunciation of the pig-headed and ignorant English statesmen, who, in the reign of George III., destroyed the unity of the English-speaking race. Mr. Rhodes wrote: 'Do you ever feel mad? Do you ever feel murderous? I do when I think of those men.' He pointed out that if the English-speaking union had not been destroyed England and America together could give peace to the world.

"In 1890 the wills of 1888 and 1893 were succeeded by a more informal document, in which Mr. Rhodes left his whole estate to be administered by me, with his friend as financial advisor and B. A. Hawksley as legal adviser. If Mr. Rhodes had died between 1891 and 1899 the whole burden of administering his estate, which he himself estimated at from £4,000,000 to £5,000,000, but which is now believed to amount to £6,000,000, would have been left to me to dispose of without any formal trust, and as if it had been my own. Mr. Rhodes knew that he could rely upon me to use this money solely for the furtherance of the far-reaching ideas we shared in common.

Taking in the United States.

"To the will of 1893 he added a codicil in which he provided for scholarships at Oxford, to be distributed among the colonies. I asked him to grant a similar number of scholarships to the American states. He said he approved this idea, but doubted whether it was practicable. I was gratified to find, when Mr. Rhodes drew up his last will, in 1899, that he had framed this document on the basis of regarding each self governing community as an integral part of the English-speaking unity to promote which was the object he had had in view from his early youth.

"In January, 1901, owing to my views about the South African war, Mr. Rhodes removed my name from his will and added that of Lord Milner.

"On his deathbed Cecil Rhodes said to Dr. Jameson: 'An American board for the purpose of superintending the administration of the scholarships allotted the United States will probably be constituted. Some time must elapse, however, before arrangements can be completed for the first competition for scholarships by students in the United States or in the British empire.'"

LARKIN WANTS AN ACCOUNTING.

County Treasurer Is Asked to Turn Over Liquor License Fees.

Controller Larkin has made a demand upon County Treasurer McClure that the proportion of liquor license fees due Pittsburgh be paid into the treasury of the city in accordance with the charter act of 1901, which recites that: "All the moneys of the city received by any officer or agent thereof, except those received by the collector of delinquent taxes, shall be deposited daily in the city treasury."

The city's share of the liquor license fees is over $800,000. It is understood that in case the county treasurer refuses to comply with the request there will be a suit on behalf of the city to recover the money and also to recover damages for interest lost. Heretofore the county treasurers have placed these fees in "favored" banks for three or four months before making any return to city or county. This year, according to Treasurer McClure, the moneys are to be placed with the Colonial Trust Company, in which Senator William Flinn is a prominent stockholder, or one of its subordinate concerns.

BABY'S SPORT CAUSED DEATH

John Peters, two years of age, got hold of a box of matches at his home, near Otto station, yesterday, while his mother was out of the room. He played with the box and contents and was having much amusement when he discovered that the matches would "pop" when he hammered them with one of his toys.

Just as his mother discovered him all of the matches caught fire. Then his clothing burst out in flames and the frantic mother picking him up ran to the yard. Her efforts to save her baby resulted in his fatal injury, as he was frightfully burned.

The little sufferer was taken to the McKeesport hospital. The physicians saw from the first that they could not save him, but they cheered up the mother, and gave the little fellow opiates. He passed away in less than two hours.

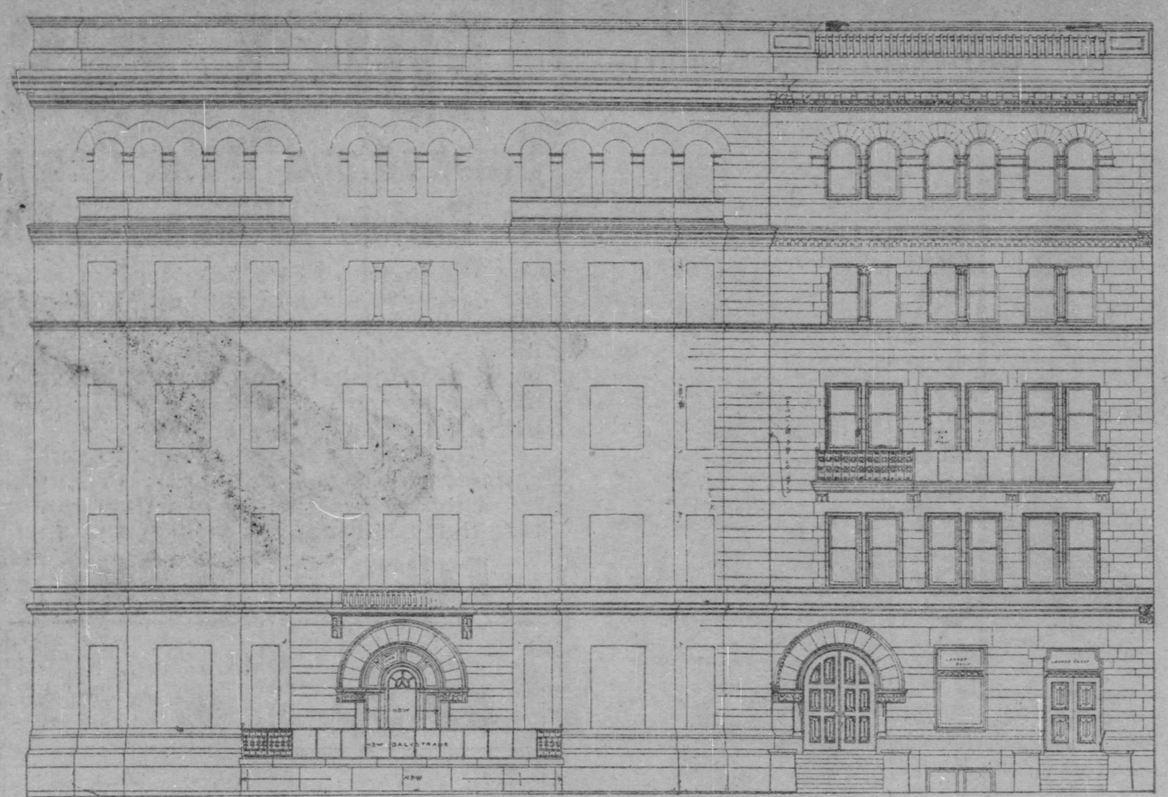
WORK OF ENLARGING THE DUQUESNE CLUB IS TO BE STARTED SOON AND PUSHED TO COMPLETION, THEREBY GREATLY IMPROVING FACILITIES



Front Elevation of the New Addition to the Duquesne Club.

Plans have been completed by Architects Rutan & Russell for the new addition to the Duquesne club. The club recently purchased from Henry W. Oliver a plot of ground facing 26 feet on Sixth avenue, adjoining the club building on the east and extending back to Strawberry alley, a depth of 240 feet.

It is proposed to build on this lot and on the present ladies' entrance to the building an addition in the Romanesque style of architecture with brown stone front and five stories high, in accord with the rest of the building. The present main entrance to the club will be dispensed with and the entrance steps replaced with a handsome balustrade of stone and ornamental iron work. In the outline cut presented above the unfinished portion represents the present front of the club building, and the finished portion the front of the addition to be built. The main entrance and the ladies' entrance will be provided for in the new part as shown in the cut.

On the first floor of the addition will be the reception room and a new cafe in connection with the billiard room. The entire front portion of the old building, now occupied by the entrance hall, the ladies' restaurant and the main dining room, will become one large lounging room, 32 feet wide and 70 feet long.

On the second story of the front portion of the addition will be located the ladies' restaurant and retiring rooms, as well as a large addition to the present main dining rooms. This will add 40 feet to the length of the room, making it 32x102 feet in size. A new private dining room will also be located on this floor.

On the third floor there will be three new private dining rooms, while the fourth and fifth floors will contain 14 new sleeping rooms and six bath rooms.

The main staircase will be altered and the building will be newly equipped throughout.

Work will be started on this plan very shortly and hastened as rapidly as possible to completion.

UNION WAGES FOR CITY MECHANICS

RECOMMENDED BY THE FINANCE COMMITTEES OF COUNCILS.

Rules for Sinking Fund Commission Passed on—Filtration Matters Referred to Special Committee—A Booth & Flinn Bill Was Held Up.

The finance committee of Pittsburgh councils met last night in common council chamber and affirmatively recommended the ordinance providing that the pay of all mechanics employed by the city be regulated by scales adopted by the labor union. The ordinance providing that all inspectors shall be skilled in the craft over whose work they are given supervision was also taken up. It met with considerable opposition. Dr. G. W. McNeil said it would give no end of trouble, as it calls for a high priced man in each department and is not necessary. It struck him as a method to make $100 or $125 a month position for men not worth more than $75.

Thomas M. Brown said he had carefully investigated conditions and found that the work of inspection in the various departments was being well done. There was no complaint and no urgency for the ordinance. As a matter of common sense and logic the ordinance is sound, but there did not seem to be any cause for a change.

W. C. Reitz said it was a good business principle to have an inspector who understood the work, but he feared the expense. The ordinance was affirmatively recommended.

The ordinance providing rules for the sinking fund commission, as adopted by a committee of that body on Monday, was introduced by Chairman W. H. Stevenson. It was a substitute for an ordinance previously sent to the committee. Chairman Stevenson said the original ordinance provided for a clerk at $2,500 and for bonds to be given by members of the commission which would cost $2,500. This, with $1,000 paid the Fidelity Title and Trust Company for keeping books, would amount to $6,000. Under the substitute the bonds of the members were avoided and the expenses limited to $2,000.

Assistant Controller Morrow, who was acting as clerk, was asked what the work now costs. He answered that the city pays the Fidelity company $1,000 and 25 cents per $1,000 annually for carrying the bonds. This year the total is about $2,300. It varies according to the amount of bonds on hand. Mr. Morrow said that the charge of 25 cents per $1,000 for carrying for the bonds would be continued, although the commission expected to reduce this charge to 10 cents. Chairman Stevenson said the commission did not expect to spend over $1,000 for clerk hire. A change was made in the ordinance fixing $2,000 as the maximum expenditure and then the ordinance was affirmatively recommended.

During the meeting Thomas M. Brown moved that Controller Larkin be elected clerk of the committee. There is already in existence an ordinance which makes the controller clerk of this committee, but Mr. Brown's motion was adopted.

The filtration committee also met last night. A number of resolutions for the payment of warrants were approved. The communication of Director McCandless, giving an estimate on the cost of the filtration plant, as previously published, and several filtration ordinances were read. The ordinances were for establishing a bureau of filtration and for letting contracts for a filtered water reservoir, for pipe connections, for engines and for filters. They were referrred to a special sub-committee consisting of Thomas M. Brown, H. A. Lamb, W. H. Barker, George S. Wilson and W. J. Zahniser.

A resolution for the payment of $1,002 to Booth & Flinn for repair work on streets from 1901 to 1895 was held up at a meeting of the committee of public works. Dr. McNeil asked for information as to the delay in paying the bill. Director McCandless could not explain. Dr. McNeil took the stand that the claims are outlawed and the resolution was laid over until the next meeting.

The committee resolved to report such business to common council as originated in that body and to select the same.

Piano Bargains Without Parallel

Sample Instruments at Reduced Prices

This is the third day of the sale of sample pianos at Hamilton's, and indications are that it will be the busiest day so far.

Bargain news travels rapidly.

And when it is remembered that such bargain news as this appears so seldom, no one need be surprised that people are so much interested.

Everybody knows what a sample is, but not everybody has been aware of the manner in which sample pianos come into the possession of a firm, as in the present instance.

For the benefit of those who may not have read the advertisements of the early part of the week, we explain that these sample pianos were sent to Hamilton's by various manufacturers who wished this firm to become the Pittsburgh representative for the pianos in question. Hamiltons are known to be among the most progressive dealers in the country, and, of course, the instruments submitted were tried most carefully. The fact that they now have to be sold simply means that there is not room for them in this store. The regular stock occupies all the available space. Their merit is unquestioned, for they proved satisfactory under all conditions.

Make up your mind to come early today, for there can be no doubt of this sale ending in a few days from now. It doesn't take long to dispose of a collection of really good pianos, especially when they are being sold at prices very much under the original cost.

The following items tell the story. It's to your interest to come.

New England Pianos, regular prices $325 to $400, reduced for this special sample sale, **$190 to $240.**

Winthrop Pianos, regular prices $275 to $300, reduced for this special sample sale, **$165 to $190.**

Rice & Son Pianos, regular prices $300 to $325, reduced for this special sample sale, **$175 to $200.**

Wegman Pianos, regular prices $450 to $530, reduced for this special sample sale, **$295 to $360.**

Biddle Pianos, regular prices $250 to $275, reduced for this special sample sale, **$135 to $170.**

If you prefer to make monthly payments, terms will be arranged to suit you. In no event can there be any possible excuse for any music lover failing to benefit by this extraordinary opportunity.

POPULAR MEN RE-ELECTED AS SUPERINTENDENTS

Samuel Andrews and Samuel Hamilton Continued in Their Offices.

HAMILTON WINS EASILY

No Opposition to Superintendent Andrews for Pittsburgh City Superintendency and His Salary Was Raised $1,000 a Year.

Samuel Andrews and Samuel Hamilton were yesterday re-elected city and county superintendents of public schools, respectively. Supt. Andrews had no opposition and in addition to being re-elected, his salary was raised from $4,000 to $5,000 per annum. Supt. Hamilton was opposed by Prof. S. S. Baker of Crafton and Prof. J. Q. A. Irvine of Etna.

The city school directors met in the Grant school building with Thomas Maxwell of the Sixteenth ward as president, and Robert Woodburn and H. Lee Mason as secretaries. S. A. Will of the Nineteenth ward offered the proposition that the salary of the superintendent be increased from $4,000 to $5,000. He submitted statistics showing a great increase in the duties of the city superintendent by reason of the growth of population and the greater number of teachers employed. In 1891 there were 32,578 pupils in the city schools, and in 1901 the number had increased to 46,317 enrolled. He predicted that in the next three years the number enrolled would grow to at least 57,000. The increase was opposed by John McKain and Dr. H. L. Reinecke of the South Side, and was warmly supported by Evan Jones, George T. Herrick and John A. Reed. The resolution was adopted by a vote of 42 to 19.

T. L. Gilfillen placed Supt. Samuel Andrews in nomination and paid a high tribute to his services and ability. Supt. Andrews, upon being escorted to the platform, made a short address, thanking the directors for his re-election and pledging his best efforts to the school work. He invited the directors to dine with him at the Hotel Duquesne.

Dr. H. L. Reinecke of the Humboldt district, South Side, offered a resolution extending the sympathy of the directors to Supt. Samuel Hamilton in his recent misfortune, that of losing both his feet by being run over by a railroad train.

It was generally believed that the opposition to Supt. Samuel Hamilton would develop considerable strength, but this was a mistake. The county meeting was held in the North school in Duquesne way, and 393 directors responded to their names, it being the largest attendance in the history of the conventions. Before the meeting the halls and even the pavements in front of the buildings were crowded with people who were lobbying for favorite candidates. Noticeable in the convention was Mrs. J. R. Harbison of Osborne, the only woman school director who had a voice in the proceedings.

Supt. Hamilton was in the hall quite early, having been taken there in a rolling chair, and he remained near the door until the hour for the meeting. Then, rising from his chair, with a cane in each hand, he walked slowly, with the aid of his artificial feet, to the center of the room and requested that the directors come to order. He then moved that R. C. Coulter take the chair until a permanent chairman was elected. Mr. Coulter called for nominations for permanent chairman, and A. S. Miller of Bellevue was elected. He in turn called for nominations for permanent chairman. The supporters of Supt. Hamilton nominated A. S. Miller and the Irvine and Baker supporters combined and nominated J. M. Swearingen.

Mr. Miller was elected, the vote being 316 for Miller and 77 for Swearingen. The announcement was received with applause, as it assured the election of Supt. Hamilton. Robert Malone of Etna, George A. Crosby of North Braddock, F. S. Morgan of Bellevue and Grant Siverd of Crafton were made secretaries.

Following the nominating speech made by the Rev. J. E. Bittle of Turtle Creek, in which he paid warm tribute to Supt. Hamilton's ability and fitness and the splendid character of his work in the past, several directors proposed that Supt. Hamilton be declared re-elected by acclamation. Supt. Hamilton called attention to the fact that the law requires that the roll be called, and this was done, with the result that Supt. Hamilton received 627 votes, Prof. Irvine 48 and Prof. Baker 10.

The re-elected superintendent made a short address, thanking the directors for their support and warm approval of his work. In conclusion, he invited them to dine with him at the Hotel Boyer. The salary of the office remains unchanged—$4,000 per annum.

At a meeting of the directors of the Homestead schools last night J. T. Kendall was elected superintendent at a salary of $2,000 a year.

Gratifying Showing at Annual Meeting of Monongahela Company.

At an annual meeting of the stockholders of the Monongahela Water Company, held yesterday, directors were elected as follows: Mark W. Watson, president; F. F. Jones, John R. McGinley, J. W. Scully, A. W. Mellen, Daniel McKee, Joseph G. Walter and Albert Erwein. The gross receipts the past year were $238,-286 18, out of which dividends amounting to $167,382 were paid.

Martin Prenter, secretary and general manager, reported that during the fiscal year ended March 31 last there were pumped 6,281,360,000 gallons of water, an increase over the preceding year of 1,082,390,000 gallons. The average daily work of the pumps was 17,000,000 gallons, an increase of 2,750,000 gallons daily over the preceding year.

During the year there were laid 31,114 lineal feet, or 5.9-10 miles, of pipe of all sizes throughout the territory supplied by this company, making the total length of the company's pipe system 114.8 miles. During the past year a line of 16-inch and 12-inch pipe was laid in Sarah street from Tenth street to Twenty-ninth streets, with the result that a very marked increase of presure resulted throughout that district. The good degree of prosperity marking the past year is indicated by the dividends paid. In the past two years the returns of the collectors have shown an increase of $31,-000.

Hundreds of cases pronounced to be Consumption have been cured by Dr. D. Jayne's Expectorant.

BANKRUPT FIRMS FIGURE UP LOSSES

EXPECT ASSISTANCE WHICH WILL ENABLE THEM TO RESUME.

Trading in Webb-Meyer Securities on the Exchange and in Outside Market Very Light—Petition in Bankruptcy Against Offenbach & Moore.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, May 6.—Efforts were made today to ascertain the condition of the brokerage firms which went down as a result of the slump in the Webb-Meyer securities. The assignees were at work on the books of Henry Bros. & Co. and Lockwood, Hurd & Co. E. T. Perine, assignee for Lockwood, Hurd & Co., said the firm's obligations were not in excess of $500,000. One of that firm's confidential employes said:

"Things look much brighter than they did 24 hours ago, and we hope to pay 100 cents on the dollar and resume."

Lockwood, Hurd & Co. held at the time of their suspension $400,000 of Webb-Meyer stocks.

J. Adriance Bush, assignee for Henry Bros. & Co., expects to file a schedule of liabilities and assets shortly. This firm's resumption of business is largely contingent upon any assistance they may receive from Dr. Webb and Mr. Meyer. Henry Bros. & Co. hold at this time about the same amount of Webb-Meyer securities as are held by Lockwood, Hurd & Co.

The offices of Offenbach & Moore, the direct stock exchange representatives of Arthur L. Meyer and his associates, were open for a brief time during the day. While insolvent from the stock exchange point of view, they have not yet regularly assigned or failed, as is the case with the other firms. A petition to have Offenbach & Moore adjudged bankrupt was filed today, with claims from three individuals aggregating about $4,500. The appointment of a receiver was asked.

At the downtown offices of the Webb-Meyer companies business was being conducted as usual. Trading in the Webb-Meyer stocks on the exchange and in the "outside" market was very light.

LECTURERS NAMED.

Men Chosen to Deliver Lectures During the Coming Season.

The first meeting of the Pittsburgh University Extension society to consider plans for next winter's work was held in Carnegie library lecture rooms Monday evening. Wilson A. Shaw was elected president. Attorney E. E. Kiernan, for a number of years prominently identified with the university extension interests here, was again elected vice president. Dr. F. S. Kellogg was re-elected secretary and W. Sheafe Miller was elected treasurer. Eleven members of the executive committee were also elected to take the places of a similar number whose terms had expired. Those elected were H. C. Frick, John B. Jackson, Dr. E. B. Mathiet, William Macrum, Miss Elizabeth Culp, Morris Knowles, Dr. J. W. Boyce, C. B. Allen, L. Alpern, James Johnson and Dr. W. K. T. Sahm.

The matter of arranging a program for next winter was discussed, resulting in the selection of Albion Woodbury Small, professor and head of the department of sociology in the University of Chicago, to deliver a course of six lectures on "Democracy;" Richard Green Moulton, professor of English literature in the University of Chicago, to deliver a course of lectures on the Bible, and Edward Howard Griggs of Philadelphia to deliver a series of lectures on "Great Moral Leaders."

ARE YOU LOSING FLESH?

Catarrh is Perhaps Responsible For It.

PE-RU-NA CURES CATARRH AND INCREASES WEIGHT---READ THIS CONGRESSMAN'S LETTER.

EX-CONGRESSMAN CHAS. H. TURNER OF NEW YORK.

Hon. Charles H. Turner, 501 G street, Washington, D. C., is an Ex-Member of Congress from New York City two terms; was doorkeeper of the National House of Representatives for four years; is a member of Tammany Hall, and is very influential in New York City. He writes:

"I have used your remedy, Peruna, as a general tonic with satisfactory results. I have many friends who have testified to its virtues, and I fully believe you have a valuable remedy."

C. H. TURNER.

Mr. Jonathan F. Stark, Recorder of Scott county, Scottsburg, Ind., writes:

"I was afflicted last fall with indigestion and bronchitis until I only weighed 119 pounds. Knowing that something had to be done soon, I got a bottle of Peruna and took it, and have now taken twenty bottles. After taking the first bottle I gained four pounds, and I kept on gaining at about that rate until I weighed 140 pounds, and am still taking Peruna. It is all right for persons afflicted as I was."

JONATHAN F. STARK.

Hon. T. T. Markland, a well-known business man of Cincinnati, O., writes from 3100 Woodburn avenue, as follows:

"I find that in my case Peruna is a flesh builder. I am now at work every day, and have gained ten pounds. I took your Peruna according to directions, and the result was more than I expected. I can now breathe with ease, and also my cough is stopped. I had it for six months before I took down with the grip. I took no other medicine but Peruna, and it accomplished all. You told me in your first letter that Peruna would cure me and it has. I am seventy-three years old and can attend to my work and business as usual."

T. T. MARKLAND.

LOSS OF FLESH.

What Medical Authorities Say as to the Danger Line.

Some of the best medical authorities say that if a person loses one-third of his weight, that the system will not have power enough left to ever recuperate. That is to say, if a man or woman who weighs 150 pounds in health should, for any cause, be reduced to 100 pounds, they could not recover, but would shortly die. This fixes the danger line at 33 1-3 per cent. Some say the per cent. is a little higher, and some say it is a little lower. But this estimate is probably nearly correct.

Are you losing flesh? If so, do you not know that it is not only foolish but dangerous? You need not continue to lose flesh another day if you will use the proper remedies.

Peruna is a great flesh producer. It is through the mucous membranes of the body that all the nutrition must be absorbed. If the mucous membranes are healthy, the loss of flesh is rapidly restored.

Peruna produces healthy membranes. Unhealthy mucous membranes is known as catarrh. Catarrh may be slight or severe. Peruna always cures catarrh wherever located.

Catarrh of any of the vital organs leads to loss of flesh. The catarrh may be so slight as to give no other warning save the loss of flesh. Any one who is losing flesh for no apparent reason, can be sure that catarrh is at the bottom of it.

Peruna is sure to cure such cases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

If Women Only Knew

Backache is not a necessary evil—women do not have to suffer day after day and year after year—

If they only knew the cause — the curing of it would be a simple matter—

Backache is Kidney Ache—comes from sick Kidneys—

Kidneys that can't do the work nature intended them to do—

Kidneys that need help—

It's hard to do housework with an aching back—

Hard to do anything when there's no rest—day or night—

And there's no need to—

DOANS KIDNEY PILLS

Cure sick Kidneys—make them strong and well—help them to take the poisons out of the blood—They're doing it for Pittsburgh People every day—Making happy homes and thankful hearts—What they have done for your neighbors they will do for you—

Read this woman's statement:

"A couple of years ago I had the grip, and it left me with an awful backache as a legacy. The pain was in the small of my back, and was so bad that I could not stoop without torture. I could not find rest in any position. My urine was very much affected and gave me great pain. Nothing I tried seemed to give me relief. My sufferings were terrible. Finally I heard of Doan's Pills, and got a box. I felt the good effects after taking six doses, and in a short time was completely cured. I am now perfectly well, and I want to tell everybody about the wonderful remedy that has blessed me so.

"MRS. S. B. HEURIE, 73 Erie St., Allegheny."

Doan's Kidney Pills are for sale at all drug stores—50c a box. Foster-Milburn Co., Buffalo, N. Y.

Will Lay Corner Stone—The corner stone of the Hebrew synagogue Agua Achim, in Talbot avenue, Braddock avenue, Braddock, will be laid on Sunday, May 18. A number of prominent rabbis and leading Hebrews have been invited.

School Office Abolished—The school board of Mifflin township at a meeting yesterday decided to dispense hereafter with the township superintendent of schools and did not re-elect one, deciding to place the schools under the charge of the county superintendent.

Edward Rott Now Cashier—Edward Rott was yesterday elected cashier of the Homestead National bank, to succeed James Ramsay, who died last week. Mr. Rott is a son of Louis Rott of the First National bank of Homestead, where he was employed for many years.

Injuries Not Serious—Peter Ulavege, 7 years of age, of No. 2632 Smallman street, was knocked down by a street car at the corner of Twenty-sixth street and Penn avenue yesterday noon. He was taken to the West Penn hospital, where it was ascertained that he was not seriously injured.

Saloonkeeper Missing—George Huber, a saloonkeeper at No. 2734 Carson street, is reported as missing since last Wednesday, when he took $1,400 to go to the court house to pay for his license. He secured the license and was afterward seen in a Smithfield street saloon.

Didn't Like Her Quarters—Mrs. M. McGall, who was committed to jail Monday night by Alderman Henry Eynon in default of a fine of $10 and costs, decided after spending a night and a day in jail that she would pay the fine. She was released about 6 o'clock last night. When locked up she had $54.

Uraemic Poisoning Caused Death—Michael Grebish, a laborer, 40 years of age, employed in Jones & Laughlins' South Side plant, died yesterday morning in the South Side hospital of uraemic poisoning. Because the man was taken sick at his work it was reported to be a case of heat prostration.

More Cars Needed—The commission appointed by City Recorder J. O. Brown to consider the question of the congested condition of the street car traffic of the city is expected to have a meeting next week. Reuben Miller, the chairman of the commission, is out of the city at present, but is expected to return in a short time.

Held Up at Dusk—Frank Vale, a clerk at Kelly's wholesale drug house on Seventh avenue, was held up by five men near Ross Grove, on the West Penn road, last night. Vale lives at Ross station and was on his way home from the city. The holdup occurred just at dusk, but the men got nothing, being frightened away by the approach of other people.

Labor Delegates Elected—Fort Pitt lodge, No. 228, Mechanics' International union, at a meeting last night in McKnight's hall, Federal and Lacock streets, Allegheny, elected David Dorland, Anthony Snyder and Myrlan Russell delegates to the convention next Sunday, which is to arrange for the Labor day celebration. The lodge added seven new members and reinstated two.

Compromise Proposed—The Stone Contractors' association has made a compromise wage offer to the stonemasons for the new agreement which is to go into effect June 1. The five district unions of the journeymen stonemasons have asked for an advance of 5 cents an hour. The contractors, who met last night in the Lewis block, now offer an advance of 3 cents.

Credit Men Meet Tonight—The Association of Credit Men will hold its annual election at the Hotel Henry tonight. The present officers are: W. A. Oliver, president; A. R. Darrah, vice president; W. L. Danahy, secretary; W. H. Cochran, treasurer. All will probably succeed themselves, although there are several candidates for secretary. About 125 of the leading business houses will be represented.

Will Form Auxiliaries—The meeting of the board of managers of the Boys' Industrial home was held in the East Liberty Young Men's Christian association last night. To meet the expense of organizing auxiliaries in various county seats a committee on finance, composed of L. T. Yoder, Mrs. E. W. Stone, W. H. Jamison, T. M. Porter, the Rev. T. M. Cleland, who will act as financial secretary, and Charles F. Dean, treasurer, was appointed.

Broke Into Vacant House—John Foglav, an Italian, living at No. 902 Webster avenue, was found by Policeman John Tobin wandering through a vacant house at No. 3 Poplar alley with a lighted candle about 10 o'clock last night. He had gained an entrance by prying open a window and could give no explanation as to what he was looking for when questioned by the officer. He was arrested and lodged in the Center avenue station as a suspicious person.

Will Honor the Dead—Maj. A. M. Harper post No. 181, Grand Army of the Republic, of Braddock, has completed arrangements for the annual observance of Memorial day on May 30. Invitations have been sent to all the public schools in the borough to turn out and help the old veterans honor the memory of their departed comrades. The Rev. G. W. Haws, pastor of the United Presbyterian church, will deliver the address in Braddock cemetery and the Rev. William Bucher of the First English Lutheran church will deliver the address in Monongahela cemetery.

Deaths of a Week—There were 142 deaths in the city last week, 132 of which were of white people and 10 colored. Thirty-four died in public institutions and 13 were coroner's cases. This is an annual death rate of 21.34 per thousand of population. Pneumonia caused the greatest number of deaths, 22 being due to that disease, while typhoid fever claimed 13 and diphtheria and scarlet fever 5 each. Four were due to railway accidents, 1 to murder and 1 suicide. There were also reported to the bureau of health 125 cases of infectious diseases, 75 being of typhoid fever, 29 scarlet fever, 14 smallpox and 7 diphtheria.

Disputing Over an Estate—Disputing over the estate of his dead mother has led to the arrest of John Bittner, an undertaker at No. 2726 Carson street, at the instance of his sisters. The property left by the mother is at Nos. 2104-2106 Carson street. A few weeks ago notices of orphans' court sale were posted on the property, and they were at once covered with mud. When the property was sold John Bittner bought it in, and this angered his sisters, Mollie, Rose and Frances. He says that he was assaulted by his sister Frances with a flatiron when he went to see why the water had been shut off from the tenants in the rear, but she says that she simply held the iron in front of her and that he ran into it.

THE CRIMINAL INSANE SHOULD BE SEPARATE

NEW STRUCTURES NEEDED

Doctors Opposed to Enlargement of Existing Buildings—Dr. Hutchinson of the Western Pennsylvania Hospital, Dixmont, Leading Witness.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Philadelphia, May 6.—The first meeting of the commission appointed at the last session of the general assembly to investigate the condition of the insane at the various state hospitals was held today. The members of the commission are State Senators William P. Snyder of Chester, John M. Scott of this city, William C. Sprout of Delaware and Nelson Heldelbaugh of Lancaster; Representative Marshall, speaker of the house; Ward R. Bliss of Delaware, Henry Hall of Pittsburgh, D. M. Anderson of Washington and Frank B. McClain of Lancaster. Chairman Snyder conducted the examination.

Dr. H. A. Hutchinson of the Western Pennsylvania Hospital for the Insane, Dixmont, took the stand. He said he considered the present state laws for insane institutions good and ample, and that he knew of no abuses. Additional buildings for emergencies of any kind and a building to treat contagion, have been provided.

Questioned regarding possible benefits from a civil service system Dr. Hutchinson expressed doubt as to its practibility. He likewise declined to favor the system in vogue among New York superintendents of meeting in conference every two months.

The witness believed a large majority of patients improve, but at present the greater number of patients are incurable.

"What do you think of the treatment of criminal insane?" asked Mr. Bliss.

"I think it a crime to make a jailer of a superintendent. We have 54 such cases in our institution and I must admit they are a hindrance to the happiness and well being of the 700 other patients."

Asked by Mr. McClain if in his opinion the state could better the condition of its institutions by enlarging the present buildings, the witness suggested entirely new buildings, but was opposed to the enlargement of present institutions. Some of the hospitals are crowded, he said, and in view of the increasing number of state patients being admitted every day, smaller buildings are more practicable. The state allowance of $3 75 a patient he considered inadequate, but did not suggest a sum sufficient for the purpose.

Dr. Morris S. Guth of the Warren Insane hospital was then called. The criminal insane, he declared, should be treated in a separate institution.

Stewart John L. West of the state hospital for the insane at Norristown favored a central source of supply over the present system by the estimate plan. Enlarging the buildings, he thought, would not be productive of good results to the 2,250 patients now in the institution. The laws now in force he considered ample.

Dr. O. O. Richardson also of Norristown followed. While he had no woman superintendents at his hospital he considered the appointment of women in women's departments a good thing.

George W. Wilson, director of the Pittsburgh department of charities, and Dr. J. L. Srodes, physician in charge at Woodville, Allegheny county, were heard. Their opinions were the same. Director Wilson believed the care given by the cities and counties is equally as good as that of the state and the cost is much lower. He did not think additional legislation necessary.

There will be another session of the committee in the morning, probably the final one for the present.

To Build New Plant.

The Pittsburgh Clay Pot Company is preparing to erect new works to cost about $75,000, at a site not yet selected, but which will probably be somewhere in the Pittsburgh district. The company recently bought 1,000 acres of additional fire clay property in Kentucky. A. H. Heisey is president of the company.

Best Body Brussels at $1.15

Right in the midst of the busy season we find an accumulation of patterns that have been more or less cut into—
They are whole rolls—or chiefly so at least—not remnants—
and of course are the choice of the season's designs and colorings—as those are always first to get into the broken-line lots—
They are the regular $1.35 quality—the very best Body Brussels made—

On sale this week at $1.15 a yard.

In the Matting, Rug and Drapery Departments you will find some very choice things for porch and summer cottage furnishment—

Invite Roosevelt.

Recorder Brown meets the suggestion for a rousing celebration of the Fourth of July in a proper spirit. He has already begun to consider plans and is an enthusiast on the proposition that Pittsburgh, which has taken such an active part in the development of the industrial resources of the country should also be foremost in patriotic observance of the natal day of the republic. The blessings of freedom and the spirit of popular sovereignty have had no higher development anywhere than in this section. Here labor has reached its highest efficiency, reward and nobility. Here is where the president of the United States should come to help celebrate. Give him a cordial invitation at once before other demands claim his first attention.

Death's Shining Marks.

Death has been busy with the shining marks. In congress three desks are draped in token that three members of the house of representatives have passed from earth. These were men of local or national fame. In two days three others, men of international reputation have joined the silent majority. These are Rear Admiral Sampson, Archbishop Corrigan and Francis Bret Harte.

William T. Sampson, rear admiral of the United States navy, on the retired list, is best known to the American public as the commander of the fleet that blockaded the Spanish ships in Santiago harbor and afterward sunk them when they attempted to escape. The American commander-in-chief was absent during this engagement, his flagship catching up with the fight after the last ship of the enemy had been forced ashore. The last shots of the controversy that has raged over who should receive credit for the victory have hardly ceased to echo when the tired brain of the central figure of the dispute ceases to throb. Long before that it had ceased to know or care. In fact, while the Schley court of inquiry sat, Admiral Sampson was ignorant of its doings, or that it existed, or that there was any controversy. Before he went on the retired list his mind had succumbed to the too great a strain that he had placed upon it in his country's service, and since then there is little that has had any significance for him. It is a pathetic close to a creditable career. Admiral Sampson was a man of unquestioned ability. He was master of his profession, and through a public life that began with the civil war he served his country devotedly and well. His work in planning the naval campaign in the Spanish war was of inestimable value, and to the hard work of that time was due the breakdown that robs his family of the prop that might have been theirs for years to come. The fierceness of the Schley controversy robbed Sampson of credit that was his just due and placed him in a false light. There was, as Schley said, glory enough for all, but Sampson's share will be apportioned to him in the minds of the people all too late. An unfortunate lack of tact caused him to be misunderstood, but that he served his country faithfully and courageously and that he gave his life for it as truly as though his blood had been shed in battle is the only thing to be remembered now.

Michael Augustine Corrigan, archbishop of New York, was a towering figure in the Catholic church. He belonged to and was, indeed, the real leader of the conservative section of that communion. In Europe he would have been termed an Ultramontane. He was a scholar, but his scholarship was colored by the cloister with all that that implies. A man of unquestioned force and ability, conscientious and true to his beliefs, he looked to Rome for his inspiration, and had no sympathy with those efforts to "Americanize" the church that came to grief in the person of Dr. McGlynn and that were given a quietus in the papal encyclical of 1899, though having for a champion among other eminent ecclesiastics so eminent a prelate of the church as Archbishop Ireland. It is little wonder that Archbishop Corrigan, once in eclipse, has in later years been in high favor at the vatican, whose devoted son he has been, whether standing in its sunshine or in the chill of its shadow, and whose influence he has at all times endeavored to strengthen when others sought to weaken its control or loosen its bands. Liberalism had no friend in the dead archbishop. He saw Rome as the source of spiritual authority, and to his mind the spiritual authority dominated all earthly concerns. He was a strict disciplinarian and as college president, diocesan and metropolitan showed administrative breadth and power. As a man, he was respected even by his enemies of whom he had not a few, for his positive qualities were such as excite resentment as well as admiration. As a shepherd he undoubtedly had the esteem of his flock, but hardly their love, for in his own person his head never lost control of his heart. Nevertheless, he abounded in good works, and leaves his metropolitan see rich in institutions of charity and mercy for the orphan, for the unfortunate and for the erring.

The world of literature was enriched by Bret Harte, who yesterday passed on. Although for more than a score of years he had been residing in Scotland and England, having been United States consul at Glasgow from 1880 to 1885, Mr. Harte remained a typical American, conducting his literary work with the animation that won for him such eminence in his native land. He was a pioneer deiver into the rich deposits of American frontier life, later profitably developed by many others, but his early stories still retain the charm that characterized them when they were written. In his chosen field of work he was a master, combining wit, humor and pathos in a manner peculiarly his own. As a writer of short stories, however, he gained his greatest distinction. His tales of the mining camps will long be read with interest.

The good that these men did will live after them. Their places in the world's work will be filled, but the world is richer for their having lived. They have added to the general store in their several ways.

Promise of Better Facilities.

A report from the commission investigating street car congestion is expected soon, as the Philadelphia Company engineers have completed the desired plans and specifications. This report will be awaited with great interest by all since it must cover a subject of the utmost importance to every citizen. The inadequacy of present transit facilities is conceded everywhere. The crowding of the downtown streets is not less obvious, but the problem of providing the best remedy is rather more difficult than the perception of existing unsatisfactory conditions.

Incidentally the time card committees of the railroads are at work on the spring schedules, and it is announced recommendations have been made for better suburban service, at least on some lines. This will be a step in the right direction. More suburban trains might be profitably operated on all roads leading out of the city and an extension of the accommodation territory on some lines would be wise. The population of Pittsburgh is not gathered within city limits and the building up of the surrounding district means as much to the railroads as the growth of the municipality—possibly more. There is need, anyway, for general increase of facilities for communication between the business center and the outlying population.

American Representatives in Cuba.

Herbert G. Squiers of New York, who will be the first American minister to the republic of Cuba, is a Canadian by birth and an American by choice. He is admirably fitted for the post for which President Roosevelt has selected him. Men competent to judge regard Mr. Squiers as one of the most accomplished and shrewdest diplomats in the service of the United States. Since 1898 he has been secretary of the American legation at Peking. During the terrible siege he acquitted himself with sagacity and gallantry, and it was in that trying period that he became known to the people of the United States. From secretary of the legation in the Chinese capital to minister to Cuba is a promotion that Mr. Squiers has deservedly earned, and the interests of the United States will be safe in his hands.

The determination on President Roosevelt's part to appoint Gen. Edward S. Bragg consul general at Havana was a surprise. Squiers had been mentioned for minister, but Bragg had not been spoken of as likely to receive the second office, because he has been a Democrat all his life, and because the supply of eligible Republicans for office has by no means been exhausted. Gen. Bragg served in the Union army all through the war, and during part of the time commanded the famous Iron Brigade. He it was who loved Cleveland for the enemies he had made, and that president made him minister to Mexico. His diplomatic experience in our sister republic will be of value to him in his new duties at Havana. Always accustomed to do his own thinking, and being thoroughly convinced that Bryanism was rank political heresy, Gen. Bragg would have nothing to do with the Democracy when so many of that party joined themselves to silver idols. He refused to support Bryan in 1896, and four years later he took the stump for McKinley. His selection to be consul general at Havana is therefore in the nature of a reward of merit.

The Stream from Europe.

It must be annoying to the Dominion authorities, who are trying to coax immigrants into Canada, to find their invitations refused by seekers of new homes, who rush in record-breaking numbers to the United States. Canada needs settlers and is spending a great deal of money to attract them. The United States can get along very well without further increases of population from abroad, and would be quite willing to see the tide that now sets so strongly into New York harbor deflected toward Dominion ports.

The present year promises not only to break the American immigration record, but to put the figures a long way above the previous high mark. The total number of immigrants that arrived in New York in 1901 was 438,868. The first four months of 1902 saw 178,604 foreigners enter that port. This number is almost as large as the entire population of the state of Delaware. It is larger than the population of Idaho. In four months foreigners enough to people a city larger than Allegheny have arrived in New York and distributed themselves over this broad land. A small proportion of these newcomers would have made Canada happy, but the Dominion cannot attract many immigrants from the mother country, to say nothing of other European nations. It is exasperating to our northern sister to examine the statistics and to learn that in the nine years preceding 1890 more than 1,500,000 immigrants left the United Kingdom, and that only 13 per cent went to Canada, while 68 per cent came to the United States. At its present session the Canadian house of commons has voted $442,000 for immigration purposes, and the hope is entertained that the expenditure of this money will convince many immigrants that Canada is a good country to grow up with.

The development of pastimes into fads has generally been followed by some new physical feature, such as the bicycle hump, the golf shoulder, the tennis elbow and the automobile face. It was believed, therefore, that the latest craze had "all that was coming to it" when the ping-pong wrist took its place among the ailments, but now we are informed in a cablegram from London that the ping-pong ankle has been discovered and classified. Were the playing of ping-pong confined entirely to male enthusiasts there would be but little concern, but the fact that it isn't makes the ping-pong ankle a matter of grave import. Men can hump about without attracting much attention, but the woman who ping-pongs must "view with alarm."

POPE IS DEPRESSED BY CORRIGAN'S DEATH

His Holiness Expressed Great Sorrow at Demise of the Archbishop.

ROME, May 6.—The pope was greatly distressed when informed of the death of Archbishop Corrigan of New York. His holiness had been a constant inquirer for news throughout the archbishop's illness, sending daily to the American college for information regarding the sick prelate's condition.

Monsignor Angeli, the pope's private secretary, broke the news gently to his holiness. The latter was greatly depressed and said:

"It has been one of the greatest bitternesses of my long life to see the strongest champions of the militant church claimed by death. Archbishop Corrigan was very affectionate to us. We esteemed and loved him greatly."

The pope then retired to his private chapel in prayer.

French Opera Is Not a Success in New York

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, May 6.

It seems to have been demonstrated that French opera in the original tongue cannot remain profitably at a New York theater for more than a day or two. The company which has been giving light opera in French at a theater in this city for the last six weeks or so finds itself flat broke today, and the members cannot get back to their native country without outside assistance. So there was a theatrical benefit performance for them tonight, under the patronage of the French residents of the city. It may be that the performances were not up to the standard that this city requires. That has not been proved, however. The old favorites of Offenbach, Audran, Lecocq, Herve and the rest have been presented by full casts, with all the traditional "business" supplementing tuneful music well sung. The principals in the company are clever and the chorus, as good looking as the average comic opera chorus, can sing. But New York would not have it. For the first few nights, while the idea of opera bouffe in French was a novelty, some of the jaded playgoers who were sick of everything went to this theater and became enthusiastic over the entertainment. Then they became tired of straining their meager knowledge of the language while in the theater, after a weary session with Offenbach at home, and they declared that the performance was not up to the Paris standard. "Pouf!" says Mademoiselle Laya, the prima donna, to this. "What do they know of Paris?" Anyhow, the French opera company did not get its salaries and the manager has no money for the ocean passage of his troupe. The benefit tonight is expected to remove that difficulty, although "benefits" are notoriously uncertain. Some managers declare even now that they can make French opera pay in New York, but it does not seem likely that they will try the experiment until the memory of the unlucky one just finished has faded from their memories.

Not So Sure About May Yohe.

It is declared by May Yohe's attorney, "Manny" Friend, that she and Capt. Strong positively will not appear on the vaudeville stage. The Rialto grins. There seems to be no doubt that a bona fide offer of $1,500 a week for two weeks has been made to the couple by a responsible manager, but Miss Yohe is reported as absolutely declining it. Mr. Friend says that there is no desire on the part of either of them to enter vaudeville. This, doubtless, is true so far as Capt. Strong is concerned, but the wise ones who frequent the theatrical part of town are not so sure with regard to Miss Yohe.

The Cleansing of Coney.

Judge Aspinwall doubtless meant well when he directed the grand jury in Brooklyn yesterday to "clean up" Coney Island; but would the frequenters of "Old Coney" like it so well in that condition? By cleaning up Judge Aspinwall explains that he means the driving out of gambling and "bad shows." Probably he includes the Coney Island glass of beer with the high collar, the hot corn, the fortune tellers, the palmists, the men that weigh and measure you, test your lungs, and let you try how hard you can strike, either with a sledge hammer or with your fist; the cinematograph men, the merry-go-rounds, the loop-the-loops, and all the other time-honored entertainments of the place. Coney Island is disposed to be blackguardly, especially on Sundays; but, on the whole, it fills a place in the desires of the populace, and those that do not like the way the things are conducted there can find other seashore resorts by the dozen within easy reach of New York. Judge Aspinwall, in attempting to clean up Coney Island, will be approaching a task that has been taken up by hundreds of reformers in the last few years, uniformly without success. Coney is clean enough to suit its habitues, and it always resents interference.

Modjeska's "Farewell."

Some of the papers here are hurt because Mme. Modjeska was allowed to give her last performance in America in Orange, N. J., a few nights ago, without any particular fuss being made over the event. The reason is simple and sufficient. As I have it from a Pittsburgher connected with the tour she has just finished, the "farewell" business seemed to have been slightly overdone, so far as this distinguished actress was concerned, and it was thought good policy to say nothing much about it this season. Besides, the chances are ten to one that Mme. Modjeska will play in America again; if not next year, then the year following. Stick a pin in that.

The Washington Heights Boom.

Forty million dollars is the modest sum that it is intended to spend in buildings in and about Washington Heights in this city. It is said that a number of real estate men of influence and wealth have planned a deal which will involve the building of a series of villas of palatial luxury and several monster apartments with all modern equipments. These will be on the two-mile ridge overlooking the Hudson river from One Hundred and Sixtieth street to Inwood, and along Broadway boulevard, from One Hundred and Thirty-third street to One Hundred and Sixtieth street. The most beautiful part of New York city is Washington Heights, beyond all question. It has been somewhat inaccessible, but that objection has been almost entirely overcome and will be altogether when the new rapid transit road is in operation.

A Costly Window Blind.

It seems that some of the municipal commissions here are a little too generous to themselves in the matter of salaries. The corporation counsel, George L. Rives, is trying to cut down the expenses of commissions, and brings to light some interesting facts connected with them. He says he has discovered that one commission held 20 meetings before it could decide the question, "Are window blinds real estate or personal property?" As members of the commissions get $6 apiece for each meeting they attend it can be seen that this window blind question was rather a costly one for the city.

Metropolitan Museum Attractions.

The attendance at the Metropolitan Museum of Art in Central park today was very large. The museum was reopened yesterday after undergoing a thorough renovation at the hands of cleaners, painters, gilders and decorators generally. Eleven new pictures have been added permanently to the collection of famous paintings and 200 temporarily by loan. Among interesting items in other departments of the museum is the "Saturnalia," by Blondi, a piece of sculpture valued by connoisseurs at $150,000. The most valuable of the new paintings given to the institution is Rubens' "Holy Family" from the Matthiessen collection.

Proof of Cummings' Popularity.

Amos J. Cummings, the congressman and journalist, was buried today at Clinton cemetery, Irvington, N. J. The funeral services were held last night in this city. Among the many anecdotes of this unusually popular man that have been afloat in New York since his death, I heard this from a Pittsburgher the other day: Many years ago this Pittsburgher, who at that time was a typesetter, made application to join Typographical union No. 6 of New York, familiarly known as "Big Six." Amos Cummings was president. He indorsed the application of the Pittsburgher, telling him that as it was customary to have two names on the paper, it would be well for him to get someone else to indorse the application. The Pittsburgher hunted up other members of "Big Six," who, he thought, might be willing to give their names to his paper; but in every case they declared that Amos Cummings' name was as good as any other two, and it would be a waste of energy for them to sign the application. And so it proved. The paper went in with the one name and the Pittsburgher was unanimously elected.

Half-Masted Flags for Dead Prelate.

A continuous line of prominent people has passed into the archiepiscopal residence, in Madison avenue, at the back of St. Patrick's cathedral, today to pay tribute to the memory of the late Archbishop Corrigan. The dead prelate had so many friends in this city, Protestant and Catholic alike, that it would be impossible for even a hundredth part of them to be admitted to the house. Only persons well known to the household were allowed inside the residence. The body will lie in state in the cathedral tomorrow, and then there will be an opportunity for the public at large to look upon the face of the dead. The board of aldermen has passed a resolution that the mayor direct all the flags on all city buildings to be placed at half-mast on Friday, the day of the funeral, and it is understood that he will comply.

Not a Ripple on Wall Street.

Wall street had resumed its normal condition of busy quietude today. The flurry over the three failures yesterday has subsided and no one is troubling himself much about the Webb-Meyer difficulty—not even Dr. Webb, apparently.

Social Chance for the Aldermen.

The board of aldermen, while in a resolution-passing humor, resolved that its president should appoint a committee of 15 aldermen to assist Mayor Low in receiving the delegation of the French army and navy who will be present at the unveiling of the Rochambeau monument in Washington on the 24th inst. The visitors will be received at the city hall in New York on the 27th. This will be a great chance for the aldermen to show their paces socially, and it is said that Alderman Bridges will on that occasion sport his famous "funeral coat." Incidentally, the aldermen today voted to ask the board of estimate to set aside $7,500 to cover the expenses of the reception to the Frenchmen.

Ping-Pong Atmosphere in a Play.

Ping-pong has got into the drama. In the new play, "Hearts Flame," which is to be produced at the Garrick theater on Monday next, there is a game of ping-pong in progress when the curtain goes up on the first act. To make it realistic, the stage manager will have some young women who are expert ping-pongers to play the game, and the "atmosphere" of the ping-pong tournament will be of just the right density and flavor, it is promised.

Intoxicating Broadway Weather.

These are the evenings when Broadway is at its brightest and best. The air is balmy enough to permit of sitting along the front of stores which have accommodations for sitters (and there are many such in the stretch from Herald square to Forty-second street), while the strollers find it pleasant to walk slowly instead of hurrying to keep warm, as was the case up to a few nights ago. The value of a brightly-lighted show window as an advertisement is understood by storekeepers in this favored neighborhood, and one may spend an interesting hour or two after dark looking at big displays of diamonds, jewelry, silverware, new style haberdashery, shoes, candies, pictures, statuary, photographs, and so on throughout all the wares that are likely to interest the cosmopolitan as well as the casual visitor from Slumguls Corners. There were thousands of people on the wide Broadway sidewalks tonight, and the procession was as gay as a carnival crowd in New Orleans. It was the weather that did it. New York has been yearning for warm air in the evenings, and now that it has come it is actually intoxicating.

Lost Baby Playing Ping-Pong.

A woman was shopping in a large department store in Harlem this afternoon when suddenly she shrieked: "My baby! Someone has kidnaped my baby!" There was a rush of clerks to her side as she tore frantically up and down, and a policeman came in to see what the racket was all about. The distracted mother told him. He went out to see whether the child, a 2-year-old toddler, had got to the sidewalk. No result. At this moment the mother made a dive behind a corner and held up the innocent cause of all the trouble. The youngster had found a ping-pong ball and was playing the newest game by itself in the dark. The policeman was told that the baby had been found, the business of the store was resumed where it had been broken off and the baby was trying to force the ping-pong ball down its throat, seeming to like the taste of it.

Light Cure for Consumption.

Experiments with an actinolite, an instrument for concentrating rays of light on the body for the cure of consumption and cancer, were conducted today in Flower hospital. The instrument is the first to be used in America. It is a gift from W. B. Kinhardt, and he says that if the experiments are as successful as he hopes they will be, he will erect a new wing to be used exclusively for this new method. It was used on a well-known Pittsburgher with excellent effect two or three years ago.

THE DEATH ROLL.

Richard Rowe.

Richard Rowe, the oldest member of Eagine Company No. 7, and the only engineer that company has had since it was first organized as a volunteer fire company, 55 years ago, died last night at 9:50 o'clock at the family home, No. 2311 Penn avenue. Mr. Rowe, who was one of the best-known firefighters and Grand Army men in this city, was, with one or two exceptions, the oldest member of the Pittsburgh bureau of fire, having served on the department continuously for 44 years, 32 years of this time being on the paid department. During his service on the department he attended probably as many fires as any other man, as the records of No. 7 show that company to have been one of the busiest in the city. Mr. Rowe's death was caused by a general breaking down of the system brought on by asthma from which he had been a sufferer for over three years. During this time he was unable to sleep in a bed and was compelled to secure his rest by sleeping in a chair. Although broken in health by the long and severe attack, Mr. Rowe continued on duty at No. 7 engine house, Penn avenue, near Twenty-third street, until recently, when he was compelled to remain at his home, where his death has been expected for the past two days. Mr. Rowe was born in Pittsburgh 68 years ago. At the age of 24 years he joined the old Independence volunteer fire company. When the first call was sent out for troops for the civil war, Mr. Rowe, with almost every member of the old Independence company, enlisted and went to the front in defense of the flag. He first enlisted in Company A, Seventh Pennsylvania infantry, which with another company, was organized in this city. After three months it was merged into the First Maryland cavalry and assigned to the Army of the Potomac. In 1865, when some of the old members of the Independence company returned from the war, the old company was reorganized and in 1870 was merged into the paid department and John Steel, now assistant chief engineer, was appointed the first foreman of the No. 7 company. In 1871 the company went to Chicago to assist in fighting the big fire which almost destroyed that city and for five days the Pittsburgh company remained in that city. Engineer Rowe is entered on the records of the fire bureau as one of the men who never for a moment left his engine. He was also found at his engine's side during the railroad riots of July 21 and 22, 1877, when his company was the first to reach the scene of the burning freight cars and was later driven back to Twenty-first street by the strikers. Mr. Rowe was also present at the big fire in 1885 in Third avenue, near Wood street, when Foreman Nelson Woods lost his life in the collapse of the building. At the big fire about five years ago at Thirteenth and Pike street, Mr. Rowe also took a prominent part, and was within a short distance of the place where the explosions occurred on that memorable morning which blotted out the lives of a number of firemen. He was for many years a member of G. A. R. Post No. 41. He is survived by his widow, three sons and one daughter. One son, Harry Rowe, is a member of the United States cavalry and is at present stationed in the Philippines. Miss Katherina Rowe, a teacher in the O'Hara public school, is a daughter.

Francis J. Carey.

Francis J. Carey is dead at his home, No. 2007 Second avenue, as a result of exposure while fighting a fire. Mr. Carey was connected with the local fire department for 17 years, as a member of Company No. 4 and later of No. 13. About eight years ago his company was called to a fire on a cold February night, and by the time the blaze was extinguished Mr. Carey was covered with ice. He never recovered from the exposure and about two years ago was compelled to resign from the department. Mr. Carey was born on the Atlantic ocean while his parents were coming to the United States from Ireland, 50 years ago. He spent the greater portion of his life in this city. He is survived by his wife and six children: Thomas, Annie, William, Elizabeth, John and Francis Carey. He was a member of St. Agnes' Roman Catholic church, from which the funeral will be held this morning.

John W. Allison.

John W. Allison, aged 73 years, died last night at his home in Rankin. He was well known and quite prominent in Rankin, and had been identified with the steel and wire business for many years, and of late years has been connected with the Rankin plant, of the American Steel & Wire Company. He was born in Sweden and came to this country 50 years ago, locating in Rankin shortly after his arrival. He was a member of the Bethel Swedish Lutheran church of Rankin. He is survived by one son, Axel Allison.

Funeral of Amos J. Cummings.

NEW YORK, April 6.—The funeral of Amos J. Cummings, late representative in congress from the Twelfth New York district, took place today from the Cummings home, this city. The services were conducted by the Rev. W. S. Crowe of the Universalist church of the Eternal Home. Senators Bailey of Texas and Kean of New Jersey, and Representatives O. H. P. Belmont, Goldfogle, Ruppert, Creamer, Wilson, Randell, Kitchin, Clark and Clement attended the services.

John Maddock.

John Maddock, 50 years old, died at his home in Wilkins township, near Turtle Creek, yesterday afternoon. He leaves a wife and five children. Mr. Maddock was born in Scotland and came to this country 20 years ago. He was a member of the Clan McPherson. Only two weeks ago he returned from a visit to his old home in Scotland.

Congressman J. S. Salmon.

MORRISTOWN, N. J., May 6.—Representative J. S. Salmon of the Fourth district of New Jersey died suddenly today at his home in Boonton. Apoplexy was the cause of death. He was 56 years old and was serving his second term in congress as a Democrat. A widow, two sons and a daughter survive him.

Mrs. J. H. Johnston.

Mrs. Margaret C. J. Johnston, widow of J. H. Johnston, is dead at her home, No. 4206 Alder street, East End, in her 54th year.

THE PRESIDENT MAY SPEAK HERE JULY FOURTH

Continued from First Page.

hard matter it is to get him to leave home and make speeches.

"The money for the celebration will be raised by public subscription, as before. We have no city money available for such an entertainment. The program will be on the same order as in former years, but we will try to make it surpass anything we have ever done before. We will run in new things wherever we have a chance, but I guess that will be principally among the fireworks.

"I rather think it will be after Decoration day before we do much with the Fourth of July. I doesn't do to thresh these things over too long beforehand, because people get tired of them and lose interest. With the prosperous times we have been having I think we ought to have no difficulty in obtaining a large fund. Plenty of money is a necessity when it comes to a celebration like this."

Col. Logan Willing.

Col. A. J. Logan, president of the chamber of commerce, is heartily in favor of a rousing celebration on the Fourth. He said:

"I am entirely in favor of keeping up any of the city's old, established customs. This, I believe, is one of the best, and I hope to see a fine day. We ought to do enough on that day to make our own young people and the foreigners investigate the meaning of the day and then they would know why we celebrate.

"I don't see any reason why the president could not be brought to Pittsburgh that day. You know he has never been here in any official capacity at all, and now is a good chance for him, provided, of course, he is asked before he has accepted some other invitation. It seems to me that every person ought to take a great interest in the celebration, and be willing to make a liberal contribution to assist in paying the bills. I think that all the so-called patriotic societies ought to be asked to take part to the extent of appointing a committee to help in the work and thus relieve a city official, who already has all that he can attend to in looking after the duties of his own office, without bothering about Fourth of July celebrations.

"It seems to me that we should arrange for a great day here, one that will surpass anything we have had in former years. Of course, we have had fine celebrations before, but there is no reason why we should not best last year, just a little this time. You may say for me that I am entirely in favor of bending every effort to make this Fourth of July the most successful one we have ever had."

PERSONALS.

E. F. Furgeson, a tea and rice planter of Assam, British India, who has been visiting the principal cities in the United States, was in Pittsburgh yesterday and last night went to Washington, D. C., where he will call upon the secretary of agriculture to get some information regarding the sugar beet. "I have been through the sugar beet belt of the west," he remarked last night, "and think the soil of India capable of raising the beets. I have a number of packages of seeds from the famous farms in the west, but want more information as to propagation and the maturing of the beet. In some parts of India there is much starvation, as the crops have not been good for several years, owing to a lack of rain. In Assam the rains have been generous and there has been little cause for complaint by the natives. The rice crop has been prolific and the sugar cane the best in many years. We have been free from the bubonic plague, but there has been more or less cholera among the natives. The natives are not cleanly in their habits and a white man should be drink from any of the streams from which the natives get their daily supply, would die in a few hours. English surgeons have done and are doing everything they can to stamp out the bubonic plague in India, but until the natives become more civilized their work will be fruitless. Assam raises some of the finest tea in the world and the season prospects for a large crop were excellent when I left India. The best grades are sent to Russia, England and America, but the greatest tonnage goes to Russia, which consumes nearly as much tea annually as China. Most of today I spent at Homestead and I must say it is the greatest industrial plant in the world. I say this after having visited the Krupp works in Germany."

W. C. Borchors of Washington, Pa., was a passenger to Philadelphia last night. "Before I left home," he remarked, "I attended a meeting of the directors of the Title Guarantee and Trust Company and the Washington Trust Company. It has been known for some time that both companies would consolidate and the meeting yesterday was to carry out this design. The action of the directors as regards the consolidation will be made public in the Washington papers today. The capital stock will be $500,000, which takes in the capital stock of both companies. Before the transfer of stock is made the Title Guarantee and Trust Company will declare a dividend of 12½ per cent. The company will take the title of the Washington Trust Company and will occupy the new six-story building at East Beau and Main streets."

John Schneider, aged 73 years, of Spencer, O., was a passenger to Altoona over the Pennsylvania railroad last night. "I have left the farm," he remarked, "to visit my brother William, whom I have not seen for nearly 35 years. I am not sure that I will find him in Altoona, but that was the last place I heard from him. Then I will go to Bellefonte to see my sister, Mrs. Jacob Yost, whom I have not seen for 20 years. Don't you think they will be glad to see me?" he said to the reporters, as he boarded his train.

David Lee of Zanesville, consulting engineer of the Baltimore & Ohio railroad, came into the city in a private car yesterday. He will leave this morning for a trip over the Connellsville division and will be joined by J. H. Graham of Baltimore, chief engineer of the Baltimore & Ohio railroad. They will inspect the various improvements now being made on the Connellsville division.

A. H. Leslie, director of public safety and Dr. J. G. McNeil, city veterinarian, went to Louisville over the Panhandle last night to attend the meeting of the National Association of Chiefs of Police. Director Leslie, who is a life member of the association and ex-president, will respond to the toast "Reciprocal Relations of Policing."

A. B. Miller of the Miller Grocery Company has returned from an extended trip to the Pacific coast, where he went last fall for the benefit of his health.

Society.

MR. AND MRS. JOHN S. SLAGLE celebrated the fiftieth anniversary of their wedding at their home, No. 1125 Allegheny avenue, Allegheny, last night. No invitations were sent out for the function, but almost 125 persons attended it.

From early yesterday morning until midnight, Mr. and Mrs. Slagle were the recipients of many congratulations. Residents of Allegheny who have known the couple for years called at the pretty little home in Allegheny avenue, while many persons from distant cities who happened to be in Pittsburgh yesterday and learned of the celebration called at the house.

Many presents were received as souvenirs of the occasion. The gifts were bestowed by members of the Slagle family and intimate friends. They consisted mostly of gold pieces, jewelry and ornaments.

The Slagle home was tastefully decorated. Roses and carnations, with other cut flowers, formed the interior decorations, and southern smilax, ferns, palms and other greenery were used in the halls and porches.

Mr. and Mrs. Slagle personally received the guests in the drawing-room and were assisted by their three children and five grandchildren. After the first part of the evening had been spent in social enjoyments the guests repaired to the dining-rooms, where a luncheon was served.

Mr. and Mrs. Slagle were married May 6, 1852, at Sandusky and Ohio streets, Allegheny, by the Rev. Dr. Elisha P. Swift, then pastor of the First Presbyterian church of Allegheny. The old marriage ceremony was used, and George M. Reed, who acted as Mr. Slagle's best man on the occasion, was one of the honored guests last night.

The assemblage that gathered at the Slagle home last night was composed only of relatives and near friends of the family. The celebration was planned by the children of the couple. The Rev. Dr. Bernard Wolf Slagle, pastor of the Defiance (O.) Presbyterian church since 1862, a brother of Mr. Slagle, was present, but Mrs. Ann C. McConnell, a sister, living in the East End, was unable to attend, owing to her advanced age.

Mrs. McConnell's children, Miss Eliza McConnell, C. B. McConnell and wife, Mr. and Mrs. W. H. McConnell, Joseph McConnell, Mr. and Mrs. James Ross Sherrett and Mr. and Mrs. Alexander Montgomery were in attendance.

The children of Mr. and Mrs. Slagle are: Mrs. Thomas B. Nichols, Mrs. Anna B. Bell, the wife of the Rev. J. Vernon Bell of DuBois, and Jacob Slagle of the Pressed Steel Car Company.

John Slagle Bell, Margaret Anderson Bell, Edward L. Bell, Henry Haller Bell and Anna B. Bell are the only living grandchildren of Mr. and Mrs. Slagle.

Among the out-of-town guests who were present at the celebration were: Mrs. Anna Eyster Scott of Philadelphia, a cousin of Mr. Slagle; Mrs. James P. Berryhill and daughter, Miss Katherine, of Des Moines, Ia.; Mrs. Nancy Seward Slagle of Fairfield, Ia.; Colin M. Reed and wife of Washington, Pa.; Mr. and Mrs. W. C. Rinearson of Cincinnati, O.; Mr. and Mrs. Robert J. Linton of Bellevernon, Pa., and A. H. Heisy of Newark, O.

John S. Slagle was born in Washington, Pa., over 70 years ago. When very young he was apprenticed to Alexander Young and learned the grocery business. In 1852 Mr. Slagle married Miss Margaret Anderson Campbell, a daughter of Henry Campbell, who was formerly treasurer and mayor of Allegheny.

In 1855 Mr. and Mrs. Slagle removed to Pittsburgh, where they lived three years and afterward removed to Allegheny, where they have since resided.

Mr. Slagle started in business in Pittsburgh as a clerk in the Schoenberger iron works and was made a partner in the firm in 1860. In 1872 he became a partner in the iron brokerage firm of Nimick & Co., which place he held until the firm retired from business some years ago. Mr. Slagle is one of the best-known residents of Allegheny, and is at present in the iron brokerage business in Pittsburgh. He has lived on the north side for over 20 years and for some time has been a member of the board of directors of the Western Theological seminary.

Japanese Tea in the East End.

One of the most enjoyable social meetings the Woman's club ever held, was the Japanese tea given yesterday afternoon at the home of Mrs. Robert D. Coard in Howe street, East End. The pretty colonial house was transformed into a Japanese tea house by the use of large collections of curios from the land of the Rising Sun. Japanese screens and richly embroidered altar cloths, pictures, fans, posters, all were utilized in producing the unique effect, greatly enhanced by the artistic arrangement of boughs of cherry blossoms, pots of blooming azalias and vases filled with beautiful double tulips.

The guests were received very informally by Mrs. Coard, who stood alone and unassisted. Her aids in the dining room, where tea was daintily served, were in Japanese costume, a quintet of charmingly-gowned young women. They were Miss Carrie Blumberg, Miss Lucille Sawhill, Miss Gertrude Johnston, Miss Janey M. Coard and Mrs. Edwin Miller. Miss Blumberg's costume was that of a bride of the upper class, a memento of Japan sent to her by her brother. It consisted of a series of exquisitely embroidered garments of finest silk and needlework. Miss Coard wore the costume of a Japanese princess and other gowns were representative of the different classes and occasions in Japan. A musical program was rendered at intervals during the afternoon under the direction of Mrs. Edwin Miller. Among the soloists were David T. Moore and Mr. Vierheller who sang, Miss Stewart being the accompanist. Almost the entire membership of the Woman's clubs was in attendance yesterday at the Japanese tea, together with the officers and representatives of nearly every other club in Allegheny county, 200 guests being entertained.

Concert Given by Pupils.

The pupils of James Stephen Martin gave their annual concert last evening in Carnegie Music hall. There were choruses by mixed voices; Nevin's "Wynken, Blynken and Nod," sung by Mrs. James B. Lantz, Miss Elizabeth C. McNally and chorus; Bemberg's "Ballade a Desespere," was rendered by Mrs. Burton Hanson, recitant; Miss Jane Lang, contralto; Ludwig Schoenberger, violin, Charles Wencell, cello, and Miss Katherine Wilson, piano; quartets were sung by Mrs. McNally, Miss Ethel Skiles, Miss Frances Hamilton and Miss Bertha Baker, the soloists were Miss Grace Hamilton, Mrs. Catherine Ellis, Miss Ethel Skiles, Edward Vaughan, Alfred S. Coopertwaite and W. L. Trout. Mrs. Burton Hanson of Chicago gave a few readings. Mrs. Hanson during her visit in Pittsburgh is the guest of Mr. and Mrs. Martin at their home in Walnut street.

This hat is made of cable braid and black straw. The under brim is trimmed in an attractive manner. Two black wings are laid quite flat on the low round crown.

Another Golden Anniversary.

Mr. and Mrs. Philip Petrie, who were wedded 50 years ago, yesterday celebrated their golden wedding anniversary. The guests, 200 in number, included children, grandchildren, great-grandchildren, other relatives and a host of friends of the old couple, who came from all parts of Allegheny and adjoining counties to the Petrie homestead in Robinson township, near Crafton. The crowd began to arrive about noon, and from that time until evening there was a constant stream of arriving guests. When all had arrived an elaborate supper was served. In the evening the young people of the party had a dance.

Mr. Petrie is now 78 years of age, and his wife is three years his junior, but both are enjoying the best of health.

It was on May 6, 1852, that Kate Yost and Philip Petrie were wedded in the same house that was the scene of yesterday's rejoicing. Both Mr. and Mrs. Petrie were born in Bavaria, Germany, and came to this country 55 years ago. After a brief stay in New York city they came to this part of the country and settled in Robinson township. After a few years' hard toil, Mr. Petrie built a house and it was in this house that the wedding ceremony was performed. They have lived in that house for the entire 50 years. It is now known as the old Petrie homestead and is surrounded by 200 acres of fine farming land.

At the celebration yesterday their eight children, four sons and four daughters, and 26 grandchildren and one great-grandchild, were present. The children are: Philip, Jr., of Robinson township; Frederick of Elliott borough, George of Pittsburgh, connected with the Thomas C. Jenkins Company; William, at home; Mrs. George Hack of Robinson township, Mrs. John Tipker of Moon township, Mrs. John Wasmuth of Pittsburgh and Mrs. Dr. Thomas McColey of Carnegie.

Ascension Day Music.

Ascension day at Sewickley will be celebrated by an even-song service at St. Stephen's Protestant church, Sewickley, at 7:15 o'clock. The vested choir of St. Stephen's will be assisted by a chorus of 22 members of the Wilkinsburg Presbyterian church chorus, J. H. Moore, organist of St. Stephen's, will preside at the organ. The service will be as follows: Organ prelude, "Andante Religioso," Mendelssohn; processional hymn, "Alleluia"; magnificat and nunc dimittis, E flat, Victor Hall; anthem, "Lift Up Your Heads," Hopkins; hymn 374, "Crown Him With Many Crowns;" hymn 132, "Our Lord is Risen;" anthem, "Praise Ye the Father," Gounod; Stainers, "Seven-fold Amen;" recessional, "See the Conqueror Mounts in Triumph;" organ postlude, "Lift up Your Heads," Handel.

Reception of the Art League.

The coming reception of the Allegheny Art league, which will be held in the Carnegie library, Allegheny, on Thursday evening, May 15, is interesting the members of the league, their friends and the artist fraternity of the two cities generally. The reception will be informal and the exhibition held in connection with it will include the work of members of the league who this year have been working under the direction of John Henley Ross. The officers of the league are Miss Rebecca Oliver, president; Miss Mary Hudson and W. D. Van Asdale, vice presidents; Miss Sara Seeley, secretary and Miss Mabel Farren, treasurer.

Officers Elected.

At the annual meeting of the Woods Run Industrial Home, held recently, new officers were elected as follows: Mrs. W. C. Burchard, president; Mrs. Benjamin G. Follansbee, first vice president; Mrs. J. A. Stevenson, second vice president; Mrs. John Coleberry, third vice president; Miss Jeannette C. Kennedy, secretary; Miss E. O. Wickersham, superintendent. The officers and friends interested in the home have already raised a portion of the money required to secure better accommodations and are hoping and working soon to have enough in the treasury for a new and well-equipped building.

Mrs. Card's Luncheon.

Mrs. William Warren Card gave a luncheon yesterday afternoon in honor of Miss Gretta Patterson, whose engagement to Lucius Fuller of Chicago was recently announced. Covers were laid for 18 and the guests included the younger girls, close friends of Miss Patterson, in social and kindergarten circles, in which she has been interested. The one large round table was decorated with a centerpiece of white roses bordered with maidenhair ferns.

Mission Bands Meet.

The delegates to the missionary conference held recently in Cleveland will report at the regular monthly meeting of the Young People's branch of the Pittsburgh and Allegheny presbyteries this afternoon, at 2:30 o'clock, in the parlors of the First Presbyterian church, in Wood street.

Wedded in Another City.

The friends of Dr. George Arthur Carhart of this city are interested in his wedding to Miss Sarah Weston Kimball of Milwaukee, which took place last evening in that city. The bride is a daughter of Mr. and Mrs. M. D. Kimball.

Reception for the Rescue Home.

A reception will be given at the residence of Mrs. C. S. McLain, 200 North avenue, east, Allegheny, tomorrow afternoon, from 2 until 5 o'clock, for the benefit of the Pittsburgh and Allegheny Rescue Home.

Social Notes.

Miss Rose Hoffman of 107 Hawkins avenue, North Braddock, and Henry Shell, shipping clerk of the American Steel & Wire Company at Braddock, were married yesterday in St. Joseph's Catholic church, Braddock, the Rev. Father P. F. May officiating. Miss Mary Zewick was the bridesmaid, and Nicholas Shell, a brother of the groom, was best man.

Rabbi J. Leonard Levy of the Eighth Street Temple, Pittsburgh, will deliver an open lecture this evening in Carnegie Music hall, Braddock, on "Twentieth Century Judaism."

Club Notes.

The Tuesday Musical club held its last meeting this season at "The Maples" yesterday afternoon. It was an open meeting and a few guests were present in addition to the club members. An enjoyable program was presented and was followed by a brief talk by the president, Miss Harding, who reviewed the work of the past year.

The Tuesday club met yesterday afternoon in the parlors of the Hotel Henry and conducted an interesting literary program.

PRISCILLA'S PENCIL

Noted while in one of the hat departments recently that the smarter hats fit the head closely and have no exaggeration of upturned brim or flaring sides. The turban shape has almost invariably a row of close-fitting roses about it and these roses may be in any color desired. Combinations such as nature never dreamed of are used; for instance, green and black, on a black hat, or pale blue and straw color on a tan-colored chapeau. The effect is stylish and when a black quill is added exceedingly Frenchy.

For Silk Shirt Waists—
A little device to keep the sleeves trim is a welcome thing to most women. The soft finished cuffs persist in dropping down over the hand, giving a most untidy appearance to the waist in general. The ever-useful celluloid comes to the rescue, however, and a little pocket let in the cuff is ready to receive a strip of this light but firm material, without any evidence of its presence, save the added trimness of the sleeve finish.

Roman Pearls—
Are shown set in twos and clusters on small fine gold bands. The pearls may be as huge as one's taste demands, and when worn with another gold ring, especially one with a diamond setting, they are not easily distinguished from real pearls.

Blue Vases—
Are shown in the art departments of some jeweler shops now in the most exquisite shade imaginable. Think of mother-of-pearl, with all its changing tints, then translate the different colors into varying shades of blue, with yet a sort of rosy luster under it, and you have this new vase, which would give distinction to any table by its mere presence, and would delight a beauty lover beyond expression.

Netted Gowns—
Are shown in all the shops for evening wear during the summer and early autumn. These are of fine net or lace, with dots heavily embroidered on them, and trimming of fine lines of black satin or velvet ribbon. One I saw the other day had white dots scattered over it, and so loosely caught into the mesh that they looked as if just ready to fall off. The gowns are cut ready to be put on the lining in most cases, which makes their arrangement a mere trifle.

Stocks and Ribbons—
Should never be tied under the chin after having been once passed around the neck. Whatever the length of neck, unless the bow is the merest trifle, the effect is that of "buntiness" and untidiness. The ends should be knotted or simply pinned to flutter loosely where a smart effect is desired.

TULIPS IN BLOSSOM.

A Gorgeous Display of Color to Be Seen in Schenley Park.

The late spring has kept the early flowers from blooming, but the mass of color in Schenley park is now attracting thousands of visitors. The tulip beds throughout the park are in full bloom and are being visited daily by strangers from out of town.

The tulip beds in Schenley park will be at their best next Sunday. They are now a mass of color, but the bloom will begin to fade in a short time. The bulbs will then be lifted and stored in a cool part of the conservatory until the winter, when they will be replanted.

For many years it has been a problem with florists in preparing tulip beds to get results in size and colors, so that all the different varieties would come into bloom at the same time and be of the same size. The problem was worked out several years ago by Supt. William Falconer, and the tulip beds prepared under his direction are among the finest ever seen in the United States.

CLIMBED TO TOP.

Grape-Nuts Food Gave the Strength.

It is a good thing to know of food that will add volumes to one's strength, for the strong can do things and accomplish work in this world while the weak must stand to one side.

A woman in Toronto writes: "I was in very poor health a long time and got so weak and run down that I would often stop at the foot of the stairs and wonder how I could get to the top.

"I began using Grape-Nuts and in a very short time that weak, broken-down feeling entirely disappeared. I had formerly been forced to give up my breakfasts in order to give my stomach a rest, but when I got hold of Grape-Nuts I could eat breakfast, for the food seemed to help digest other foods, and soon I began to gain in weight and strength.

"I regularly use fruit and Grape-Nuts for breakfast and can work harder and for a longer time than ever before." Name given by Postum Co., Battle Creek, Mich.

GOLF SEASON OPENS.

The First Cup Contest of the Year Will Take Place on Saturday.

The schedule of the Highland Golf club, which will be out this week, will provide for the busiest spring and summer season ever enjoyed by the club members, more than double the number of last season's trophy cups already being assured. The first cup of the season will be played for on Saturday and the nine trophies provided so far for the spring and summer schedule include three fixed trophies, which are to be played for at regular intervals until won finally, and six which are to be won by the lowest net scores in scheduled handicap contests.

Saturday's cup will be played for also on May 24, the lowest net score for the two rounds of 36 holes taking the trophy. On May 17 the first contest, 18 holes under handicaps, for the Lawrence C. Phipps cup for men, will be decided. This trophy is held from last season by Dr. Carl Emmerling and must be won twice for possession. The Phipps cup for women, with the same conditions attached, will be played for on Friday, May 16, this being the first women's contest.

A new holiday trophy has been offered this season to take the place of the one won last season by H. C. Fownes on July 4. This trophy is played for on each holiday of the year and must also be won twice.

The opening of regular competition at Highland park on Saturday will be on the permanent summer greens, which have been in use all week.

$100 Worth Free.

If you are in earnest about wanting a better education and will buy the necessary textbooks, paying a little at a time, monthly if you prefer, you will receive free of charge the complete courses of instruction of the **Home Study Circle Correspondence School,** *which elsewhere would cost in the neighborhood of $100.*

Do not the prizes of life go to the educated? In this time of marvelous prosperity is it not the man of trained and alert mind who sees and grasps the opportunities that lead to fortune? And isn't this particularly true of those who secured their education by home study?

*"Hoc age"—***do instantly***—was Sir Walter Scott's motto for young men. The men who rise in life are men of action—men who "do something and do it at once." Are you not convinced it would be to your advantage to enroll in the* **Home Study Circle Correspondence School** *and devote your spare time to studies? Then let your motto be "Do instantly" and send in your name today.*

"You find many persons living under trees, expecting fruit to drop into their mouths, others waiting for something to turn up, numbers lingering around hoping to step into other people's shoes, some who appear anxious to shovel snow in summer or harvest grain in midwinter, many sighing for Luck to come their way or looking for a Big Prize from the lottery or race track, and a multitude who in other ways are looking for the improbable." Don't allow yourself to be fooled into wasting your spare time. Secret Marriage Divulged; School Superintendents Elected

COURTED BRIDE FROM INFANCY TO MAJORITY

Wealthy Man Surprises His Friends by Marriage Announcement.

KEPT WEDDING SECRET SINCE LAST JANUARY

[SPECIAL TELEGRAM TO THE GAZETTE.]

JOHNSTOWN, PA., May 6.—It has just leaked out that Alexander Adair, owner of the Cambria theater in this city, ex-member of councils and one of the wealthiest men in the city, 50 years old, and Miss Daisy Morgan, aged 21, were married in New York last January.

The announcement of the wedding for the first time today created great interest.

There is a romance of unusual interest connected with the marriage. Mr. Adair formed an attachment for Miss Morgan when she was a mere child and paid the most sincere attention to her until she reached her majority.

It has been known for some time that they were much devoted to each other. Mr. Adair is building a beautiful home for his young bride.

O. U. A. M. IN CONVENTION.

State Council Convenes in Annual Meeting at Johnstown.

JOHNSTOWN, PA., May 6.—(Special.)—The state council of Pennsylvania of the order of United American Mechanics is holding its annual convention here. Mayor Pendry delivered the address of welcome this morning, to which A. B. Sayboit of Philadelphia responded.

The Funeral Aid, a branch of the state council, elected the following officers for the ensuing year: President, James Reed, Jr., Philadelphia; vice president, G. H. Derrick, Bryn Mawr; secretary, A. B. Sayboit, Philadelphia; treasurer, C. H. Kortz, Philadelphia; board of directors, S. C. Green and Jacob Altemus, Philadelphia; W. C. Milliegus, Quakertown, and E. Beighley, Pittsburgh.

Tin Workers Meet.

NEW CASTLE, PA., May 6.—(Special.)—The fourth annual convention of the Tin Plate Workers' International Protective association assembled this morning. J. W. Slayton delivered an address of welcome, which was responded to by President George Powell. Committees were announced.

STATE AND NEIGHBORHOOD.

BROOKVILLE, PA.—Burglars entered the home of J. F. Markle at Oakridge, blew open a safe and stole $100 cash, $3,000 in notes and bonds.

WEST CHESTER, PA.—Albert Darlington's barn, near Glen Mills, was burned. Nine horses and 12 cows perished. The loss is about $10,000. The fire is thought to be the work of an incendiary.

CANTON, O.—Robert Chisholm and Hiram Smith, were killed and James Black injured at the plant of the Aultman Company. A large elevator on which they were hauling a threshing machine fell 30 feet.

CHARLESTON, W. VA.—At Fayette station John Bennett was shot and instantly killed during an altercation with Richard Roach, Robert Allen and James Boyd. Roach was arrested. The others escaped.

New Steel Car Company.

JERSEY CITY, N. J., May 6.—(Special.)—The Western Steel Car & Foundry Company, capitalized at $1,250,000, filed articles of incorporation today with the county clerk in Jersey City. The incorporators are James A. Williamson, Louis B. Woodruff and William B. Denton. The object of the company is the manufacture of cars and railroad equipments.

SOLDIER'S FOOTBALL IS GIVEN TO STATE

Curious War Trophy Finds Place in the Museum at Harrisburg.

[SPECIAL TELEGRAM TO THE GAZETTE.]

HARRISBURG, PA., May 6.—Perhaps the most curious war trophy in existence is the football presented to the state today through Col. James E. Barnett of the Tenth Pennsylvania regiment.

The special interest attaching to the football lies in the fact that it was used by the recruits of the Tenth regiment in football games played at Diamond Head, Hawaiian islands, on their way to the Philippines.

Prince Cupid of the Hawaiian royal house played in the games. The football was presented to Private Joseph H. Bruff of the Tenth regiment, who scored all the points in the last game played before the recruits sailed for the Philippines, by Chief Justice Judd of Honolulu.

The scarred ball was placed in the museum and flag room in the executive building, where the battle flags of the state are kept.

YOUNG MAN MURDERED AND WOMAN ASSAULTED

Two Negroes Are Arrested For a Double Crime in Fayette County.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CONNELLSVILLE, PA., May 6.—Negro lawlessness in the coke regions reached a sensational climax at Dunbar last night when John A. Callahan, a prominent young man of that place, aged 22 years, was shot dead and Myrtle Stevens, his companion, was assaulted. It is alleged, by James Finney and James Washington, Roanoke negroes, known as desperate men in the vicinity of Dunbar furnaces. Terrified at the killing, the Stevens girl fled to her home after she had been released by her assailants and did not report the crime.

This morning the body of Callahan was found in a field near Husted & Seamons' store. As soon as the body was found County Detective Alexander McBeth and Constable A. C. Duncan started to work on the case. In less than two hours they had arrested Finney and Washington, and the facts of the story were brought to light.

Callahan was seen walking toward the furnace with the Stevens girl at about 9 o'clock. The two were followed by the two negroes, who tried forcibly to take the girl from Callahan. In a scuffle with the negroes Callahan was shot.

When arrested both men protested their innocence, saying that they were not near the scene of the crime last night.

Callahan was the son of Jerome Callahan, a miner, who has lived near Dunbar for many years. The Stevens girl will be held as a witness.

Steel Plant to Resume.

SHARON, PA., May 6.—(Special.)—Word was received from Chicago today to start the local plant of the Republic Iron and Steel Company at once. The puddle mill has been idle since last December on account of the shortage of pig iron. Superintendent Huggins will try to get the mill in operation by next Monday. Nearly 300 men will be given employment.

GREENSBURG, PA., May 6.—(Special.)—Prof. W. W. Ulerich was re-elected superintendent of county schools today. The salary was increased from $2,500 to $3,500. For the borough superintendent, Prof. L. Shives won. He is a resident of Wilkinsburg, and a graduate of Wooster college and Harvard university.

POPULAR MEN CHOSEN.

Superintendent of Schools Elected in McKeesport, Homestead and Braddock.

Prof. J. C. Ritchie of New Brighton, Pa., was yesterday elected city superintendent of McKeesport schools for a term of three years. Prof. Ritchie is a graduate of Allegheny college, Meadville, and has been with the McKeesport schools for the past 12 years. The superintendent's salary was raised from $1,800 to $2,100 a year.

The Homestead school board re-elected J. G. Kendall superintendent of schools for three years. Mr. Kendall is the only superintendent that Homestead has ever had. He finds the number of children under him grown from 30, 25 years ago, to 4,500.

George Lamb was re-elected principal of the Braddock schools last night. There was no opposition, and so well pleased are the people with Mr. Lamb, that his salary was raised $300 a year. Edward Carlisle was elected architect. He will make the plans for an $8,000 building to be erected in the First ward. The building will be of brick, and contain 15 rooms. There can be no money to apply to the building for over a year, but it is the desire of the board to have the plans drawn.

J. H. Snyder of Tiffin, O., was elected principal of the Wilkinsburg schools at the meeting of the board last night. There were 21 applicants for the position. The salary is $2,000 a year.

The directors of the Allegheny public schools met last night and re-elected John Morrow superintendent of the city schools at a salary of $3,000 per annum.

THE RIVER INTERESTS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., May 6.—River 12.1 feet and falling. Weather clear and warm. The Defender and the Raymond Horner passed up with empties. The J. H. Davis arrived with a tow of lumber. Pilot A. L. WAITING FOR A RISE.

High Water in the Allegheny May Make a Coal-Shipping Stage in the Ohio.

Slight rises up the Allegheny river yesterday caused some anxiety at Pittsburgh late yesterday, a few anticipating that there will be enough water tonight to permit the shipment of barges south.

Under ordinary circumstances it is said that the rise coming out of the Allegheny river ought to make nearly an eight foot stage of water at the Davis island dam. There was close to 6.5 feet of water there last night and those informed thought that the river would rise another foot. But the marks today show a stage of 7.5 feet at the dam. C. Jutte & Co. will send the Gleaner south with a tow of barges and the coal combination may also send some light stuff. One of the smaller boats of the company was scheduled last night to take a tow of coal to East Liverpool. There is plenty of water for the movement of coal flats. The river is at a most excellent packet stage.

Packets Leaving Today.

Queen City, Cincinnati, 4 p. m.

News of the Rivers.

On her way south yesterday the towboat Oakland, owned by C. Jutte & Co., passed Arkansas City in good condition.

Engineer Samuel Davidson yesterday had his license changed so as to enable him to take charge of steamers having condensing engines.

Thomas Parrott, the Cincinnati packet line's boss painter, who has been repainting the Keystone State, leaves the Keystone for the Virginia this week.

The City of Wheeling will make her second excursion trip on Sunday out of Wheeling, when she will take the Beethoven Singing society to East Liverpool.

The steamer Greenwood will take much freight away from Pittsburgh Friday owing to the fact that she will be the only boat to leave Pittsburgh this week for Charleston.

Capt. W. L. Silvert, the local government engineer, left for Morgantown yesterday to look after improvements being made to the upper Monongahela river. He will return to Pittsburgh today.

According to the latest information received from the wreck of the tow of the J. B. Finley at Friars Point, on the Mississippi river, the boat sank 19 coalboats and one barge loaded with steel rails.

Capt. Allen Brogan will take charge of the excursion steamer Francis J. Torrance on Monday and will bring the boat to Pittsburgh from the landing at Glassport. The steamer has been renovated for the excursion season.

The excursion steamer Mayflower will leave here Saturday for Owensboro, Ky., on a freighting expedition, and is also scheduled to take out an excursion from that place early next week, returning to Pittsburgh the latter part of the week.

The barge of coal sunk in the Twenty-second street landing of the coal combination was raised and brought into the harbor yesterday by the J. C. Risher. A number of siphons were kept going to keep the water out of the craft, which sank one week ago.

Capt. James A. Henderson, president of the Pittsburgh & Cincinnati Packet line, says that notwithstanding the reported congestion of freight on the railroads, the various Ohio and Monongahela river packet lines have handled less freight this year than they did last year.

The members of the Marine Engineers' Beneficial association have changed their meeting night from the first and third Saturdays of each month to the second and fourth Saturdays. The next meeting will be held next Saturday evening at 7 o'clock in Moorhead hall.

Capt. S. D. Swaney, master of the towboat Fred Wilson, wrote the local steamboat inspectors yesterday that William Kiwell, aged 28, a colored fireman employed on the boat, was drowned at Cairo May 2 by being thrown overboard by a line. Kiwell resided at No. 22 Tannehill street, Pittsburgh. The body was not recovered.

Capt. W. B. Rodgers, president of the Rodgers Sand Company, yesterday received word that the new steamer Harriett, built by his company at Parkersburg, had been launched by the Parkersburg Dock Company, the builders. The steamer will be in keeping with the other modern craft, which this company has built recently, and will be brought to Pittsburgh shortly.

The steamer Kanawha will arrive at Parkersburg today, having accident, she having pumped herself out yesterday at Avalon, where she sank. The boat came to Pittsburgh before she left for Parkersburg and a party of Italians who were on board recovered a trunk from the hold which contained $1,000 in greenbacks. Capt. W. B. Roe expects to be back at Pittsburgh next week. The boat is not very badly damaged. She will be on the Parkersburg docks tomorrow.

The Daughter of Ignorance

It's consumption. If you had only known how your cough was going to hang on, you would have done something promptly, wouldn't you?

But even now, when you have early consumption, the best medicine for controlling your cough and healing your lungs is Ayer's Cherry Pectoral. You had better talk with your doctor about this. If he knows of anything better, be sure and get it. The one great object is to be cured.

"My mother had consumption for many years. At last she was given up to die. A neighbor told her to try Ayer's Cherry Pectoral. She did so and was completely cured, and is today in the enjoyment of good health."—D. P. JOLLY, Avoca, N. Y.

DIFFERENT VERSION OF OFFICERS' ARREST IS HEARD IN LONDON

Correspondence Claims United States Should Demand Apology of Italy.

CONSUL AT VENICE OFFERED A PROTEST

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, May 6.—Private letters received here from Rome give a very different complexion to the arrest of the American naval officers at Venice. They say that instead of thanking the king of Italy for his clemency in pardoning the Americans, the United States should demand an apology, and assert that the members of the American colony were too eager to take the Italian view of the situation and believed everything the Italian papers said.

A correspondent of the Associated Press writes that when the United States ambassador, George Von L. Meyer, first heard the news he was "inclined to let justice follow its course, but on second thought he was touched by the probable ruin of the future career of American officers and therefore approached the foreign minister to arrange matters, if possible."

The action of the American consul at Venice, Henry A. Johnson, was much criticized by some people as "showing wanting of tact," but according to reports which now have arrived here, he acted in the most energetic manner, and with proper backing would have had the officers returned to their ship.

A correspondent writes that when the consul was summoned in a hurry after the fight he energetically protested against the arrest of the officers and demanded their immediate removal on board the Chicago. The Italian authorities, however, would not yield the point.

PING-PONG ANKLE IS DISCOVERED

The Game Causes a Disease of Muscles Which Is Very Painful.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, May 6.—"Ping-pong ankle" is the latest companion to "tennis elbow." The medical name is tenosynovitis, and it hurts much. An account of a case of "ping-pong ankle" is given prominence in the British Medical Journal.

The patient had considerable swelling of the left leg above the ankle. The swelling subsided after a day passed in bed. An examination showed acute inflammation of the sheaths of the tendons connected with the muscles round the shin.

The attendant physician ascertained that the sufferer was an ardent ping-pong player, and he wrote to the Medical Journal warning players that the game involves a great strain on the shinbone muscles, and that until a costume and footgear appropriate to the popular sport is evolved the disease is likely to frequently occur.

REBELS IN CONTROL.

Provisional Government Established by Revolutionists in San Domingo.

MONTE CRISTO, SAN DOMINGO, May 6.—News has reached here from San Domingo city that the provisional government established by Horatio Vasquez will continue in power until elections are held.

Vasquez was formerly vice president of the Dominion republic. He led a successful revolution aginst President Jimenez, and the forces under his command took possession of San Domingo city last week after the capital of the Dominican republic had capitulated.

Peace has been fully re-established in the southern part of the republic.

Milford's Costly Fire.

NEW MILFORD, CONN., May 6.—The fire which ravaged this city last night and this morning inflicted damage to the extent of $500,000. Nearly 50 buildings, mostly stores, two banks, three hotels, postoffice and Y. M. C. A. building, are in ruins.

BOERS AND BRITISH CONTINUE WAR DURING PEACE NEGOTIATIONS

Several Engagements Fought While Efforts Are Made to End Conflict.

MANY SOLDIERS ARE KILLED AND WOUNDED

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

CAPE TOWN, May 6.—The O'Okiep (Western Cape Colony) relief column has occupied Steinkopf, to the north of O'Okiep, which was strongly held by the Boers, after fighting on April 27 and 28. The British lost six men killed and had eight wounded. The Boer losses are said to have been heavy. The Boers asked for British medical assistance.

LONDON, May 6.—Lord Kitchener's weekly report, dated from Pretoria yesterday, shows that the peace movement is not allowed to interfere with military operations, except so far as to permit unrestrained meetings between the leaders and their various commandos. The week's Boer casualties were 10 men killed and 122 made prisoners.

Gen. Bruce Hamilton's column captured 85 men on the Neilbron, Orange Colony, line. Col. Colenbrander has resumed operations in the northern part of the Transvaal against Commandant Byers, whose forces have been considerably reduced, and Gen. Ian Hamilton has cleared a large area west of Klerksdorp, Southwestern Transvaal.

PRETORIA, May 6.—The peace situation is developing encouragingly. According to reliable information which has reached here several of the nearer commandoes have received the burgher delegates in an amicable spirit. It is understood that Commandant Byers has announced his willingness to abide by the decision reached by the Transvaal government.

WEISSER'S BIGGEST CORSET SALE

BEGINS TOMORROW MORNING CONTINUES FOR THREE DAYS ONLY

Please DON'T Come Today.

The greatest Corset Sale in history begins tomorrow morning.
Another Weisser triumph—such a sale as only Weisser's can hold.

Just Corsets—that's all—but you'll be here if you know a corset bargain when you see it.

You haven't seen Weisser's advertise a special corset sale for a long time. That's because we couldn't get just the bargains we wanted till now. We were determined to hold the greatest corset sale that ever took place, and now we are ready for it. The sale begins tomorrow morning when the store opens. There will be no special sale today. Please remember this and you'll greatly oblige Weisser's.

We Never Disappoint. You Always Get What You Come For When You Come to Weisser's.

For business reasons the manufacturers do not permit us to name the corsets in this sale. But for your information we mention the fact that these are all standard makes for which you are ordinarily obliged to pay two or three times the prices that will prevail tomorrow. You'll recognize the truth of this when you get here.

At 19c a Pair

Good, well fitting Summer Corsets that sell everywhere at 50c, here for just three days at 19c, made of fine netting, stripped with sateen; waist sustained by narrow strips of sateen; trimmed at the upper edge with lace. No need to give other particulars; the corsets will sell so fast at 19c a pair that you may expect to be jostled a little unless you get here before the crush.

At 29c a Pair

Positively the greatest surprise that ever figured in low-price goods—undoubtedly the BEST made corsets ever sold at 50c a pair—both white and drab—but for three days you can pick them out at 29c.

At 39c a Pair

The handsomest and the best corset that ever sold at the price, or even for double the price—a new make, made of jean, sateen stripped, boned, flossed with silk and trimmed at the upper edge with silk embroidery. They'll go more lively than the hot cakes you read about, and therefore we say COME EARLY. Same corsets sell at 75c all over town.

At 49c a Pair

The celebrated Straight-Front Corsets—worth 75c to 85c a pair everywhere—you'll recognize the make the moment you see it—all you want of the lot at 49c a pair. Medium skirt and bust; 10-inch clasp; side steel. Batiste, trimmed with Nottingham lace and ribbon; taffeta bow. White. Sizes, 18 to 30 inches.

At 69c a Pair

Ladies, we don't often have the good fortune to ask your attention to such an item as this, and we hope you'll read every word of this paragraph for your own satisfaction. We have one number of Warner's world-renowned Straight-Front Corsets which sells everywhere at a dollar and a half a pair (but don't expect to find the number), and, so far as that is concerned, you don't need to know the number. Just pay attention to the fact that you are getting a dollar and a half corset for 69c. Long skirt, dip hip, 11½-inch clasp; two side steels. White and drab, French Coutil, Black, Italian Cloth. Handsome Nottingham lace; flossed with silk. Sizes 20 to 32 inches.

If there is any style of corset or corset waist that you may want, and that you have not been able to find, come to Weisser's. We have it. We have always taken pride in this corset stock, and we have more reason for pride now than ever before.

Among the standard makes always here are: Thompson's Glove Fitting, Her Majesty's, The Royal Worcester, the celebrated R. & G., Ferris' Good Sense Waists, G. & D. Chicago Waists, Warner's Celebrated Rust-Proof and Redfern Corsets, etc.

YES, WE WILL FILL MAIL ORDERS.

That is to say, we will fill all mail orders that reach us in time. We can't promise how long any of these lots will last, but as we have enough corsets to supply all calls for three days, we feel capable of taking care of our out-of-town customers who write promptly.

WEST LIBERTY PLAN OF LOTS No. 1

West Liberty's Colossal High-Speed Traction Enterprise Will Take You Home In 10 Minutes

The new West Liberty property that your attention is here called to is at present reached in thirty minutes from the Pittsburgh Postoffice on the Hill Top Traction System via the Mt. Lebanon or Old Washington Road. The grand plan to be pushed forward includes a great tunnel to pierce the Mt. Washington hill. The line through the tunnel will cut the present lines time schedule of 30 minutes down to 10. Palatial Palace Cars like those on the steam railways will be adopted and run over a double track roadway through the tunnel and the property. This remarkable road will be paralleled on either side by a handsome paling fence similar to the English precaution taken to avoid accidents. The high speed at which the cars will be run makes this undertaking a virtual necessity.

The improvements which will characterize the operation of the immense traction enterprise will make injury to life less possible than the service now in vogue does.

Gates and stations will be located at the end of each square. No stops will be made between streets. The eyes of the entire world will be upon Pittsburgh and this particular project, as we are to have the honor of introducing perhaps the greatest traction innovation that will be effected within the next twenty years.

The splendid new traction line will enter the tunnel directly opposite the Smithfield Street Bridge near the Pittsburgh and Lake Erie Passenger Depot at Sycamore and Carson Streets, and will come out on the other side of Mt. Washington Hill at the ravine between Paul and Albert Streets, penetrating the property in less than three minutes after leaving this point.

Even now the traction service to this new property puts it closer to the city than the East End is. Since the extension of the Hill Top System out the Washington Road to Mt. Lebanon, the building activity in the vicinity of West Liberty is a surprise to all who have seen the remarkable transformation. What do you think this cream of all the property out in that district will become when you can reach it from the Pittsburgh Postoffice in the finest Palace Cars in the world on a schedule time of 10 minutes?

Here is some food for investors to digest, the like of which was never unearthed since the great city took on its first boom. The shrewd men who know what this means, will be fortunate indeed. They will be like the first men who got their eyes on Squirrel Hill and acted as the sight they saw influenced them. In fact, when you hunt up the richest men in any town you will see that they were the first men to purchase real estate in the right spot—if not, they were sons or heirs of these first men.

Who can say that West Liberty is not the right spot?

West Liberty's Improvements:

West Liberty is to have uniformly graded streets; sidewalks will be laid. Natural gas is already on the property and the Chartiers Water Co. have agreed to run city water to the plan this summer. Building restrictions will require that all the residences be built back from the sidewalks. Every care will be enlisted to see that the beauty of the thoroughfares is not marred in any particular. Engineers of ability will assist in working out the plans of this great modern residential city. Churches and schools are even now in close promixity to the property. The famous old Mt. Lebanon church is within sight of almost every lot in the plan. What is not already located there in the way of religious and educational advantages will be brought within easy access by the improved high-speed traction service.

Free From Smoke, Fog and Dirt.

The striking virtues of West Liberty property are its cleanliness and healthfulness. The lots are all far removed from the great industries of the South Side and Ohio river, and being in direct sweep of the northwestern winds they are proof against all smoke, soot, etc. Even were the properties within close range of these great manufacturing plants they would escape all these disagreeable features owing to the winds driving the smoke, etc., in an entirely different direction from West Liberty.

The Responsibility of the Beechwood Improvement Co., Ltd.,

is unquestionable. We have sold since 1893, 13 different plans, containing over 5,000 lots. The success we have had in selling and reselling to old customers is positive, irrefutable evidence that our statements are always lived up to and more than verified in the property. We respectfully refer to you any of our patrons as to our splendid treatment of them, both with regard to sickness and in all questions pertaining to the business dealings with us. Another commendable feature we might mention is that all our patrons have made big money in these transactions. Especially was this the case at South Sharon, where in most instances the purchasers more than doubled their money in less than one year. Indications point to a repetition of the South Sharon money-making possibilities at West Liberty—in fact, even greater and more thrilling results for investors are guaranteed.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Cincinnati, O., May 6.—Again the champions demonstrated their superiority over the local team in as pretty and evenly contested a game as has been played here this season. Both pitchers were in fine form and the rest of the players showed up well. Not an error was made on either side and up to the final inning Cincinnati had secured but six hits, while the Pittsburgh team had only four to their credit. It was nip and tuck between Phillips of the Cincinnatis and Chesbro for the Pirates, and honors were about even, but the terrific batting rally of the Pittsburgh team won the game.

At the beginning of the ninth inning Phillips broke the monotony of the batters going out in one, two, three order, and took an airship. When he returned to earth four large, juicy hits had been made off him and he succeeded in letting two men have free passes to first base, both of whom crossed the plate. Chesbro was not averse to following in Bill's footsteps in the last inning, but the Reds did not take advantage of the beautiful chance they had, and it was all over.

Beck Failed to Get the Hit.

After one man had been pushed across the plate successfully three other red legs got to first and eventually got the bases full. Beck was the man called upon to see that his comrades got home. He was not equal to the emergency, however, and fanned the air after the fans had been worked to the pitch that they really believed that Cincinnati was going to win the game.

Some of the prettiest fielding ever seen here was done by both sides. Nothing went by a man that he had any chance whatever of getting, with one exception, and in that case the Pirates simply followed a course that they have been playing in every game. Two men went after the ball and when both got there they thought the other man was going to get it and stopped and the ball dropped to the ground unmolested. Dummy Hoy, for the first time this season, was guilty of making a sad misplay that looked for a time like it was going to cost the Reds the game. There were two men on bases and Dobbs hit to third. Leach tried to get Bergen going to third, but missed him. Hoy thought he put him out and when the Pirates argued the case Dummy stole third, on which Bergen was stopping. Hoy was immediately put out and this cost the Reds one or two runs.

Lefty Strted Things Going.

Davis started matters by singling to center. He stole second through Bergen's bad throw and went to third on Clarke's long fly to Crawford. Conroy struck out and Davis came home on Wagner's single. Wagner was caught trying to steal. In the third inning the Reds had a chance to score, but Hoy spoiled it. Bergen drew a base on balls. Phillips flied to Chesbro. Hoy got a single to third and Bergen took second. Dobbs knocked a short one to third and Leach tried to catch Bergen. He failed, but Hoy thought he succeeded, and when the wrangling was going on he stole third and was put out. In the fifth the Reds tied the score. With one man out Bergen singled. Phillips flied to short. Hoy singled and Bergen took third. He came home on Dobbs' single.

The ninth Chesbro doubled to left. Davis drew a base on balls and Clarke sacrificed. Conroy walked, filling the bases. Wagner sent a hot one to Corcoran and he retired Chesbro at home. With three men on the bases Bransfield tripled to center, scoring all three. Ritchey, the next man up, sent a home run to right, scoring Bransfield and himself. Burke doubled, but Zimmer could not advance him.

Reds' Hopes Were Blighted.

The Reds then went in with five runs to the bad. Bergen went out, and Bay, who batted for Phillips, struck out. Hoy drew a base on balls and Dobbs singled. Beckley singled and Hoy scored. Crawford drew a base on balls, but Peck struck out, leaving the bases full. Score:

NOTES OF THE GAME.

The Pirates only got eight hits off big Bill Phillips yesterday, but every hit was made to count in the way of runs.

Wee Willie Keeler is the captain and leader of the Brooklyn team this year and he will die for a warm reception here, as Wee Willie was always a Pittsburgh favorite.

The champions left Cincinnati last night and will arrive home this morning ready to tackle Joe Kelley's ex-champions this afternoon. The game will be called at 3:30.

Big Bill Phillips, the leader of the Allegheny base band, had the champions guessing for eight innings, but in the ninth they got onto Big Bill's benders and more than made up for lost time.

During the three days' absence of the team a change has been made in the gates at the park, which will tend to simplify matters for the public and make crowds easier for the secretary to handle.

Kitty Bransfield's three-bagger in the ninth was a hummer, as it brought three Pirate runs over the plate and a minute later Ritchey soaked out a homer which brought in two more. That was batting some by the champions.

Says the Cincinnati Commercial Tribune: "Young Conroy comes pretty near being a great ballplayer. He covers the short field to perfection and is one of the prettiest throwers that has appeared here in that position this season."

Charley Power, of this city, who is on the league staff of umpires, was in the city for a short time yesterday and left for Cincinnati last night, where he is to preside over the games. Power's work was highly commended in the east.

When Tommy Leach was removed from the game in the third inning Jimmy Burke took his place and not only fielded in fine shape, but smashed out a two-bagger. Manager Clarke is lucky in having five utility men to take the place of a regular.

There are a ton of ex-Pirates on the Giants who have become heroes in the eyes of the New York baseball public. They are Sparks, Bowerman and Yeager, to say nothing of "Nancy Hanks" Van Haltern, who was one time a Pittsburgh player.

There was not much consolation for Jake Beckley in the series just ended between the Pirates and the Reds. Jake has heretofore been a terror to his old companions, but things have changed somewhat this year and old Castle Jake's "down the line" drives are not feared any more.

Exposition park is in the finest shape possible for the return of the champions. Groundkeeper Coyle has put in his best licks on the playing field and the diamond is now in such shape it is in fine playing shape. Last night's rain helped things along and with fair weather today the Pirates and ex-champions will find a fast field for action.

"Jack O'Connor hit like a Lajoie yesterday, much to the disgust of Big Chief Zimmer, who is out to lead the Pirates' catchers with the stick this year. Zimmer watched the game from a shaded seat out in left field, and every time O'Connor made a hit he would call Zimmer's attention to it with an Indian warwhoop. Peach Pie got three clean bingles.—Cincinnati Commercial Tribune.

There's no telling where that Tommy Leach is liable to end up. He started in this season as a regular little chatterbox and yesterday he had himself put out of the game at Cincinnati for kicking. He was coaching on the third inning at third base and Tommy kicked so hard that he was ordered to the bench. The decision must have been a pretty raw one that would make Leach kick himself out of a game. Tommy is not the kind of a player who fusses when there is no real cause for it.

J. Ed. Grieb says in the Cincinnati Commercial Tribune: "Like all championship teams, the Pirates appear to be playing ball. Things break just right for them during a games, while their opponents seem to be in hard luck. It has ever been so with a winner. The Pirates are playing ball, and good ball is too often overlooked. Team work is their stronghold, and many a play is made which looks lucky, but which really is intended. Unless Dreyfuss' aggregation should meet with a series of mishaps, nothing can stop it from galloping home with the pennant. The team is one of the strongest that has ever been in National league circles, particularly well balanced. The players are all fast on their feet, can hit and have brains enough to make team work possible."

THE LEAGUE'S ANSWER.

Nick Young Says It Is Not an Incorporated Body—Players Contract With Club.

WASHINGTON, May 6.—N. E. Young, the secretary and treasurer of the National league and American association of baseball clubs, today filed the answer of that organization to the rule issued by Judge Bradley requiring it to show cause why it should not be enjoined from interfering with the members of the Washington baseball club of the American league to prevent them from participating in baseball games. The answer denies that the organization is incorporated and says only the clubs of which it is formed are incorporated. It denies the jurisdiction of the supreme court of the District of Columbia over any of the clubs associated with the National league. The answer of the National league among other things says the league does not make any contracts whatever with ball players and that Players Wolverton, Orth, Townsend and Delehanty are under contract with the Philadelphia ball club; that the National league has no intention to interfere with these players and no contract exists between them and it, and denies any knowledge as to what the Philadelphia club may do or intends to do to enforce its alleged equitable rights.

VICTORY FOR AMERICAN.

St. Louis Judges Refuse Injunction Against Wallace and Other Players.

ST. LOUIS, May 6.—In circuit court rooms Nos. 6 and 7, presided over respectively by Judges Fisher and Taft, the application for an injunction made by the National league to restrain Shortstop Wallace, Pitcher Harper and Centerfielder Hoidrel from playing with the St. Louis American league team, was denied in all three cases today. The decision of each judge is based on a lack of mutuality of the contract, its abrogation of personal liberty, which, it is declared, may not be bartered away, its opposition to public policy and its showing of the existence of a combination in violation of the anti-trust laws. This last showing is stated by the decision as a sufficient bar to the enforcement of the contract were it valid, which it is not.

Denninger Took First Money.

LATROBE, Pa., May 8.—(Special.)—The open shoot of the Latrobe Rod and Gun club was held today, attended by a number of crack shots from all over the state, including Richard Denninger of Ruffsdale, the champion trap shooter of Pennsylvania, who carried off all first money. The managers were disappointed somewhat on account of a shoot being held today at Ligonier by J. O. H. Denny, and the attendance was spoiled owing to the fact that the state shoot is to take place at Oil City next week.

Cowboy Played Good Pool.

At Walker's billiard academy last night Charles Weston, the cowboy pool expert, defeated Moose Jacobs by a score of 125 to 10 balls, before a large audience. Weston gave a clever exhibition of fancy shots after the game. Today Weston plays Andrew Sheitz at 2 p. m., and Jack Keefe, the baseball umpire, at 8 p. m.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Philadelphia, May 6. — Common pleas court today entered a decree refusing to allow the appeal taken to the supreme ccurt by Second Baseman Lajoie and Pitchers Bernhard and Frazer, the enjoined players of the Philadelphia American league baseball clubs to act as a supersedeas. The three players were ordered to enter $500 security.

The effect of the decision is that Lajoie, Bernhard and Frazer are to continue to obey the injunctions restraining them from playing with any team other than the Philadelphia National league club until a final settlement of the case is made. The security ordered by the court is for the purpose of insuring the Philadelphia National league club, the complainant, against all damages and loss, and as a guarantee that the appeals will be speedily prosecuted.

The next move in the case will be the entry of security if the three players intend to hasten a final hearing.

SHAKING THE TEAM UP.

The Wash.-Jeff. Nine Has Been a Great Disappointment.

WASHINGTON, PA., May 6. (Special.)—The W. & J. baseball team had its first practice of the week at College park this afternoon. The team returned from the northern trip on Sunday and much disappointment exists over the showing made against the college teams met. There will be a shake-up in the team this week and the nine that will play the Case school team of Cleveland next Friday, will be much different from the one that represented the college earlier in the season. Howells, who was at third has been benched probably for all season, Forkum was shoved to shortstop in practice today and the outfield has been changed considerably. The pitching corps has not showed up as strong as was expected and none of the three pitchers, Wireback, Moore and McGregor, are up to the standard of previous years. McGregor and Moore have been making the best showing, while Wireback has been pounded freely in almost every game. Coach Curran will put the team through the hardest kind of work this week as the hard games on the schedule are yet to come.

DIAMOND CONTEST OF RIVAL SCHOOLS

SHADYSIDE AND HIGH SCHOOL OPEN SEASON'S SERIES TODAY.

No Medium of Comparison, as They Have Not Met the Same Opponents. Games Won and Lost by Each—Public School Ahead Last Year.

The old rivals of the Pittsburgh school district, Shadyside academy and Pittsburgh High school, will meet on the diamond this afternoon for their first baseball battle of the season. By virtue of having won the rubber contest last season after 13 innings of strenuous combat, the public school handlers of the willow have whatever of honor has been saved from 1901. Shadyside had the better of both the football and hockey season, and is anxious to reassert the academy's supremacy on the diamond.

The pitchers in this afternoon's contest on the High school grounds at Friendship park will be Captain Grange of Shadyside and Gardiner or Hollis for High school. Dravo will wear the mask for the Privates and Aiken for the Publics. The umpire will likely be Kraemer of Greensburg.

A comparison of the teams is difficult, as neither side has played the same opponents. Both teams have met several defeats, while High school bases her confidence on the showing made against Cleveland High school.

The records of the two schools for the season are as follows: High school lost to Pittsburgh college, 8 to 2; lost to Iroquois, 11 to 6; lost to Cleveland, 18 to 0; won from Trinity hall, 24 to 5; from East Liberty academy, 12 to 11; total, 42 runs; opponents, 53.

Shadyside 5, Westinghouse Machine 5; 15, Company A, 3; 5, Westinghouse, 4; 2, Bayen H. S., of Youngstown, 11; 6, Kiskiminetas 11; total, 53; opponents, 35.

The line-up for today's game at Friendship park will be:

High School.		Shadyside.
Spuhler	Right Field	Bryan
Youngson	Left Field	Cochran
Kenney	Shortstop	Marshall
Smith (Capt.)	Second Base	Newland
Aiken	Catcher	Dravo
Curran	Third Base	Brooks
Wilson	First Base	McCoy
Patterson	Center Field	Williams
Hollis or Gardiner	Pitcher	Grange (Capt.)

AMONG THE AMATEURS.

Many Teams Are Looking for Games to Be Played on Saturday.

Con Horgan will pitch for the Monca Stars next Thursday.

Andy Charles is showing great speed on the base. Watch the A. C.

Gilbert Page, who played for the Stars of Homewood last season, is playing good ball for the Homewoods this year.

Jack McClorey, the crack first baseman of the Melvin A. C., is showing great form on the bases and also is doing great stick work.

The Follansbee Bros. Company Baseball team hereby challenge the team of the Johnson, Earl & Meyers to a game at an early date.

The invisable A. C. would like to hear from some good 13 to 14-year-old team for a game for May 17. Address James McLaughlin, 2827 Center avenue, or call 1336 main or phone for Mr. Howell.

The Shanks are without a game for Saturday, May 10, and would like to arrange one with some first-class amateur team having grounds. May 17 is also open. Address Harry J. Yoedt, 845 Cedar avenue, Allegheny.

Company C still has May 30 open and would like to arrange two games with any strong amateur team having grounds, such as Mars, Sewickley, Bridgeville and Wilmerding. Address E. N. McGregor, 115 Miller st., city.

The Eureka A. C. would like to hear from any 9 or 10-year-old teams of Allegheny. For games in June the Riversides, Red, White and Blue Jrs. preferred. For games address W. R. Lovines, 1335 Kentucky avenue, Allegheny.

The Pride A. C. defeated the Colwell Street Blues by the score of 7 to 4. Pride side A. C. Struck out—By Carrick 5, by Plank 3. Wild Pitch—Carrick. Umpire—O'Laughlin. Time—1:45.

The H. P. Fords will practice this evening at Verner Athletic park. The following players are requested to report at 6:30—Cargo, McDermitt, Shilling, Boyle, Hoye & Cunningham. Mc-Clarren, Griffin, Galliger, Boyd, Moore, Weckerle and Posemeyer.

Pittsburgh college will play the W. U. P. Dentals this afternoon on the college campus. The make-up of the college team will be as follows: Kilgallon, pitcher; Frankenberry, catcher; Mayer, first; Davin, second; Collins, third; Land, short; Gapen, left; Huckestein, middle; Cochrane, right.

The Liberty A. C. would like to hear from all eight or nine-year-old teams. Its players are: Abe Vutz, Isadore Linchner, Simon Solomon, Sam Dinovitz, Morris Levine, Paul Moses, Jack Madelosky, Bennie Dinovitz. Address Isadore Lenchner, 1525 Center ave., Pittsburgh.

The W. A. C. rejoice over the fact that Chas. A. Manning will again take his old position behind the bat. The team was great, but weakened by his absence, as Manning was not well, but the "old boy" hopes to make up for lost time, as every evening for the last week he can be seen at exercise in his lot in Wilkinsburg.

The following Melvin A. C. players will meet at the Acorn grounds Wednesday evening: Means, McCrory, Lawton, Eastley, Hock, Wilson and Mowry. After practicing the uniforms will be given out. Melvin A. C. want games with all 18 or 19-year-old teams. Address R. H. Herbertson, 2197 Wylie avenue.

The Happy Jacks would like to hear from all 11 or 12-year-old teams for Sunday games only. Address Mahlon Lincoln, Mat Shadysidy, catcher; Westey, second; J. Kraus, third; Jim Harper, right; Ed Harper, left; Anderson, middle; W. Hell, S. Devin and Fred Morrison, utility men. For games address John Esterer, corner Eighth and Sarah streets, South Side.

The Uniontown B. B. A. C. has organized and is out for business with the following record: Catcher, Johnson; shortstop, Clark; first base, Albright; second base, Snider; third base, White; left fielder, Morgan, center fielder, Brookes; right fielder, Pitmore. All strong 15-year-old teams desiring games address Max Dilla Snider, Uniontown, Pa.

The Ready Reds defeated the Barnes Level Stars 58 to 13, the Reds' heavy batting was a feature. Battery for Reds, Beeler and Shallenberger; for Barneys, Level Stars, Kearney, O'Rourke, Sweitzer, Collins and F. Sweitzer. The Ready Reds would like to hear from all 13 or 14-year-old teams. Millvale Juniors preferred. Address M. Cosgrove, No. 45 Independent st., West End, city.

The Polish A. C. has open dates for May 17-24, Saturdays in June and July 4, and would like to hear from all first-class teams, such as Rochesters, Beaver Falls, Monessen, Vesta, Homestead, Millvale and other strong clubs. The team has games with Johnstown, Harrisburg, Chester and other teams on the trip in July and August. For games address Polish A. C., 2704 Penn ave., city.

The Soffel team will play at Beaver Falls on Saturday. All members of the team, Deckenbaugh, Smythe, Kennedy, Matthews, Gross, Krenz, Carter, Ensel, Eason, Curry, Moran, George Soffel, Buffinger, Harnegie and Dyer, must report for practice on Wednesday, Thursday and Friday evenings on the Stony grounds. The firing line on Saturday afternoon will be attended to by either Kuhn, Matthews or Dyer.

The Brushton A. C. would like to hear from all 15-16-year-old uniformed teams, Winona, Shearers, Seasides, Sewickley, Everetts of Braddock, Mohawks of Mt. Washington, Dravo, Wilmerding and Ben Avon. Want a game for Saturday, May 10 and all other Saturdays in June, July and August. Also Decoration day and July 4 two games. George W. Feely, manager, 1125 Bennett st., station A, Pittsburgh. Bell 'phone 1704 East.

Company K has after many hard practice games selected the following line up: Barker, Cordell, Deeblin, Ewing, Myler, Negley, Garlick, Hoffman, Relafar and Shadlinsder. Company K will play Company A of the Shadyside Academy grounds Wednesday evening, May 7. All the above players are requested to be present not later than 6 o'clock. Company K has just received their new uniforms, which are white with blue trimmings. There are still some open dates for the season, for which Company K would like to arrange games with Blairsville, Beaver Falls, East Liverpool, Belle Vernon and Greensburg. Address A. E. Schwab, 32 Mawhinney st., city.

The schedule of the Dallas A. C. is as follows: May 17, Castle Shannon; May 24, Ingram A. C.; May 30, Lamont A. C.; May 31, Monarchs of Wilkinsburg; June 7, North Braddock; June 14, open; June 21, Wilson A. C.; June 28, Lamont A. C.; July 4, open; July 5, Crescent A. C.; July 12, C. M. FINE LOT OF SPRINTERS IN BIG HANDICAP

Event Was Won by Old England Fresh from the Pacific Coast.

WAS FIFTEEN-TO-ONE SHOT

Arsenal, Winner of Metropolitan, Was Second—Ballyhoo Bey Was an Entry but Made a Sorry Showing. Larchmont Stakes Disqualified.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 6.—Old England, fresh from the Pacific coast, and running in the colors of G. B. Morris, won the Toboggan handicap at Morris Park today. He was quoted at the remunerative odds of 15 to 1.

Some of the best sprinters in training were engaged in this race over the Eclipse course. Ballyhoo Bey, on his two-year-old form, was favorite, but performed badly, finishing away back in the ruck. Cobourg and Arsenal were about equally second choice at 4 to 1.

It Was a Fine Race.

Cervera was first to show, closely followed by Coburg and Old England. Coming to the dip Coburg and Old England began to close. Opposite the official board they were on even terms, when suddenly from the rear came Arsenal with a burst of speed and challenged, but J. Woods on Old England was alert, and, coming on, won in a driving finish by half a length, with the Metropolitan winner, Arsenal, second; Cervera, third. Water Boy won the Larchmont stakes, but was disqualified and the race given to McDowell. The summaries:

First race, four and a half furlongs—Savable, 105, Winkfield, even, won; The Pickett, 105, T. Knight, 2½ to 1, second; Grand Mary, 102, Ransch, 20 to 1, third. Time, :55½. Flash of Night, Kentucky Wonder, Sabol, Farmer Jim, Estrada Palma and Tom Hall also ran.

Second race, selling, seven furlongs—Sir Play, 107, Ransch, 9 to 5, won; Kinloch Park, 122, T. Knight, 12 to 1, second; Masterful, 110, Williams, 20 to 1, third. Time, 1:29. Insolence, Lady Smith, Binchello, Thorwild, Chorus Boy, Stamp and The King also ran.

Third race, selling, one mile—Audiphone, 105, Coburn, 4 to 5, won; Trocadero, 105, Ransch, 3½ to 1, second; Cross Ties, 107, Arvin, 15 to 1, third. Time, 1:43. Theodora, Brontina, Fiossies King, Mandamus, Loka and Henry Gibbs ran.

Fourth race, selling, 4½ furlongs—Prince of Endurance, 108, Coburn, 3 to 10, won; Prism, 110, Williams, 12 to 1, second; Senator Morrison, 103, Lindsey, 15 to 1, third. Time, :56¾. Rheta, Lead Spotts, Our Sallie, Goo Goo, Prosador, Style and General Frig also ran.

Fifth race, one mile—Monarka, 102, Winkfield, 1 to 3, won; Algie M., 107, Lindsey, 8 to 1, second; Merita, 106, Ransch, 8 to 1, third. Time, 1:41½. Phosphorous, Wellesley and Wild Pirate also ran.

Sixth race, five-eighths of a mile—Golden Rule, 102, Miller, 3 to 5, won; Foneda, 105, Winkfield, 6 to 1, second; Prime II., 105, Coburn, 13 to 5, third. Time, 1:01⅘. The Geezer, Anglesea, Billy Dean, Atmore and Robert Morrison also ran.

California Team at New Haven.

NEW HAVEN, CONN., May 6.—The University of California track team came to the city this afternoon. Plaw, the hammer thrower, was the only member who donned his uniform. He threw the hammer repeatedly above 100 feet, and once sent it 10 feet farther.

FAVORITES ALL WON.

There Were Some Exciting Races at Louisville.

LOUISVILLE, KY., May 6.—Results were close today at Churchill Downs. Favorites won in all six events. Audiphone, an odds-on favorite, nosed Trocadero out of first money after an exciting finish through the stretch. Coburg outriding Ransch. The four and one-half furlongs scramble for two-year-olds brought out 10 starters, with Prince of Endurance quoted at 3 to 10. He was never in trouble and won pulled up two lengths. Weather good, track fast. Summary:

First race, four and a half furlongs—Savable, 105, Winkfield, even, won; The Pickett, 105, T. Knight, 2½ to 1, second; Grand Mary, 102, Ransch, 20 to 1, third. Time, :55½. Flash of Night, Kentucky Wonder, Sabol, Farmer Jim, Estrada Palma

LEADERS BOUND BOTH MEASURES SHALL PREVAIL.

Minority Won't Be Permitted to Kill the Cuban and Philippine Bills.

LESSONS FROM THE PAST

Determined Majority in Both Branches Can Accomplish Their Will in Spite of Obstruction—The Differential Amendment Doomed.

THE PITTSBURGH GAZETTE BUREAU, 503 Fifteenth St., N. W. WASHINGTON, D. C., May 6.

"It would be a pretty spectacle, indeed, to present to the country in the coming campaign a Republican congress, with a clear Republican majority in both houses, unable to enact needed legislation on account of the partisan opposition of a group of Democratic senators." Thus spoke Senator Lodge today, referring to rumors that the Philippine civil government bill and the Cuban reciprocity bill are in danger of defeat. "The supposition of impotency is preposterous," he continued. "We are bound to pass the bills and they will be passed."

The senator voiced the opinion entertained by all the Republican leaders in the senate, as expressed in private conversation from time to time. There has been considerable talk about the Capitol of a "combination between the beet sugar Republicans and Democrats of the senate to kill the two bills. The Republican leaders are confident that this "combination" will go to pieces on the crucial test, which, to the Republicans who may be engaged in it, will be made one of party loyalty.

The minority members of the senate committee on the Philippines are said to have met and take a solemn vow never to permit the Philippines bill to pass in its present form, or until made acceptable to them. The Republican leaders say that "nevertheless and notwithstanding," the bill will be passed. It is recalled that equally vehement assertions were made against the possibility of the passage of the bill for the repeal of the Sherman act. Some senators went to the point of declaring that ice would form in a region where ice is supposed to be an impossibility before the bill should pass, but it passed.

The Republican leaders positively assert that the Cuban reciprocity will also will go through. The senate, it is said, will strike out the house amendment relating to the sugar differential. The bill will go back to the house and the 60 odd Republicans who voted with the Democrats in the lower body probably will refuse to accept the senate's action. The bill will then go to conference committee and will include a majority against the differential amendment. Well, the annals of congress are full of instances of struggles of that kind between the house and senate, with a uniform outcome. Given a party proposition, such as is this one, supported by the administration, and the leaders in each house, the odds are considerably in favor of its carrying.

BITTER FIGHT UPON OLEOMARGARINE BILL

Its Friends Beginning to Fear the President Will Not Sign It—Foes Besiege White House.

WASHINGTON, D. C., May 6.—(Special.)—The fact that President Roosevelt has not yet given his approval to the oleomargarine bill has led to some uneasiness among the supporters of that measure, and at the same time has given the opponents of the bill belief that if they would make a fight at the White House the president might withhold his approval altogether.

The president is receiving a number of telegrams and statements from different parts of the country protesting against the bill. The cattlemen of the west yesterday, through their representatives here, urged a veto of the bill. The president today saw several persons who are interested in the defeat of the bill. He was unable to give the callers a long hearing, but suggested that they put their objections in writing and send them to him.

John F. Jelke, an oleomargarine manufacturer of Chicago, was one of the callers. He was with Representative Boutell of that city. Mr. Jelke is opposed to the bill. Francis W. Lestrade, another caller, is a butter exporter in New York. He also is opposed to the bill, declaring it will do the dairy and butter interests incalculable harm. He says it will raise the prices of butter abnormally and lead to the formation of a butter trust.

FIRED WITHOUT ORDERS.

Gen. Chaffee Confirms Press Dispatch About Moro's Bloody Break for Freedom.

WASHINGTON, D. C., May 6.—The war department this evening received from Gen. Chaffee the following cable dispatch confirming press dispatches printed this morning:

"Gen. George W. Davis reports Saturday, 1 p. m., May 3, that prisoners who had been disarmed, sitting on an open hilltop and surrounded by a strong guard, at a concerted signal, sprang to their feet and rushed down the hill. Several endeavored to seize rifles from the guard, and one succeeded while the soldier was drinking from his canteen. The direction of the flight was such as to bring them to the rear of the company, so that firing upon the Moros would endanger our men. The guard and one company opened fire without orders, killing 35. Nine were recaptured, and the others escaped. I regret this accident, as it was desired to release the prisoners, except a few of the leaders, and encourage the return of others to peaceful labors."

New Postmasters.

WASHINGTON, D. C., May 6.—The president today sent these nominations of postmasters to the senate: West Virginia—James P. Fitch, Morgantown; Ohio—Will S. Fornshell, Camden; Charles A. McMinn, Calina; Robert M. Rownd, Columbus; Melmothon B. Everitt, Payne. Pennsylvania—Irwin G. Lukens, North Wales.

Additions to the Pension Roll.

WASHINGTON, D. C., May 6.—Pensions have been granted to the following western Pennsylvania applicants: Richard D. Holmes, Allegheny, $6; war with Spain, Amen M. King, Titusville, $6; Alexander R. Oliver, Kittanning, $10; James P. Hays, State Soldiers' home, Erie, $10; George H. Humelsine, Chambersburg, $8; Albert Bradford, Sewickley, $8; Abel L. Marsh, Mercer, $14.

NATIONAL CAPITAL NOTES.

The president has nominated Alexander C. Brodie governor of Arizona territory.

The postmaster general was beaten in the test fourth-class mail cases in the District of Columbia supreme court.

The cornerstone of the Ohio McKinley Memorial college of Government of the American university, will be laid May 14 by President Roosevelt.

House joint resolution making an additional appropriation of $10,000 for the dedication of the statute of Marshal de Rochambeau was passed by the senate.

The senate has passed the house bill changing the time for holding the sessions of the district court for the southern district of West Virginia. The bill will now go to the president.

Among the recent changes in the clerical force of the interior department were the following from Ohio: David C. Arnold resigned a $1,200 place, Wilber M. Beatty appointed at $1,200 and Charles G. James promoted from $900 to $1,000.

In a fit of impatience over the slowness of this government to do anything in the case of alleged violation of neutrality at Shalmette, La., Gen. Samuel Pearson, Boer agent, declared that if Uncle Sam does not stop British operations there, he (Pearson) will.

The cases of alleged assault against Senator Money of Mississippi, Orpha B. Shaner, a street car conductor, and James E. Hooper, a truck foreman in the fire department, all growing out of a street car altercation about ten days ago, were abandoned in the police court Tuesday.

WILL START A BLACKLIST.

Milk Producers' Association Takes Steps to Protect Members From Those Who Refuse to Settle.

At a monthly meeting of the directors of the Milk Producers' Association of Western Pennsylvania and Eastern Ohio at the Home hotel yesterday the first step was taken to protect members from retail dealers who will not pay their bills. Officers of the association claim to be at the head of 350 members and say that their association practically controls the supply of milk in the two cities and most of the smaller surrounding towns.

In speaking of the proposed blacklisting scheme, C. S. Dean, secretary of the association, said: "The producers have found it necessary to protect themselves, and this is the best method. The new order will be enforced and if any member is caught violating it by selling milk or any dairy products to a dealer who has been blacklisted, that member will be suspended.

Two sets of blanks were ordered. The first is for the use of the producers in reporting retail and wholesale dealers who refuse to pay their bills. The other is to be used by the secretary to notify delinquent dealers that unless accounts are paid or good reason shown, their names will go on the blacklist.

At the meeting yesterday 45 new members were admitted. About 16 directors were present, and a number of other producers were summoned to discuss the use of milk preservatives.

A resolution was adopted forbidding members of the association to sell to any dealer for less than 12 cents per gallon. Action will be taken at the next meeting to have railroad companies return cans promptly and in better condition. The official mark of the association is to be hereafter stamped on all cans.

J. C. Kennedy of Midway was elected a new director of the association and the seat of Director Frank Robison of McDonald was declared vacant, owing to his non-attendance at the last two meetings.

GETS SEVENTH TRIAL.

Alleged Embezzler Will Face Jury Once More for a Single Offense.

CINCINNATI, May 6.—The United States circuit court of appeals today disposed of the case of J. M. McKnight, who was president of the defunct German National bank of Louisville.

McKnight has had six trials and has been three times sentenced to terms of imprisonment ranging from five to seven years, the charge being embezzlement of the bank's funds, based on the fact that he loaned $2,000 on the note of two aldermen alleged to be insolvent. Judge Day announced the opinion of the court, in which it was held that the court had erred in compelling the defendant to testify against himself, in holding the note and having been called by the prosecution to testify concerning it. The judgment of the lower court was reversed and the case remanded for further trial.

REFUSE THE DEMAND.

Master Builders Will Not Pay the Wage Asked for by Journeymen.

The Master Builders' association of Pittsburgh and Allegheny yesterday afternoon reaffirmed its decision not to meet the wage demand of the striking carpenters for $3 50 for the eight-hour day. At a meeting in the Builders' exchange there were present representatives of a large number of contractors not members of the association.

President H. L. Kreusler presided at the meeting, and T. J. Hamilton acted as secretary. Afterward Secretary Hamilton announced that fully 200 of the more than 400 carpenter employers of the Pittsburgh district were represented at the meeting and that all voted to reaffirm the action of the Master Builders' association not to pay more than $3 25 a day to journeymen carpenters.

WOMAN IN JAIL FOR THE MURDER OF HER HUSBAND

Mrs. Sarah Edinger of Verona Says That She Was Only Fooling.

TWO WITNESSES TO CRIME

The Couple Had Been Drinking Heavily at Their Home and Had a Quarrel, Which Resulted in a Fatal Shot Fired by the Wife.

Mrs. Sarah Edinger, who shot and killed her husband in a quarrel at their home in Verona on Monday night, was taken to the Allegheny county jail yesterday afternoon on a coroner's commitment charging her with murder. She was brought to the jail by Constable R. S. Davis. She made the one request before leaving Verona for the jail that she would be permitted to wear a veil.

This favor was granted her and when she appeared in the jail corridor she was veiled so heavily that any emotion that may have found expression on her face was completely concealed. She refused to talk when she entered the jail and was immediately put in a cell, where she will remain until the coroner's inquest, which will take place early next week.

The home of the Edingers is between Unity and Wilkinsburg, in a lonely spot. The murder took place at 7:30 o'clock in the presence of Edinger's brother, Alfred, and Mrs. Elmer Bolton, a sister of the murderess.

The four persons went into the yard after supper. A quarrel started between the wife and husband. Mrs. Edinger ran into the house, saying: "I am going to kill you."

Her sister and brother-in-law followed her in the house and tried to take the revolver from her. She snapped the weapon in the face of her sister. There was only one cartridge in the revolver and it was not in the chamber over which the trigger snapped.

Her husband entered the house and Mrs. Edinger ran to him. He tried to get the revolver from her and she snapped it at him. The cartridge exploded and Edinger fell to the floor with a bullet in his left breast, close to his heart.

The wounded man turned his head to his wife and said: "Emma, I am dead." A few minutes after he expired. Neighbors came running into the house and found Mrs. Edinger sitting in the room. She was taken to the Verona jail.

In a rational spell Mrs. Edinger said that she was only fooling with John and did not mean to kill him. The sister says the woman is of an unsound mind and was once committed to Marshalsea for insanity. She and her husband had been drinking heavily before the tragedy took place. Mrs. Edinger caused a sensation a few years ago by attempting to drown herself by jumping from the Smithfield street bridge into the Monongahela river. She was rescued and sent back to her husband. She is 38 years old and he was 52.

MANY PERSONS LOST.

Lava Flow Destroys Property and Causes a Panic in Martinique.

ST. THOMAS, DANISH WEST INDIES, May 6.—The flow of lava from the volcano of Mont Pelee, island of Martinique, which began Saturday last, has completely destroyed the Guerin factories about two miles from St. Pierre, the principal town of Martinique.

It is reported here that about 150 persons have disappeared. A great panic prevails at St. Pierre.

ESCAPE WAS NARROW.

Window Washers' Ladder in Wood Street Broke Under Two Men.

The falling of a swing ladder upon the third floor of N. Holmes & Sons' bank building, Wood street and Fourth avenue, yesterday, scattered pedestrians and left Jacob Snyder hanging for life to a window sill. His companion fell with the ladder but was not hurt.

The two men were washing windows when the ladder broke in the center. A woman passing underneath was drenched with water from the bucket, but was uninjured.

It Hangs On

You think you can wear it out. The chances are, it will wear you out. Simple home remedies will not answer here. Neither will ordinary cough medicines. The grasp is too tight, the hold is too strong.

Better consult your doctor and get a prescription. He knows, you know, we know it will be: "One bottle of Ayer's Cherry Pectoral." All good druggists keep it.

"For three winters I had a very bad cough. I then tried Ayer's Cherry Pectoral. In a short time I ceased coughing nights, and soon my cough was entirely gone."

Lots.

BRIGHTON ROAD LOTS

The Kleber Plan, in Allegheny.

The Finest Lots in the Two Cities.
Adjoining the Brighton Country Club.

Only 25 minutes from the business center of Pittsburgh.

These desirable lots are not situated in the middle of a farm; they are in the heart of the very best residential district of Allegheny, running 600 feet back toward California ave., adjoining and being a part of the property until recently occupied by the Allegheny Country Club.

This property is level, lies high and dry and is free from the city smoke and dirt, being, in fact, cleaner and healthier than Bellevue, Avalon, the East End and other nearby suburbs.

The Brighton road and California ave. cars pass by this property, requiring about 25 minutes to reach the business center of Pittsburgh. The property is located about half way between Allegheny and Bellevue.

Don't Wait

Buy a lot for investment or a home. Reference to the above plan will show that these lots are amply large for roomy houses and lawns.

Considering the high quality of these most desirable building sites, the prices at which they can be bought are the most reasonable that were ever put on such gilt-edge property. Plans mailed on application. Phone 1528 Grant and 614 Main, or call on

H. KLEBER, Jr.,
221-223 Fifth ave.

DEVENNY'S LOT SALE.

Big Bargain in the Choicest Lots in East McKeesport—Lots Right in the Center of the Town, Cheaper Than Those Outside the Borough.

I have about 150 of the choicest lots in East McKeesport that I am going to close out this season. These lots are in the central part of the town; nearly all level, and are on the most prominent streets in the borough. The quick buyer will get the choice of location. I will sell every lot at last year's schedule price. A number of them are worth double that amount. Every purchaser of East McKeesport lots has made money, and the present season will witness the biggest boom in the history of the town. The United Traction Co. is building a viaduct across the P. R. R. at Wilmerding which will be completed by the first of next July, and will give a 5-cent fare from East McKeesport to Braddock. If you can spare a few dollars a month to pay on a lot, come and see me.

BETTER THAN A SAVINGS BANK.
Money invested in Sharon Park Lots is better than a savings bank account; because many houses are now going up on the plan, which will make the increase in value ten times as much as the interest on a bank account, and because you have security for your money, and because investments in real estate are the safest and surest road to wealth. Sharon Park Lots are the nicest and cheapest lots in Sharon, the growing manufacturing city, where property is doubling in value every year. You can buy a lot in Sharon Park now for $50, $75, $100, $125 or $150; only $10 down and pay $1 per week, with no interest or taxes until 1904; or 10 per cent off for all cash. Write for plans.

Pianos.

WANT A PIANO?

There never was a time when a piano like this could be bought for the money.

An unusual opportunity to buy a fine upright piano at a price usually asked for cheap, low-grade instruments. Without exaggeration this piano is equal to many sold from $300 to $350. A full-sized, handsome, mahogany case, seven and one-third octaves, full swing front, three pedals, rich tone and elastic action; famous New York make. Our price is now only $155. Call and cover this. Compare this instrument and the truth and exactness of this advertisement will impress you. We have been selling pianos in Pittsburgh for 40 years, thus, in dealing here, our representations and guarantee insure perfect satisfaction. Don't fail to investigate this offer; among all bargains this is the greatest. Terms of payment adjusted to suit purchaser.

TEN MILLIONS PROFIT FOR THE UNDERWRITERS

Steel Official Says Syndicate Will Get 4 Per Cent on All Bonds Placed.

ALL LIKELY TO BE SOLD

A Southern Pig Iron Producer Explains Why the Corporation Is Building More Furnaces--Guarding Against Future Shortage.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, May 6.—A prominent official of the United States Steel Corporation today made the following authoritative statement covering the controverted question of the profits that are to accrue to the underwriters who guarantee the financial success of the forthcoming $250,000,000 bond issue:

"The underwriting syndicate will receive 4 per cent on whatever of the bonds are placed. Since the underwriters guarantee to furnish $100,000,000 United States Steel preferred stock for conversion purposes it is only reasonable to presume that the minimum amount of commission will be 4 per cent on $100,000,000, or $4,000,000. If the entire bond issue, $250,000,000, is placed, which now seems altogether probable, the underwriting syndicate will receive 4 per cent on that amount, or $10,000,000. Of whatever amount of commission is paid to the underwriters, J. P. Morgan & Co., as managers of the syndicate, will receive one-fifth, or $2,000,000. In the event of the entire issue being placed the commissions will be paid out of the earnings of the United States Steel Corporation under the head of expenses."

This statement leaves the matter precisely as it was popularly supposed to be. The same official who made the foregoing statement today announced positively last week that the underwriters would not be paid 4 per cent on $250,000,000. There had been considerable criticism of such a large commission.

Why Combine Is Building Furnaces.

A prominent southern pig iron producer today advanced some interesting theories bearing on the present situation and on the future. Had it not been for the United States Steel Corporation's shortage of pig iron the market, he believed, never would have arrived at its present unwieldy state. He estimates the United States Steel Corporation's deficit to have been about 500,000 tons, and this agrees with estimates advanced by other trade authorities. The combine's shortage arose from its inability to get coke in sufficient quantities to keep its furnaces going at maximum capacity. On running short of pig iron it was forced into the market as a very large buyer, and this unbalanced things all around.

This authority believes the primary object the steel combine has in view in increasing its furnace capacity is to prevent any such complication in the future. He is of the opinion that the combine will not undertake to make itself independent of the open market, but will build only furnaces enough to provide against such emergencies as that this year, which left it short 500,000 tons.

A Look Into the Future.

This southern producer estimates that the country's total output from now on will average about 20,000,000 tons of pig iron a year, although the total of 1902 will be smaller, owing to the recent transportation difficulties, in consequence of which all furnaces were more or less embarrassed for want of coke. He estimates that southern furnaces will produce this year about 1,500,000 tons, or about the same amount as last year. The fact that there will be no increase of the total southern output for 1902, as compared with that of 1901, is explained by the statement that the bad weather which prevailed almost continuously from the first of the year to the middle of April made it impossible to mine ore in sufficient quantities to keep furnaces going to their limits.

It is estimated now that only 200,000 tons of this year's total southern production remains to be sold. There is said to be enough pig iron in the south to meet the demands of consumers who failed earlier in the year to cover their wants. All of the southern furnaces are behind in their deliveries, but the situation is being relieved by the action of iron-using firms, who, fearing that the furnaces would not be able to make deliveries on specified time, contracted earlier in the year for more iron than they really expected to need on the dates named, and who now are willing that deliveries to their account should be delayed in order that the wants of others not so fortunately situated may be filled.

The Republic Iron & Steel Company has just blown in a new furnace at Birmingham with a capacity of 250 tons a day.

Effect of an Anthracite Strike.

Furnace men have been considerably worried in the east over the prospects of an anthracite coal strike. If the miners should go out those furnaces that use anthracite coal fuel would certainly have to suspend operations almost at once. Few of them are provided with fuel for any length of time. A strike of the anthracite miners, therefore, would result in a decrease of eastern output, and thereby would upset current calculations as to the total production of 1902.

Steel Plate Prices Rising.

Steel plate prices continue to work higher. Following the advance of 10 cents a hundred pounds announced last week by manufacturers independently of the association, it was learned today that a number of producers are getting $2 a hundred pounds on the general run of new orders, and as high as $60 a ton for special orders. These figures are on tank plates. As much as $70 a ton has been paid for boiler grades.

The Lukens Iron & Steel Company has between 45,000 and 50,000 tons of business on hand, which will be sufficient to keep its plants busy for three months without another order. This company has put into operation a new slabbing mill with a capacity of 200,000 tons a year.

All steel plate manufacturers report that for one order taken five are turned down. Several manufacturers are practically out of the market. Jones & Laughlins of Pittsburgh are quoting prices only on special orders of a character that can be handled in the less crowded of its plants. There is said to be no company that is less than from six to eight weeks behind in its deliveries.

Speculators Recover from Their Nervousness

STOCK MARKET RECOVERS FROM RECENT FLURRY

Banks Charge High Rates for Money and Scrutinize Collateral.

DANGER POINT PASSED

Prospect of Settlement of Anthracite Dispute an Encouraging Influence. Clearing House Exchanges Pass the Half Billion Mark.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 6.—The stock market made a remarkable showing of recuperative power today. Yesterday's nervous disturbance growing out of the collapse of the Webb-Meyer group of stocks was entirely lacking from the outset today. That development, in fact, seemed to be accepted as highly beneficial. Immense relief was professed over the weeding out which had been accomplished of an inflated group of securities whose precarious condition must have remained a menace to the market as long as it existed. The collapse of an inflation is always a hazardous operation, owing to the danger of the sentimental effect, however strictly localized. The effect is inevitably to shake the fabric of credit and endanger sound properties as well as the products of manipulation.

The firmness with which the market took yesterday's shock was a surprise to the most confident observers. The effect was manifest in the opening dealings, when large buying orders appeared, well distributed throughout the list.

After yesterday's test, confidence has not been so general in the soundness of the market position for many weeks as it was today. The money rate continued stiff at 10 per cent, at which rate large sums were loaned by the banks and the rate receded only after most of the demand was satisfied. The maintenance of the money rate, however, was believed to be a symptom of the pressure exercised by the banks against extending credits for undesirable speculative purposes. The belief is general that the recent liquidation has greatly strengthened the position of the banks and has added much to the soundness of the whole fabric of credit. Today's clearing house exchanges were reported as $500,430,354. Only on four previous occasions, all of them during 1901, have the New York exchanges exceeded half a billion dollars for a single day. No large syndicate transactions are known to have figured in the result, which may be taken, therefore, as a measure of the amount of liquidation accomplished on Friday and Saturday in the stock market. The transfer of $400,000 by telegraph to New Orleans was an incident of the day.

Aside from the natural revulsion of sentiment due to the appreciation that yesterday's anxieties were unduly acute was the general assurance felt in the financial district that means had been found to avoid a strike by the anthracite miners. The coalers were naturally prominent in the vigorous upward movement. The movement in Louisville & Nashville, Chicago, Indianapolis & Louisville and Illinois Central gave color to rumors of the extension of Louisville to Chicago and the establishment of a community of interest among the southern trunk lines. An unusually favorable batch of fourth week railroad earnings reported by southern and southwestern railroads and further rains in southwestern states stimulated the rise.

The answer filed by the Northern Securities Company to the government's brief was favorably regarded in Wall street as an argument from the financial side of the device of securities holding companies and prompted some buying of stocks available for mergers. This was notably the case with the Chicago Great Western stocks. The strength of the market, however, was quite universal and gains of as much as one to three points common throughout the list. In exceptional cases there were gains much in excess of this. The market closed active and strong at about the top.

The bond market shared the tendency towards recovery of stocks. Total sales, par value, $3,305,000. United States bonds were all unchanged on the last call.

NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, May 6.—Settlements in the ore and bullion market at Salt Lake for April amounted to $1,340,000. In addition the Highland Boy and Bingham Consolidated sent copper, gold and silver bullion valued at $350,000 to eastern refineries. Dividends aggregating $315,000 were paid by Utah mines during the month.

The pump and machinery for the Granview company's placer mines on Grand river are being put in place four miles above the Moab Ferry, Utah.

The tunnel on the Inter-State property at Gold Basin, Utah, has cut the first vein at a distance of about 70 feet from the surface. It is about 12 feet in width and shows an exceptionally fine grade of ore. The tunnel is now in over 100 feet and is being driven with double shifts.

During April the Consolidated Mercur of Utah treated 29,400 tons of ore. A new and rich strike is reported in the Quincy at Park City.

At a depth of 50 feet in the Old Diggings district, Shasta county, Cal., a 12-foot ledge of gold-copper ore has been uncovered. Some of the rock assays 28 per cent copper. Rock from a new claim near Bagdad, San Bernardino county, shows from 40 to 70 per cent copper.

Cinnibar is said to have been found at Steamboat Springs, Washoe county, but recent efforts to boom the gold resources of that section on a false basis put every report coming from there under suspicion.

Another strike is reported in the Gold hill district, Nevada county, at Cripple Creek. The vein is three feet wide and averages $80 gold.

A dispatch from Kingman, Ariz., says an English company has bought the Bacca grant for $40,000, and has let leases for the exploitation of the country near Mount Hope for oil and mineral.

Central City (Col.) reports that an independent sampling works will be erected at Black Hawk. Correspondent partly confirms, supplies capital for the plant, which will be of 100 tons daily capacity.

Stoping has begun on a 10-inch streak in the Silver Horn mine, Cove creek, near Idaho Springs, Col., which runs about $80 to the ton. In addition to this smelting seam a good body of milling ore is being mined.

A correspondent partly confirms, supplies capital that the Aberdeen Company will be making concentrates this week. Fifty men are now on the pay roll and work is being pushed as rapidly as possible.

The vein on the Gaity Boy at Silverton, Col., has been cross-cut at a depth of 500 feet. Average samples show $35 to the ton in gold and silver.

The Metal Market.

The metal markets at home and abroad were generally in good condition today. At London the quoted prices for tin were advanced 10 shillings, with spot at £131 and futures at £127 15s. The local market was firmer, but business in spot lots was moderate at $28 35 to $28 60. Sales were in 50 tons May at $28 35 and five tons June at $28 15@, copper was firmer here and 10 shillings higher in London, closing there at £33 8s 9d for spot and futures. At New York lake closed at $12 90@12 95; electrolytic, $11 65@11 75, casting, $11 62½@11 75, and standard for spot to August delivery at $11 12½@11 45. Lead was steady and unchanged at 4¼c here and unchanged at £13 at London. Spelter was steady and unchanged here at $4 40, but at London the price declined 2s 6d to £18 5s. The local iron market ruled steady and unchanged. Quotations: Southern No. 1 foundry northern, $19 00@20 00; No. 2 foundry northern, $18 00@19 00; No. 1 foundry southern, $17 50@18 00; No. 2 foundry southern, $17 50@18 00. English markets were lower. Glasgow closed at 53s and Middlesboro at 48s.

Another Theater Site Reported Purchased

FRANK M'CANN PAYS $125,000 FOR HASLAGE BLOCK

It Is at No. 18 Masters Way and Adjoins His Other Holdings.

EAST END SALE OF $65,000

Building Situation Is Somewhat Relieved—Twenty Houses for Morningside Road—Welsh Church Buys a Site in the Fourteenth Ward.

Frank McCann has purchased the William Haslage property at No. 18 Masters way for $125,000. The deal is understood to have been negotiated by the Real Estate Trust Company. The Haslage lot has a frontage of 30 feet and a depth of 150 feet. It adjoins the holdings of Irwin Ridpath in the rear. The four-story brick building on the lot is occupied by William Haslage & Son, grocers. This purchase gives Mr. McCann a total frontage of 90 feet in Masters way, most of which has a depth of 150 feet. The purchase has revived the rumor that Mr. McCann is buying for B. F. Keith, the theatrical manager, and it is thought by many that the proposed theater will be erected in this thoroughfare. Two properties lie between Mr. McCann's holdings and Fifth avenue, a lot belonging to the Holmes heirs and the George W. Guthrie lot, 20x40 feet, at the corner of Fifth avenue. These two properties would give a fine entrance from Fifth avenue, besides two side entrances in Masters way and Diamond alley. The buildings on the properties, with the exception of the Haslage block, are not valuable.

Wants More and Better Room.

The Valley Trust Company has bought from Leopold Vilsack the Sheridan hotel property at the northwest corner of Penn avenue and Sheridan street, East End, for $65,000. Mr. Vilsack purchased the property last December from Timothy Barrett for $54,000 through the agency of James Lawler, who negotiated the last sale. The lot measures 20x145 feet, and is improved with a three-story brick and stone building. This is one of the oldest hotel sites in the city, and is now occupied by Joseph P. Cowan. At a meeting of the Valley Trust Company last week it was voted to buy the property and either erect a fine office building or make extensive alterations preparatory to occupying the property as offices for the company. The company's lease on its present location at No. 6010 Penn avenue, which is owned by J. R. Paul, expects this year. The directors also voted to increase the capital stock of the company from $125,000 to $250,000, and the new stock is already subscribed. The company is doing a large real estate, trust company and insurance business, and it is not unlikely that a new building will be decided upon.

In spite of the uncertainty that has prevailed in the building situation, architects have awarded a number of good contracts during the past few days and are daily closing bids on work that has been in a preliminary stage for months. The George A. Fuller Company has given to the Evans Marble Company the contract for the interior marble work upon the Farmers' Deposit National bank building. Architect William Kauffman has let to the Lindsay Construction Company the contract for building the Westmoreland county court house at Greensburg. Rose & Fisher have been commissioned to build for the Pittsburgh Steel Foundry Company a four-story brick building, 71x100 feet, at a cost of $30,000. Architects Alden & Harlow have awarded to C. A. Graham the contract for the brick and stone residence for John W. Beatty in Richland road, to cost $15,000, and John Trimble & Son have let the contract for the Vilsack office building in Wilkinsburg which will cost about $150,000. A large number of plans which have been revised to meet the new conditions, are nearly ready for bids and architects expect to very soon announce considerable work of importance.

Something Is "On" in Morningside.

That something is doing out the Morningside road is evident from the way real estate men the picking up and improving property. J. Brooks, the Brushton builder, is having plans prepared by Architect J. E. Obitz for 20 houses in the Morningside district. They will be six-room frame dwellings and will cost $2,500 each. Recent surveys have started the rumor again that a street car line is to be built there this summer. If such an improvement were made no section of the East End would develop more rapidly, it is believed, than this one.

Architect Obitz is also taking bids on two apartment houses for J. William Barnes, in Homestead, to cost $24,000, and for a $7,000 brick residence to be built for J. L. Krebs in Idlewild street, Belmar place.

The Monongahela Consolidated Traction Company will build a brick and stone station in Second avenue. The estimated cost is put at $8,000 and the work will be done by L. Benz & Bros.

Sharon is to get a new Pennsylvania station to cost $10,000. Plans for the same are now being prepared under the direction of Chief Engineer Thomas Rodd.

New Church for Etna.

Architect F. C. Sauer is preparing plans for the Roman Catholic church building to be erected at the corner of Butler and High streets, Etna, at a cost of $20,000.

Architect Charles W. Bier is preparing plans for a big pickle plant at Norwalk, O. The two buildings will be 150x170 feet, and 35x180 feet and will belong to the Continental Pickle & Canning Company.

The Welsh Calvanistic Methodist church of Pittsburgh has bought from E. E. McGillick, the contractor, through Barr Bros. & Co., three lots in the McDevitt plan, at the corner of Hamlet street, Fourteenth ward, for $7,600. The lots have a frontage of 110 feet and extend back 125 feet, with a width in the rear of 67 feet. They will be used as a site for the new church building for which plans are now prepared.

Charles Schlegel has sold to Ernest A. Frey a lot, 45x150 feet, on the west side of Graham street, near Harriett street, Twentieth ward, for $12,560. The lot is improved with a 10-room brick house.

Greeley street: Stanislaus Nimiecki sold to Lorenzo Wittkowsky an improved lot, 19.5x62 feet, on the east side of Greeley street, Twenty-seventh ward, for $2,000.

Mulford avenue: W. R. Wallis sold to Joseph H. McGrath a lot, 26x150 feet, on the south side of Mulford avenue, near Brushton avenue, Thirty-seventh ward, for $3,000.

Baxter street: Johanna Linhart sold to George Limegrover a lot, 25x100 feet, on the south side of Baxter street, near Brushton avenue, Thirty-seventh ward, for $800.

Susquehanna street: Benjamin F. Abel sold to Annie M. Longmore an improved lot, 25x100 feet, on the south side of Susquehanna street, Twenty-first ward, for $2,400.

Mignonette street: James Forsythe sold to Zoe N. Solf a lot, 23x100 feet, in Mignonette street, Twentieth ward, for $2,700.

Transfers for Home Purposes.

Cologne street: Joseph P. Bowden sold to Frank Carey a lot, 40x90 feet, in Cologne street, Twenty-seventh ward, for $500.

Gross street: Peter Yansen sold to Catherine Gallisath an improved lot, 22x110 feet, on the south side of Gross street, Twentieth ward, for $3,800.

Ridge avenue: Elizabeth W. Schafer sold to Patrick B. Feeney an improved lot, 20x100 feet, at the southeast corner of Ridge avenue and Middle street, for $700.

John V. Grajanskas bought from Jane Campbell an improved lot, 23x120 feet, on the south side of Sarah street, near South Twenty-first street, Twenty-sixth ward, for $2,850. Also from Julia McNulty an improved lot, 23x120 feet, in the same street, for $450.

Henry Marland sold to Charles Ulrich an improved lot, 15.5x70 feet, in Belonda street, near Kearsarge street, Thirty-second ward, for $1,800.

Hattie Grant sold to John F. Sweeney a lot, 20x111 feet, on the east side of Kirkpatrick street, Thirteenth ward, for $800.

Permits to build in Pittsburgh were issued yesterday to Dr. J. J. Mullen, for a three-story brick dwelling in Shetland Lodley avenue, near Penn, to cost $10,000; to L. Edeistein, for brick extension in the rear of 1324 Colwell street, to cost $8,000; to Mrs. Anna Entress, for a two-story brick dwelling in Bedford avenue, near Morgan street, to cost $6,000; to J. C. Mackrell, for a two-story brick veneer dwelling in Whitman street, near Fair Oaks, to cost $4,500; to the Eclipse Laundry Company, for a three-story brick stable at Locust and Marion streets, to cost $3,000; to George W. Dunn, for a two-story brick veneer dwelling in McPherson street, near Linden, to cost $6,000.

S. Skirboll yesterday purchased from D. R. Jones the latter's dwelling and 100x80-foot lot in Ninth avenue, Homestead, for $9,000. The house contains 10 rooms and will be used as a residence by the new owner.

Local Stock Market Quite Active, but Prices Were Irregular

SHARP SHIFTS IN PRICES OF FIRE PROOFING

Conflicting Opinions Regarding Directors' Probable Action, the Cause.

WESTINGHOUSE STOCKS UP

U. S. Steel Common Was Firmer and More Active—Crucible Steel Common Advanced—Commercial National Made a New High Record.

The market on the Pittsburgh stock exchange yesterday was quite active, but the movements in prices were decidedly irregular and some sensational shifts occurred. This was especially true in the case of National Fire Proofing common, which sold nearly 4,100 shares. The stock opened at 35 and on large and pressing demand rapidly advanced to 35¾, which was the top point of the day. It then began to come out freely and broke to 35¼ on a block of 1,000 shares offering at that. The next decline carried the price down to 34¼ and on a further push it went to 35⅜. That was the bottom, and the buying, which seemed good, soon sent the price up to 34⅞. The close came at 34⅝, a loss of ¼ only for the day. The preferred sold 950 shares at 41@40½, the latter being a gain of ½. Conflicting opinions regarding the probable action of the directors at tomorrow's meeting to declare the quarterly dividend on the common stock seemed to be the reason for the irregularity in the price. A director, as stated in this department yesterday morning, has stated positively that it had been decided to put the stock on a 7 per cent dividend basis at the meeting and that 1¾ per cent would be declared instead of 1¼ as heretofore. Gossip states, however, that the board is not of one mind concerning the action to be taken, some wishing a cash dividend of $7 a share and allowing the quarterly rate to remain at 1¾ per cent. Another report is that the difference has been settled by an agreement to put the stock on the 7 per cent basis and declare a cash dividend later, when all the new stock is out. It is doubtful if the street will get the correct solution of the problem until the directors make their announcement Thursday. In either case the bulls fail to see why the stock should have been sold down. They argue that as a 7 per cent stock it should easily be above 40, and if a $7 cash dividend is paid it would put the price almost to 42, anyhow, at yesterday's closing sale.

In the remaining sales the Electrics were decidedly interesting. The seconds opened at 105 and went steadily and firmly to 109½, an advance of 4¼ for the day, closing strong at 109¼ bid, 109½ asked. The firsts had but one sale, 500 shares changing hands at 111, an advance of $3. Westinghouse Airbrake was also strong, advancing from 183 at the opening to 185 at the close, a gain of $2, after which 183½ was bid for more. Switch and Signal common went up $1 to 93 and was firm at that price bid for more. United States Steel was quite active, advancing ⅝ to 41⅜, on sales of over 1,000 shares. The preferred did not sell, closing at 92@92¼. Crucible Steel common was fairly active and closed with a gain of ¼ at 22½. The preferred was dull and easy at 86½, a loss of ⅛. Window Glass common was intensely dull, having but one sale, 100 shares at 61¾, near the close. Luster Mining was firm and in demand at 15, and Commercial National bank made a new high record at 215, a gain of $5. The other issues were dull. Bonds were firm and fairly active. The market closed considerably firmer.

Financial Drift.

United Realty Trust Co. offered at 128.

Marlin bid 106 for 500 Westinghouse Electric Seconds.

Connellsville Suburban Street Railway 5s offered at 99.

Twenty-five Peoples Trust of the South Side offered at 110.

Lawrence & Co. bid 125 for 100 shares Colonial Steel Foundry.

The following board of directors was re-elected by the Manufacturers bank of the South Side: John C. Stevenson, Edward Hogan, D. O. Cunningham, George F. Easton, P. M. Pfeil, A. H. Helsey and D. Z. Brickell. Mr. Stevenson was re-elected president.

North American Savings Company offered at 80 for the 5s, 85 for the 6s.

The first sale of the day was 100 Fire Proofing common at 35.

Thirty Federal National bank offered at 137; 135 was bid for 10.

Philadelphia Company new 5s quoted at 105½ bid, offered at 106¾.

In the early trading Robinson Bros. bid 41¼ for 500 United States Steel.

United States Fire Proofing 6s offered at 101¼ by Hall; 101 was bid.

Before 2 p. m. McMullin had sold over 1,000 National Fire Proofing common.

McKee sold offered 5,000 consolidated Bonanza Gold Mining at $2.60 near the close.

The last sale recorded was 50 Westinghouse Electric firsts at 111, and advance of $3.

There was not a sale of Pittsburgh Coal common all day, and only 10 preferred found a buyer.

Window Glass common passed the day until near the close without a sale, then 100 shares brought 61⅞.

C. W. Eberhardt made his maiden trade yesterday morning, buying 100 National Fire Proofing at 35¼.

Near the close $1.50 was bid for 2,000 Trade Dollar Mining and McFarlane offered 5,000 at $2. Then Marlin bid $1.50 for 5,000.

The Central National bank of New York has been made reserve agent for the Cosmopolitan National bank of Pittsburgh.

The comptroller of the currency called upon the national banks for a statement of their condition at the close of business April 30.

John D. Bailey will offer at auction Tuesday, May 20, at 2:30 p. m., a valuable list of securities, details of which appear in another column.

The largest single trade of the day was made near the opening, Robinson Bros. selling 330 United States Steel common at 41¼ to Schoyer.

TAXPAYERS WANT SETTLEMENT OF TURNPIKE CASE

Citizens of McKees Rocks and Esplen Are Tired of Delay.

VERDICT DIFFICULT NOW

Claim It Is Made That Long-Drawn-Out Controversy Over Chartiers and Robinson Township Road Has Lost Thousands of Dollars to the People

Application was made yesterday for a new trial in the matter of the condemnation of the Chartiers and Robinson township turnpike. The road company asked $65,000 for the road. The viewers awarded $50,000 and a jury cut this down to $40,000. Attorney Clarence Burleigh claimed the verdict was not for full compensation for the property, and against the weight of evidence and the undisputed facts in the case.

The people of Esplen borough, McKees Rocks borough, Stowe township, Chartiers township, Neville township and other townships are complaining of the great delay on the part of the county officials in bringing the condemnation proceedings to a close. They say that years have been wasted and that thousands of dollars have been lost to the taxpayers while the county is attempting to save a few thousand dollars in cost.

They have been paying toll since the proceedings began in 1898, while the county did practically nothing to bring the case to trial. The turnpike company has saved thousands of dollars in repairs, as the road is in a very much worse condition now than in 1898 and 1899, and it was a foregone conclusion, their attorneys say, that the turnpike company would not accept the verdict, but would keep the case in the courts as long as possible. Hundreds of taxpayers say they cannot see how any verdict would be a victory for the county. Petitions have been filed to have the case brought up.

Jeweler Sued for Divorce.

Mary E. Johnston, wife of William J. Johnston of the William J. Johnston Company, manufacturing jewelers, yesterday filed a bill of particulars in her suit for divorce. The libelant alleges abuse and cruelty, and enumerates many alleged instances when she was abused by her husband. The husband denies the allegations, states that he has always been kind and affectionate, and, in turn, accuses his wife of being quarrelsome and extravagant. Attorney T. M. Marshall, Jr., represents Mrs. Johnston and Stone & Stone the respondent.

LEGAL BRIEFS.

Louise Callen entered suit against Clara Dunkle for $5,000 for alleged slander.

In common pleas court No. 1, James Morris was appointed mine inspector for the Seventh bituminous district.

Isaac Sheffler sued G. Alucan for $10,000. He claims the defendant forged his name to an insurance policy.

An execution attachment was issued by the H. C. Frick Coke Company against the New York Car Wheel Company.

Mary Bulling took out letters of administration on the estate of Henry Bulling. Attorneys Miller & Reamer represent the estate.

The report of the commissioner in the divorce case of Annie M. Welch against Frank W. Welch was filed. They were married April 24, 1892. Desertion is alleged.

The trial of Rebecca Cody of Pittsburgh was filed. Cody, a brother, is given $5 and the rest of a personal estate worth $500 goes to the Sycamore Street Methodist Episcopal church.

John Nathaniel took out letters of administration on the $1,000 estate of David J. Nathaniel. Similar letters were issued to William Ramsey on the $4,500 estate of James L. Ramsey.

A bill in equity was filed by John Furman and J. C. Paules against J. A. Doyle, associated as the Paules Drug Company, at Homestead, to restrain Doyle from selling his interests without the consent of the plaintiffs.

John Devlin was awarded $1,500 in his suit against the Pittsburgh & Lake Erie Railroad Company. He was shot by Paul J. King, a railroad watchman, Devlin claimed, without provocation. King claimed the plaintiff was a trespasser.

Executions were issued as follows: W. G. Schmidt, vs. Archibald D. Falconer et al., $1,434 89; Edward C. Rememan, extr., vs. Joseph Abel, $1,094 54; Greenfield Building and Loan association vs. Hugh Herron, $406 71; Same vs. Margaret McMurray, $203 95.

The case of Miles Bryan of McKees Rocks against the First National bank of that place is on trial. Bryan claims he deposited two checks for $2,500. He was given credit for the checks, he alleges, but the sum was deducted later upon the ground that the maker of the checks did not have funds enough upon deposit to meet them.

MORE HUMANITY THAN BARBARISM

BEVERIDGE CHARGES DEMOCRATS WITH UNFAIRNESS.

While Dwelling on Sporadic Cases of Cruelty They Have Said Nothing About Almost Uniform Kindness Shown by Soldiers to Filipinos.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., May 6.—For almost four hours today a fiery discussion of the Philippine situation raged in the senate. It was started by Mr. Beveridge of Indiana, who made some sharp strictures on the members of the opposition because, as he said, they persisted in telling in their speeches only one side of the story.

While he admitted that some outrages had been committed by American soldiers in the Philippines, it was true, too, that unparalleled kindness had been shown by the American troops to Filipino prisoners and Filipino wounded. Food and medicine, he said, had been shared with them, and they had been succored on the battlefield and cared for tenderly in the hospital. While saying the omission by the Democrats to tell this side of the story was unintentional, he suggested that it was unfair to arraign the American soldier and not tell both sides.

Mr. Carmack and Mr. Rawlins warmly resented any imputation of unfairness. Mr. Rawlins declared that no partisan motives had actuated the opponents of the present Philippine policy, but that they were moved only by patriotism and love of country.

Mr. Turner of Washington delivered a sharp criticism of the methods practiced by the military authorities in the Philippines, dwelling particularly upon the alleged order of Gen. Smith, when he denounced as a monster in human form. He urged the Philippine committee to turn all the light possible on the Philippine question.

Mr. Hoar briefly defended the action of the Philippine committee, saying that already it had furnished much valuable information. He urged that the committee, in all justice, should call some prominent Filipinos to testify in their own behalf.

Gen. Chaffee has cabled the war department that he has rescinded the order for the establishment of reconcentration camps in Laguna and Batangas provinces, the only provinces in the Philippines where the system had been practiced.

When the Philippine committee met today Senator Lodge presented a cable from Gen. Chaffee giving the charges and specifications of Maj. Gardener relative to Tayabas province. These consisted of allegations that troops had burned buildings, ill-treatment of natives by Lieut. George DeG. Catlin and assault upon five women by soldiers. Senator Lodge stated to the committee that Catlin had been under treatment for deranged mind.

BUTLER ACQUITTED.

A Seventh Ward Man Found Not Guilty of Illegal Voting and Perjury.

Robert Butler was acquitted of charges of illegal voting and perjury. He was accused of voting in the Seventh ward, when he knew he had no right to do so; also that he swore he was under 22 years of age, and that he lived at No. 44 State alley. Witnesses were called by whom he proved that his age was under 22, and that he lived at No. 44 State alley. Charles Davis, who was accused of swearing to Butler's age and his place of residence, was also acquitted. Both were prosecuted by Bery Diamond of No. 804 Wylie avenue.

Frank Layton, found guilty of entering the store of Neal McGilligan of McKeesport, was sentenced to the penitentiary for two years and six months. He was arrested as he was leaving the building by a rear window.

The jury in the embezzlement case against Christian W. Rickley failed to agree and were discharged. Rickley was accused of appropriating over $2,000 of the funds of Dunlevy & Bros. by whom he was employed as a collector. He admitted taking the money, but contended that he did not commit the crime with criminal intention. He alleged that the purpose of the prosecution was to prevent him from going into a similar business. He also said that he put up $1,000 with a trust company to make good the shortage.

Stanislua Kasparci was found guilty of making and passing certain checks on the First National Bank of Birmingham, and was sentenced to the workhouse for six months. He was prosecuted by Twzap Karsprant.

Others cases were disposed of as follows: John Thomas, felonious assault and battery, preferred by Edward Robinson, one year to the workhouse; Frank J. Sramck, entering the building of Dr. Joseph D. Dickson, 638 Penn avenue, for the purpose of committing a felony, three months to the workhouse.

STRIKE IS ENDED.

The Freight Handlers at Pitcairn Have Returned to Work.

At the office of the transfer station of the Pennsylvania railroad at Pitcairn it was stated last evening that the strike of the freight handlers, initiated Thursday last, had been broken by the majority of the strikers returning to work.

The object of the strike, according to the men interested, was to force the payment of wages at the scale of 17½ cents an hour instead of by the ton, as had been the custom. This demand was refused. The transfer of freight both east and westbound has been hindered somewhat by the strike. As far as possible eastbound freight has been transferred at Altoona and Mantua, near Philadelphia, instead of Pitcairn, and Columbus has been used for the westbound business.

Big Railroad Shop Contract Awarded

STEEL WORK ALONE WILL COST $150,000

McClintic-Marshall Company Will Furnish Structural Material for Lake Erie Erecting Shop.

The McClintic-Marshall Construction Company has been awarded the contract for the structural steel work which will be needed in the large new machine and erecting shops of the Pittsburgh & Lake Erie railroad at McKees Rocks. The value of the contract approximates $150,000. It is one of the last large pieces of work to be let in the general yard enlargement scheme of the railroad at that location.

The size of this building will be 170x900 feet. In perfection of interior arrangement with reference to fast and easy work the shop will be without a peer of its kind. The plans were made under the personal supervision of Chief Engineer J. A. Atwood and Superintendent of Motive Power L. H. Turner of the Lake Erie, and were finally approved only after all details had been made perfect.

One of the features of this shop will be traveling cranes of 120-tons capacity. These are designed to make it possible to pick up an entire locomotive of the largest type and lift it bodily over any other locomotive or obstruction that may be in the way to whatever place in the shop may be desired. In this shop 90 skilled men will be employed.

Rapid work is being made on the other shop buildings of the road for which contracts have been let. The end of the summer will see a large portion of this work completed, and it is hoped to have the whole scheme of shops in working order before a year elapses. Fully 450 men will be employed at this point.

Prepaid Orders Likely to Return.

The use of prepaid orders by lines belonging to the Transcontinental Passenger association is likely to be resumed in the territory from Pittsburgh east. It is scarcely believed that these lines will soon consent again to withdraw these orders if once they come back into use. The immediate cause of this movement is the dissatisfaction of the western lines with the failure of the trunk lines to make proper use of the colonist rates. These fares apply to California and northwest points and have been tendered the trunk lines for basing purposes. The trunk lines, despite the urgings of the transcontinental association, has peremptorily laid on the table the explanation of the matter. This action is taken because the transcontinental lines refuse to accept the basis of divisions upon which the trunk lines insist. There is a long story of friction between the two associations over the handling of transcontinental business in trunk line territory.

Will Talk on "Safety Appliances."

An interesting meeting of the Railway Club of Pittsburgh is scheduled for Friday afternoon, May 23, when the subject of "Safety Appliances" will be taken up. This topic was chosen at the request of Secretary E. A. Mosely of the Interstate commerce commission. Under the supervision of this commission the work of installing the prescribed airbrakes and safety couplers is going forward and the period for the adoption of these guards on all equipment has nearly elapsed. The results from their use, now that they have become general, are looked to for sufficient vindication of the policy of forcing their adoption.

E. A. FORD,
General Passenger Agent of the Pennsylvania Lines West of Pittsburgh.

Panhandle Plans Better Service.

The southwest system of the Pennsylvania lines has plans for extensive improvement in its passenger service with the spring change of time this month. These include the restoration of a number of local trains between Pittsburgh and Carnegie which were abandoned temporarily on account of the improvement work on the South Side; the introduction of two new trains between Pittsburgh and Wheeling on Sunday; the extension of the run of the Steubenville accommodation to Dennison on Sunday and several improvements in running schedules on the Chartiers branch. While many changes will be made in the local service on the Panhandle, with the change of time, no changes of importance will be made in the time of through trains.

Harry Huntington Goes With Erie.

Harry Huntington, who has been connected with the city office of the Baltimore & Ohio in this city as passenger agent for several years, has resigned his position and will leave about the middle of the month for Cleveland to enter the service of the Erie railroad. His new position is that of chief clerk in the office of the general agent of the Erie at Cleveland. Mr. Huntington has many friends in Pittsburgh who will regret his leaving this city.

RAILROAD NOTES.

F. M. Whyte, mechanical engineer of the New York Central, spent yesterday in this city inspecting the local shops of the Pittsburgh & Lake Erie.

D. F. Crawford, superintendent of motive power of the northwest system of the Pennsylvania lines, at Ft. Wayne, was in the city yesterday on business.

The Pittsburgh & Lake Erie is constructing a large icehouse near the terminal building at a cost of $3,000, designed for the stocking of passenger cars. It will be ready for use this season.

The annual meeting of the Chartiers Railroad Company was held yesterday at Philadelphia. This line, although operated by the Panhandle, is a part of the Pennsylvania railroad. It is the branch line running from Carnegie to Washington, Pa.

May Muslinwear Movement

QUALITY and QUANTITY from which to choose are two good reasons for laying in a year's supply of Muslinwear now—another reason is the LOW PRICES we are now able to quote. Placing immense orders months in advance of the regular season, we enabled the makers to maintain operations right through the dull period, and thus secured price concessions otherwise unobtainable.

And not a single garment in the entire collection that comes from any but the most cleanly, wholesome, sanitary surroundings. The leading American and European makers of Underwear are represented here by their latest and choicest products, but the exquisite hand-made Lingerie of the French Nuns will attract particular dressers the most.

☞Special attention given to Wedding Trousseau, Made-to-Order Garments, Match Sets, etc.

R·I·P·A·N·S

I was troubled with indigestion and dyspepsia as long as I can remember. I had no appetite and the little I ate distressed me terribly. All day long I would feel sleepy and had no ambition to do anything. Since taking Ripans Tabules I feel decidedly better. In the morning I am fresh and sound and my appetite has improved wonderfully.
